SCOTTISH BORDERS COUNCIL

# ADMINISTRATION POLICY PLAN

2022 - 2027

# INTRODUCTION

Our communities are at the heart of our progressive Scottish Conservative and Independent Administration Policy Plan, with a real focus on empowerment. We recognise that the people who know their communities and individuals are those who live and work in them.

By working with local people and listening to what they tell us, we can empower them to make the right decisions.

The next few years will present enormous challenges for the delivery of public services across our vast rural region. Given our limited resources, we cannot do it all. So we need to return to the fundamentals of local government, and the key to that will be sensible politics and policies.

To deliver the policies that will impact the region, we need to prioritise our key objectives, utilise the resources available to Scottish Borders Council and collaborate closely with our partners and our constituents living in the Scottish Borders.

We intend to create opportunities for everyone in the Scottish Borders, capitalise on the area and promote its uniqueness. We are fortunate to be part of two regional growth deals and we must firmly grasp the immense benefits offered by this once-in-a-lifetime moment.

Our clear aim is to create an innovative, community-driven, resilient region and for people to see the Scottish Borders as a great place to grow up, stay and grow old.

Policy highlights in this document include:

- CCTV provision in our towns
- Sport and culture strategy
- Utilising technology to enhance day to day services
- Neurodiversity education
- Helping carers
- Tackling loneliness
- Working to deliver the Borders Railway extension
- Utilising renewable energy
- Creating new opportunities in the creative industry sector
- Community empowerment

# FULFILLING OUR POTENTIAL

*As an administration, we want the Scottish Borders and the people living and working in it to achieve their full potential. Whether we are utilising our education resources or our natural environment, we want to drive ambition and opportunity in every corner of the Scottish Borders.*

**Neurodiversity:** We will develop an ethos in all our schools that is inclusive, tolerant and open-minded towards individual differences. We will help shape understanding of neurodiversity in our educational spaces and communities. To ensure this happens we will:

- Educate teachers about neurodiversity
- Introduce the concept of neurodiversity to the curriculum from primary school
- Encourage staff who identify as neurodivergent to contribute to operational planning
- Develop peer support in schools
- Involve neurodivergent young adults with skills to engage with young people in schools, be seen as role models, and lead projects in high schools.

**Creating Opportunities:** We will create new opportunities for young people that increase the options for extra-curricular activities. We will build on the investment already made in Inspire Learning. We will work to reduce the attainment gap and increase opportunity by:

- Increasing ways in which different methods can improve the school week through developing more non-classroom-based activity through working with local businesses and the 3rd sector
- Enhancing collaboration between Further and Higher Education, Live Borders, BREST and the Jedburgh Leisure Trust and Youth Borders
- Expanding school holiday activity programmes
- Developing our Young Work Force through work experience, training and the Modern Apprenticeship Programme
- Supporting the development of Esports clubs throughout the Scottish Borders.

**Building Resilience & Relationships:** We will work within our schools to make sure that our education settings continue to develop and support young people both inside and outside traditional educational settings. We will do this through the following:

- Encouraging parents and guardians to become more involved in young people's education
- Creating pathways to build resilience and self-confidence
- Maximising the potential of our young people
- Supporting already established organisations that contribute and work in this area
- Using technology to enhance skills and education across the Scottish Borders through collaboration between schools.

**Creative Industries:** We will target our underdeveloped creative industries. To do this, we will:

- Promote the Scottish Borders attributes as a location for film and TV production
- Encourage the growth of sport and culture events, home grown and international
- Enable our home grown talent by developing courses to help access new skills
- Work with our partners to formulate opportunities to grow the creative sector in the Scottish Borders.

**Culture and Tourism:** We will identify and work collaboratively with partners to develop potential employment and economic benefits in the Scottish Borders. We will do this through the following:

- Promoting the Borders Railway and venues in the Scottish Borders to create links and connections that will encourage visitors from Edinburgh and beyond to visit, stay and enjoy the Scottish Borders
- Working with partners to enhance the 'Scotland Starts Here' app, ensuring that there is an emphasis on activities and opportunities for people visiting the Scottish Borders and linking with local business to ensure they are involved
- Working with regional and national tourist organisations to ensure that the Scottish Borders is promoted more predominately as a location to visit and stay
- Developing a new culture and library strategy for the Scottish Borders to enhance the quality, variety and accessibility of the cultural experience across the region.

