

SCOTTISH
FIRE AND RESCUE SERVICE
Working together for a safer Scotland

Eildon Locality Committee Report 9th November 2017 Scottish Fire and Rescue Service Report.

Purpose of the Report

The purpose of this report is to inform the Eildon Locality Committee regarding Scottish Fire and Rescue Service activity since the last meeting on 14th September 2017.

Within the Local Fire and Rescue Plan 2014-2017 for the Scottish Borders five priorities are identified;

1. Reduction of Dwelling Fires
2. Reduction of Fire Casualties and Fatalities
3. Reduction of Deliberate Fire Setting(Not including Dwellings)
4. Reduction of Unwanted Fire Alarm Signals
5. Reduction in Road Traffic Collisions.

Response & Resilience activity in the Eildon Area

**Statistics are unavailable at this time due the reporting timeframe and proximity to previous report.*

Partnership Working

The Scottish Fire and Rescue Service (SFRS) community action team (CAT) within the Scottish Borders core work centres on creating referral pathways with partner agencies, the on-going delivery of the SFRS Home Fire Safety Visit (HFSV) policy and Enhanced HFSV for those deemed most at risk. The team continues to expand its partnership working with the key agencies including Police Scotland, Health, Social Care and Housing in order to focus on members of local communities at high risk from fire and achieve positive outcomes in helping to reduce overall numbers of accidental dwelling fires.

SFRS Command Officers continue to attend the Safety Advisory Group meetings to ensure SFRS assist in the production of appropriate Operational Plans for events within the Scottish Borders.

Prevention and Protection

Fire prevention and protection activity is key to reducing the number of fires, casualties and losses in Scotland thus minimising the economic and social impact of fire on communities. The seasonal community safety calendar provides the catalyst for a number of initiatives and schemes throughout the calendar year.

Activity that is ongoing now within the Eildon area;

- SFRS staff in all our local stations provide home fire safety visits all year round. These provide the householder with a home visit, focussing on identifying and

NOT PROTECTIVELY MARKED

reducing the risks of fire in the home. Smoke detectors with a 10-year battery life are provided as part of this free service.

- Galashiels Community Fire Station hosted an Emergency Services Open Day on October the 15th, which was also attended by partners from Police Scotland, Scottish Ambulance Service, Tweed Valley Mountain Rescue, Borders Search and Rescue, Fire Investigation Unit, Fire Museum, Heritage Appliances from across Scotland, and both the Firefighters Charity & SFRS Family Support Trust. The event was a great success, seeing approx. 700 members of the community attend during the 4hr event. The intention was to increase the profile of Galashiels Community Fire Station within the community, and encourage RDS recruitment.
- SFRS staff from Galashiels & Community Action Team are supporting the Under 17s Borders Drivewise Project. This is now complete, with approximately 700 students having received this valuable input from across all nine Borders Secondary Schools. Work is ongoing with partners to progress this initiative for delivery in 2018.
- Galashiels staff are delivering road safety awareness training to students from Borders College. This year on year initiative, during the academic year targets young drivers and prospective drivers from across the entire Scottish Borders.
- SFRS working in partnership with TD1 Youth Hub, Galashiels, Community Learning and Development SBC, Police Scotland, and Galashiels Academy are currently progressing the delivery of our local Youth Engagement Programme for 2018.
- All SFRS stations are participating in the British Heart Foundation initiative- Call Push Rescue. Stations are facilitating free CPR awareness, to the public on a requests basis, year round to build resilience in the community and to drive down the numbers of people who die from cardiac arrest.
- Firesharp is an initiative for Primary 6 pupils, providing face-to-face education within our local Primary schools on matters of fire risk and prevention.
- Fire safety audits provide a targeted examination of a business premises and their relevant documents to ascertain how the premises are being managed regarding fire safety. The enforcement officer also engages with members of staff to confirm their level of fire safety awareness.
- Unwanted fire signals are being addressed by our phased intervention actions which identifies premises which are producing 'false alarms', provides guidance on how to reduce a reoccurrence, and can also evoke legislation if occurrences fail to reduce in number.
- SFRS Safeguarding Policy and Procedure for Protection of Children and Adults at Risk of Harm was implemented to link into adult and child protection. The policy has created closer ties with Social Services within Scottish Borders and ensures those people and families that fire crews identify as at risk are brought to the attention of Social Services. This has resulted in joint visits to homes to reduce risk to those occupiers.

Operational Staff are currently undertaking activities which contribute to the main areas of our seasonal thematic action plan for Bonfire/Autumn 2017, below;

- Bonfire and firework safety messages
- Preventing Deliberate fire setting and tackling antisocial behaviour
- Discouraging Outdoor fires, in particular rubbish and refuse fires

NOT PROTECTIVELY MARKED

We will work closely with our partners in the Scottish Borders Council Safer Communities Team as well as local partnerships to promote preventative work as well as inter agency solutions.

The LALO is in post within Council HQ in order to continue improving partnership working, with particular focus on the elderly and more vulnerable members of society. The primary aims of this partnership activity are to help ensure the safety and welfare of vulnerable persons throughout the community, and to seek to reduce the overall numbers of accidental dwelling fires, fire casualties and fire fatalities in homes.

Retained Duty system

A national recruitment campaign is on-going for RDS firefighters at identified stations within the Scottish Borders. We are currently recruiting RDS firefighters at Galashiels Community Fire Station.

Draft Community Fire and Rescue Plan 2018

Our Draft Community Fire and Rescue Plan for 2018 is now available for consultation until 18th December 2017.

This can be accessed online at ***firescotland.citizenspace.com***

Transformation Consultation

SFRS is embarking on a consultative process with staff and key stakeholders to progress the development of a Fire and Rescue Service which will allow us to meet today's risks and do so much more for Scotland.

Local Fire and Rescue Plan

The Local Fire and Rescue Plan for Scottish Borders 2014- 2017 sets out the priorities for the Scottish Fire and Rescue Service.

The Local Fire and Rescue Plan for Scottish Borders 2014- 2017 sets out the priorities for the Scottish Fire and Rescue Service, and we will continue to work with our community planning partners and local communities to make the most efficient use of resources and contribute towards the shared priorities and actions within the community planning partnership and community safety arrangements.
