Nice to be able to buy fresh, delicious Chinese food again locally! Only wish they were open more often! Chicken curry is to die for! Great service! Hopefully see more of you guys in the future! 💎 ?

The service and food quality is excellent. It is great for a small community like tweedbank to have visiting companies such as this which provide good quality food at reasonable prices. It's also great to see local businesses being supported to develop within the local area.

Love the food from the Kowloon kitchen, great to have the Lee's back providing the Borders with high quality Chinese food again.

Wow, amazing food and what wonderful service. It's clear they have such passion for what they do. Was so exited to hear the Lee's we're back no one does it better!

Outstanding food at very reasonable prices. Staff are always friendly and what makes it a cut above the rest is the cleanliness of the site once finished trading for the evening. 5 star without hesitation

Always amazing food every time I go with my family or my friends💎Great wee local business!

Absolutely delicious meals...hands down the best Street Food in the Borders. Well done to the Kowloon team. Amazing tasty cuisine! Xx