**Visitor Accommodation and Services:** We recognise the need to enhance the current provision for people who visit the Scottish Borders. We look to do this through the following:

- Enhancing and developing existing caravan parks and short-stay destinations in the Scottish Borders
- Working to attract hotel chains into the Scottish Borders
- Developing services provided for those on short-stop destinations, i.e. mountain biking and 'Aires' (serviced motorhome stops).

**Housing:** As an administration, we recognise that to grow the Scottish Borders, we need to build homes that support the needs and aspirations of people in the area. To do this, we must:

- Continue to support Registered Social Landlords (RSLs) and developers to ensure we get more accessible and affordable housing for residents in the Scottish Borders
- Deliver on the priorities in the Strategic Housing Investment Plan (SHIP)
- Develop plans for additional traveller people sites in the Scottish Borders.

**Borders Railway Extension:** The administration is fully committed to extending the Borders Railway through Hawick and onto Carlisle. To ensure continued momentum on the project, we will:

- Create a working group to drive the project and feasibility study. The group will involve neighbouring councils, elected representatives, rail campaigners and other partners
- Interact with all levels of Government to meet the Scottish Borders' aims and aspirations to extend the railway to Hawick and onto Carlisle.

**Regional Deals:** As a critical partner in established regional growth deals, the Scottish Borders finds itself in a unique once-in-a-generation position of being able to source finance to support projects that will enhance the Scottish Borders. To ensure that we can maximise these opportunities, we will:

- Ensure that we are proactive in establishing the best possible outcomes from the regional growth deals
- Work with outside organisations to facilitate ideas and collaborate on potential opportunities from the growth deals.

# EMPOWERED, VIBRANT COMMUNITIES

*Communities and neighbourhoods are what bring the Scottish Borders to life. That is why we want to help all our communities thrive. To do this, we will work with our communities, trusting them to carry out some services where they wish to and empowering them to shape and deliver local priorities for their neighbourhoods.*

**Community Empowerment:** We will ensure that community empowerment is at the heart of what we do. This administration recognises that placing trust in communities and empowering them is the key to the future success of the Scottish Borders. To make this happen, we will:

- Continue the 'place planning' process in communities
- Review the Area Partnerships and their role and responsibilities in terms of community involvement
- Strive to improve relationships with community councils through training and workshops
- Support communities in developing green space management and community spaces
- Ensure communities are consulted in advance before we finalise the capital and revenue programme
- Continue to support communities to help them fulfil their ambitions of viable and sustainable asset transfer bids.

**Traffic Management and Road Safety:** Ensuring the safety of pedestrians and road users in the Scottish Borders is one of our primary concerns. To help establish better practice, we will:

- Consult with communities to identify and implement solutions to address on-street parking issues in the Scottish Borders
- Examine the costs and benefits of decriminalising parking in the Scottish Borders, with the intention to decriminalise parking during this administration
- Increase the white lining programme
- Support anti-speeding initiatives such as 'community speed watch'.

**Public Transport:** This is essential in a rural region like the Scottish Borders. We must modernise and look at innovative ways to deliver transport in the area. To do this will:

- Develop a robust public transport strategy with the aim of reducing vehicle carbon emissions, improving health and wellbeing, reducing social isolation in our communities and improving transport connectivity between our communities.

**Crime Prevention and Community Safety:** The safety of the borders public is paramount to this administration. To ensure we are playing our part in ensuring the borders are a safer place to live and stay, we shall:

- Undertake a review of the effectiveness and value of the Community Action Teams (CAT)
- Engage with communities on the possible introduction of a council-led neighbourhood warden service and other initiatives, including additional Youth Work to help reduce anti-social behaviour
- Work with our IT provider, CGI, to introduce town centre Wi-Fi, which will allow for the introduction of secure, wireless CCTV systems in our town centres as part of our ongoing strategy to be a 'Smart Rural Region'
- Work with criminal justice so that the impact of those carrying out community payback orders is felt more positively in our communities and neighbourhoods.

