40	39/4.2.5	The initial payments to the Integration Joint Board should be based on analysis of the shadow period in 2014-15 to provide the Local Authority, Health Board and Integration Joint Board with reassurance that the delegated resources are sufficient to deliver the delegated functions. It should also consider the respective financial plans of the Local Authority and Health Board including full transparency on the budget assumptions and planned efficiency savings. These allocations should be tested against the actual performance in the shadow period and adjusted if necessary. Although not included in the payment, the analysis in the shadow period should include the notional budget for hospital services.	This is the planned approach which takes account of both organisations existing financial plans. Assurance over the sufficiency of resources will take place during February and be reported to the IJB in March. Both organisations are experiencing significant pressures presently on functions which will be delegated so on the outcome of the financial planning processes, how these services will be sustained over the medium-term and the assumptions built into plans, will be a particular area where scrutiny and assurance is required.	Assurance over the sufficiency of resources is a key work package, requiring completion and approval prior to 1st April 2016 - 07 March 2016

Section 8.4 of the SOI clearly lays out the detailed method through which payment in subsequent years to the IJB for delegated functions will be made. Reference is also made to the IJB agreeing and delivering the Strategic Plan/Financial Plan but through a process of joint discussion and planning with partners.	None presently	Integrated Financial Planning process to be developed for 17/18 onwards

This hasn't been the case for 2016/17 budget directly. Will require to be the case for 2017/18 however.
