Independent Examiner's Certificate

I have examined the books and vouchers of the Royal Burgh of Selkirk & District Community Council for the year ended 31 March 2015. In my opinion they show a true and fair view of the affairs of the Council as at 31 March 2015, and for the year then ended.

**SELKIRK COMMON GOOD FUND
APPLICATION FOR FINANCIAL ASSISTANCE**

<p><u>Applicant Details</u> Name and Address of Applicant/Organisation: Telephone No: E-mail address:</p>	<p>Alan Oliver LIVE BORDERS Disability Sport Development Officer</p>
<p>Address to which payment should be made:</p>	<p>Live Borders Melrose Road, Galashiels, TD1 2DU</p>
<p><u>Activities</u> Please supply a brief description of the activities of your organisation and the benefits it brings to the local community:</p>	<p>Live Borders is committed to improve lives through physical activity and sport. The objective is to raise awareness and provide as much physical activity participation opportunities in a sports related environment to any individuals with a disability by developing interest and linking them to further clubs and initiatives in the local community.</p> <p>We are devoted to ensuring that children, adults and athletes of all ages and abilities with a physical, sensory and learning disability, have equivalent opportunities to participate in sport and physical activity in a vibrant environment throughout the Scottish Borders.</p> <p>The hardest part of participating and transitioning in disability sport and physical activity is the stigma attached and the perceptions people see of you. However, we constantly strive in breaking down these barriers by educating leisure staff, teachers, parents, coaches and volunteers.</p> <p>In addition, with an aging population we need to be fit for purpose, and having accessible equipment enhances the prospects for regular participation.</p>

<p><u>Assistance Requested</u> Please indicate the sum requested and the purpose for which it will be used:</p>	<p>£4000</p> <p>We are proposing to purchase a new Swimming pool hoist for Selkirk Leisure Centre. The hoist is called Arjo Neptune pool lift and swim chair. This equipment will be used by the community who have a disability or require additional support when transferring from changing area into the pool.</p>
<p>When will the donation be required:</p>	<p>16th September 2016</p>
<p>If this is a one-off project then please give the following details –</p> <p>Date (s):</p> <p>Estimated total cost:</p> <p>Funds already raised by applicant’s own efforts:</p> <p>Funds raised or expected to be raised from other sources (please state sources):</p>	<p>16th September</p> <p>£8,404.00</p> <p>Live Borders are contributing £2400 from their budget; this sum would be considerably more but the capital allocation for this year has been allocated to the Selkirk Swimming Pool refurbishment.</p> <p>ClubSport Ettrick and Lauderdale will be asked to contribute.</p>

NEPTUNE

MANUALLY OPERATED POOL LIFT

...with people in mind

TRANSFER AND LIFTING SYSTEM FOR SITTING PATIENTS

The ArjoHuntleigh Pool Lift gives your patient a safe, comfortable and dignified way of transferring from the poolside into the water. It is also easy and effortless for you, the operator, to use.

The system includes chairs and a comfortable stretcher which attaches easily to the lift. The ArjoHuntleigh Pool Lift suits above ground pools as well as deck level pools.

Page 10

The ArjoHuntleigh Pool Lift chair transports the patient and attaches to the lift. The fold-back armrests give additional security. After the chair is attached to the lift, remove the sub-chassis. The swivelling castors will help you to do this smoothly.

Fold back one armrest. The patient can now ease themselves from the chair with some assistance.

The ArjoHuntleigh Pool Lift mast can be locked in any desired position. This is useful, for example, when you wish your patient to stay on the chair for hydrotherapy exercises.

TRANSFER AND LIFTING SYSTEM FOR RECUMBENT PATIENTS

Page 11

The chair may be used in the changing room, in the shower and for toileting.

Using more than one chair makes the transportation and transfer of several patients to the pool quick and efficient.

The ArjoHuntleigh Pool Lift swim-chair has a permanently attached subchassis which makes it possible for your patient to remain seated on the chair for exercises.

The stretcher is wide and comfortable, and the trolley has swivelling casters which make it easy to operate.

Attach the stretcher to the lift. Detach the trolley. Lower your patient into the water. This is a smooth, safe operation.

Your patient can stay on the stretcher for their exercises, or, with some assistance, ease themselves into the water.

ACCESSORIES FOR THE CHAIR, SWIM-CHAIR AND LIFT

A leg rest for the ArjoHuntleigh Pool Lift chair makes transfers into above ground pools smoother.

The Pool Lift can be secured to the floor either by means of a socket or by a base plate.

The ArjoHuntleigh Pool Lift chair has armrests which fold back. The removable chassis is equipped with brakes on all four casters to make the transfer to and from it safe and simple. All parts are made of plastic or stainless steel.

The ArjoHuntleigh Pool Lift swimchair also has folding armrests. The fixed chassis is made of high quality materials and specially designed for use in water. The large front wheels make it easy to move in the pool and the brakes on the rear casters make all transfers safe.

The ArjoHuntleigh Pool Lift stretcher has a comfortable mattress. Velcro makes it easy to remove for cleaning etc. The ArjoHuntleigh Pool Lift stretcher trolley is made of stainless steel.

The ArjoHuntleigh Pool Lift transporter makes lifting and moving the Pool Lift to a store, or from one installation point to another in the pool area, virtually effortless.

PRODUCT SPECIFICATIONS

Space Requirement

Blue area shows the minimum working area required for the staff to be able to use the mechanical aids in an ergonomic way from one side.

Product Information

Safe working load	160kg (352lbs)
Lifting stroke	1270mm (50")
Lifting stroke above water – min	680mm (26 3/4")
Lifting stroke above water – max	590mm (23 1/2")
Total product height	2340mm (92")

Accessories

- Leg Rest for the Pool Lift Chair