**Grassroots Sports Facilities:** Sports pitches, grass areas and club facilities are vital for regional clubs and organisations. We must ensure that we support them by establishing a plan of maintenance. To do this, we will:

- Deliver a process and plan for an annual funding programme which develops and improves our 'grassroots' sports grounds and public amenities, ensuring they fit for purpose and are sustainable. We will use the existing play park improvement programme as a model to deliver this.

**Business Development and Town Teams:** Recognising the issues and opportunities in our border communities, we seek to partner with our towns and villages to deliver economic and community development. To do this, we shall:

- Establish economic development 'town teams' within the Scottish Borders to assist communities accessing grants and ensure we maximise all external funding opportunities
- Help local businesses by encouraging people to shop local through initiatives, e.g. the 'Scotland Loves Local' gift card
- Work with partners to ensure that business support grants are utilised when and where it is applicable.

# GOOD HEALTH AND WELLBEING

*We should be a region that maximises the benefits of healthy living and ensures that prevention and early intervention are at the top of our priorities for health and well-being. To make that happen, we need to create policies that help individuals live independent, healthy lives for as long as possible, focusing on mental and physical health and encouraging good diet, exercise and beneficial lifestyle choices.*

*We will work effectively with partners to drive new initiatives that place people's health and well-being at the heart of what we do. We will support those who are cared for in all settings and those with caring responsibilities.*

**Carers:** The social care issues throughout the country and the Scottish Borders that has left people unable to be discharged from hospital due to lack of care providers is an issue we must improve on. To achieve this we will:

- Create opportunities and career pathways in Health and Social Care
- Introduce new models of caregiving and invest in new facilities and technology that meets the needs of our population now and in the future
- Create incentives and packages of support for those looking to enter the care sector
- Co-produce models of care with our carers and those in receipt of care to assist people who need support so they have more opportunities for respite.

**Loneliness:** Living in a rural area, we recognise the benefits it can bring, but we are also aware that the Scottish Borders rural nature can exacerbate social issues like loneliness. As an administration, we will work to help prevent loneliness by:

- Increasing the awareness of social prescribing (connecting people to community groups and statutory services for practical and emotional support)
- Working with groups to engage new volunteers
- Developing our community halls so they can deliver more diverse programmes and activities
- Looking at better forms of public transport between towns and villages in the Borders for late evening events.

**Sport and Physical Activity Strategy:** To ensure people in the Scottish Borders can live healthy, active lives while improving the health and mental well-being of people of all ages. We will:

- Develop and implement a new sports and physical activity strategy to enhance participation and create a more active Scottish Borders
- Enhance pathways for those wishing to excel in their chosen sport
- Work with partners and national government bodies to establish a working group to deliver the key outcomes from the strategy for the Scottish Borders
- Consult with sports groups and third-sector organisations to ensure we can deliver the strategy effectively.

**Anti-Poverty Strategy:** Delivering on the anti-poverty strategy is fundamental to ensuring that we tackle deprivation in the Scottish Borders. To make this happen, we will:

- Ensure that the ethos of our anti-poverty strategy and work is at the heart of everything we do internally and with our partners
- Work on minimising the impact of the cost-of-living crisis on household budgets by utilising initiatives created through our anti-poverty action group
- Continue to encourage employers to become accredited real living wage employers with good employment practices through our contracts and service level agreements and our work on promoting the real living wage.

**The Promise:** Scotland's promise to care for care-experienced children and young people is that they will grow up loved, safe, and respected. To ensure that we deliver on The Promise, we will:

- Lead the delivery of 'The Promise' in the Scottish Borders on a multi-agency basis, involving those with lived care-experience to help redesign services
- Shift the balance for care towards an early and effective intervention that improves outcomes and life chances for children, young people and their families.

**Play and Activity:** The administration recognises the value of outdoor play and activity. It is a vital tool in encouraging imagination and creativity while also helping increase activity levels. To ensure that the Scottish Borders is in a position to continue its leading work in this area, we will:

- Continue to invest in new outdoor play, education and recreation spaces within our public parks and schools, ensuring communities have access to high-quality play and physical activity opportunities.

# CLEAN GREEN FUTURE

*Tackling the issue of climate change is a priority for this administration. We want to ensure we utilise our natural resources more efficiently while continuing to deliver excellent recycling rates throughout the Scottish Borders.*

**Recycling:** We will continue to deliver actions that maintain the position of the Scottish Borders as a top recycling region, diverting the amount of refuse going to landfills. We will work to establish more community-driven recycling initiatives by:

- Helping communities develop repair shops with organisations such as the men's shed
- Working with local volunteers to establish crafting workshops to utilise used items such as glass bottles and return them to everyday use items.

**Scanning technology:** Data and technology are vital to drive innovation and deliver service efficiency. As an administration we will:

- Invest in technology that helps increase the opportunity to provide data on the performance of our service efficiency. For example, look at the technology that allows our refuse collection fleet to provide regular feedback on the condition of the road network
- Invest in technology which will help promote a better refuse collection service and reduce the amount of missed bins.

**Renewable Energy:** We will continue to work to reduce energy consumption and explore opportunities to use our natural resources better to meet energy needs for the council and our communities. We will do this by:

- Working with partners to deliver green forms of energy, including the potential for solar, wind and hydropower using our coastal resources, land and waterways.

# WORKING TOGETHER - IMPROVING LIVES

*As a rural region, we need to ensure we are digitally enabled and that technology is used effectively to bring people together and enhance our efficiency as a council.*

**Smart Rural Region:** Innovation and reduced time on administrative work are essential to increasing productivity which will deliver better results for the Scottish Borders. To help make this happen we will:

- Continue to invest in new innovative technology through our contract with our IT provider, CGI. Helping us to improve the Council's performance, assist us in engaging effectively with local people, businesses and our community planning partners and realise our vision that the Scottish Borders is a 'smart digital' rural region.

All members of the Scottish Borders Council administration are committed to the vision, goals and strategies that have been laid out in this Administration Policy Plan. We are committed to planning and collaborative working required to achieve the outcomes within the term of this administration. We acknowledge the contributions and expectations of each member of the administration and the communities we serve.

**Foreword**

This policy statement is the first one published by Scottish Borders Council.

The purpose of the policy is to provide guidance for applicants, licence holders and members of the public on the licensing system for short-term lets.

Consultation on the draft policy statement took place during the period from 5 October 2022 to 30 October 2022.

A report providing details of the comments received from consultees was considered at the meeting of Scottish Borders Council on 24 November 2022.

This policy statement will be reviewed and revised when necessary.

## 1. Background

- 1.1. On 19th January 2022, The Civic Government (Scotland) Act 1982 (Licensing of Short-term Lets) Order 2022 (“the Order”) was approved by the Scottish Parliament. The Order came into force on 1st March 2022 and inserts new legislative provisions into the Civic Government (Scotland) Act 1982 (“the Act”).
- 1.2. The Order introduces a new mandatory licensing system for short-term lets which local authorities are required to establish by 1<sup>st</sup> October 2022.
- 1.3. Prior to the introduction of the legislation, there was no requirement to licence short-term lets and, therefore, local authorities did not have the ability to regulate these types of premises.
- 1.4. The licensing scheme was brought in by the Scottish Government with the aim to ensure short-term lets are safe, address issues faced by neighbours, to facilitate local authorities in knowing and understanding what is happening in their area, and handling complaints effectively. It also enables local authorities to ensure the people providing short-term lets are suitable. The legislation aims to make sure that the economic and tourism benefits from short-term lets are balanced with the needs and concerns of local communities.

## 2. Timescales for applying

- 2.1. After 1<sup>st</sup> October 2022, new hosts and operators will need to have a licence. This means that, if you were not using your premises to provide short-term lets before 1<sup>st</sup> October 2022, you can advertise but not take bookings or receive guests until you have obtained a licence.
- 2.2. Existing hosts or operators (those using accommodation to provide short-term lets before 1<sup>st</sup> October 2022) have until 1<sup>st</sup> April 2023 to apply for a licence. During this period you can operate without a licence (by continuing to take bookings and receive guests) unless your licence application has been determined and refused.
- 2.3. After 1<sup>st</sup> April 2023, existing hosts can only continue to operate if they have submitted an application for a licence on or before 1st April 2023 that has not yet been determined or been granted a short-term let licence.

## 3. Definitions

- 3.1. A short-term let is defined in the 2022 Order as the use of residential accommodation provided by a host in the course of business to a guest, where all the following criteria are met-
  - (a) the guest does not use the accommodation as their only or principal home,
  - (b) the short-term let is entered into for commercial consideration,
  - (c) the guest is not-
    - (i) an immediate family member of the host,
    - (ii) sharing the accommodation with the host for the principal purpose of advancing the guest’s education as part of an arrangement made or

approved by a school, college, or further or higher educational institution, or

- (iii) an owner or part owner of the accommodation,
- (d) the accommodation is not provided for the principal purpose of facilitating the provision of work or services by the guest to the host or to another member of the host's household,
- (e) the accommodation is not excluded accommodation,
- (f) the short-term let does not constitute an excluded tenancy.

**Commercial consideration** - this includes money and a benefit in kind (such as a provision of a service or reciprocal use of accommodation).

**Guest** – this means a person who occupies accommodation under a short-term let.

- (c) a hotel which has planning permission granted for use as a hotel,
- (d) a hostel,

- (k) accommodation which otherwise requires a licence for use for hire for overnight stays,
- (l) accommodation which is provided by the guest,
- (m) accommodation which is capable, without modification, of transporting guests to another location,
- (n) a bothy, or
- (o) accommodation owned by an employer and provided to an employee in terms of a contract of employment or for the better performance of the employee's duties.

**3.2.** Please note that if you have an HMO licence for your property, you would still need a short-term let licence if it is also to be used for short-term lets. This is the case whether or not you live at the premises covered by your HMO licence.

**3.3.** Self-catering property in the grounds of a licensed hotel would be excluded.

It is recommended that people take their own independent legal advice on whether or not their accommodation would require a short-term let licence. The Licensing Authority cannot provide legal advice on whether or not a premises is excluded from requiring a short-term let licence.

- (l) a tenancy under a lease under which agricultural land is let for the purpose of its being used only for grazing or mowing during some specified period of the year (as described in section 3 of the Agricultural Holdings (Scotland) Act 2003),
  - (m) a private residential tenancy (within the meaning of section 1 of the Private Housing (Tenancies) (Scotland) Act 2016),
  - (n) a student residential tenancy.
- 3.4.** There are four types of licences for short-term let accommodation. Any licence granted must be for either-
- (a) Secondary letting,
  - (b) Home letting,
  - (c) Home sharing, or
  - (d) Home letting and home sharing.
- 3.5.** The different types of licences are defined as follows-

- 3.6.** A separate licence is required for each of your premises. However, a single licence may be issued in respect of unconventional accommodation where there is more than one separately bookable property on the site.
- 3.7. Dwellinghouse** means for these purposes, an independent dwelling (with its own front door, kitchen and bathroom) such as a house, flat, cottage etc.
- 3.8.** You do not need a separate licence for short-term lets within the same dwellinghouse. For example, if you are letting out two rooms in your home, that would be covered by one licence.
- 3.9. Unconventional accommodation** – this means residential accommodation that is not defined as a dwelling house and would include residential accommodation such as glamping pods and yurts.

- 6.9** Both the applicant and the person(s) making an objection/representation can request a statement of reasons for the decision within 21 days of the date of the decision. The statement of reasons will be produced by the Clerk to the Civic Government Licensing Committee within 10 days of that request.
- 6.10.** If your application for a licence is refused, you cannot reapply for a licence within one year of that decision, unless there has been a material change in your circumstances since then.

## **7. Right of appeal**

- 7.1.** The applicant and the person(s) making an objection/representation have a right of appeal to the Sheriff Court.
- 7.2.** However, they only have this right if they have taken every opportunity to state their case to the Committee as has been made available.
- 7.3.** The Sheriff can uphold an appeal only if the sheriff considers that the licensing authority erred in law, based their determination on any incorrect material fact, acted contrary to natural justice or exercised their discretion in an unreasonable manner.
- 7.4.** Any appeal must be lodged by way of a summary application with the relevant Sheriff Clerk's office within 28 days of the date of the decision appealed against.
- 7.5.** Parties should seek their own independent legal advice in relation to an appeal.

## **8. Licence duration and renewal**

- 8.1.** The duration of the licence applies from the date on which the licence comes into force. This will be specified on the licence together with the expiry date of the licence.
- 8.2.** When an application is made to renew a licence timeously, the existing licence will continue in effect until such time as a decision is made on the renewal application.
- 8.3.** A licence shall have effect-
- for a period of 3 years from the date when it comes into force; or
  - for such shorter period as the licensing authority may decide at that time when they grant; or
  - for such longer period as the licensing authority may decide at the time when they renew a short-term let licence
- 8.4.** The Scottish Government's guidance for licensing authorities on short-term lets has made it clear that licensing authorities are encouraged to renew licences for a period of 3 years, unless they have good reasons to do otherwise.
- 8.5.** Whilst each application will be decided on its own merits, it is not anticipated that licences will be renewed for a period longer than three years

## **9. Licence conditions**

- 9.1.** The Act sets out a number of mandatory licence conditions which apply to all short-term let across Scotland. A list of these conditions can be found at **Appendix 2**.
- 9.2.** In addition to the mandatory licence conditions which apply to all short-term lets, licensing authorities may impose additional conditions. These enable the licensing authority to respond to local challenges and concerns relative to specific types of short-term letting.
- 9.3.** There are a number of additional conditions which will apply to all short-term let properties. There also some specific additional conditions which may only apply to certain types of short-term let properties or to properties following investigation of concerns. A list of the additional licence conditions which may apply to your short-term let licence can be found at **Appendix 3**.

## **10. Temporary exemptions**

- 10.1.** The Council is not intending to grant temporary exemptions under any circumstances. This position will be kept under review.

## **11. Temporary licences**

- 11.1.** A licensing authority can also decide to grant temporary licences. These can be applied for online or by way of a paper application. Details for the application process are set out in Section 3. Temporary licences may be granted for a duration of up to 6 weeks. A temporary licence cannot be renewed. However, if a host or operator applies for a full licence during the period of a temporary licence, the temporary licence duration will extend until their full licence application is determined.
- 11.2.** The Council is aware that under the 1982 Act, temporary short-term licences could be applied for. However, there is a limited consultation process with temporary licences in comparison to a full licence. A temporary licence application would have no requirement to display a site notice, and no opportunity for objections or representations to be received other than from the statutory consultees. In addition, under the legislation, the only bodies the Licensing Authority would consult with are Police Scotland and Scottish Fire and Rescue Service.
- 11.3.** Given a full consultation would not be undertaken, the Council is not proposing to consider any temporary licence applications for short-term let licence applications and instead require a full short-term let licence to be applied for as detailed at section 4. This would mean that all short-term let licence applications would be subject to the full consultation process as detailed in Section 4.4.

## **12. Compliance and enforcement**

### **12.1. Unlicensed short-term lets**

- 12.1.1.** It is a criminal offence to carry on an activity for which a licence is required without having a licence and without reasonable excuse.

- 12.1.2.** The Scottish Government has set out the following timescales for hosts and operators. Please note the rules are different depending on whether you are a new host/operator or an existing host/operator-

New hosts/operators

- From 1<sup>st</sup> October 2022 you **cannot** accept bookings until you have obtained a short-term let licence.
- From 1<sup>st</sup> October 2022, you **cannot** operate while your short-term let application is being determined.

Existing hosts/operators

- Existing hosts/operators must apply for a short-term let licence by 1<sup>st</sup> April 2023, at the latest.
- If you have been trading on or before 30<sup>th</sup> September 2022, you may continue to accept bookings after 1<sup>st</sup> October 2022 but only if you have made a licence application by 1<sup>st</sup> of April 2023.
- You can continue to operate for the time it takes for your licence application to be finally determined.
- A provisional licence number will be provided once the application is duly made and the licence application has been validated.
- It will be an offence to offer short-term let accommodation after 1<sup>st</sup> April 2024 unless you hold a licence.

- 12.1.3.** The Council will maintain a public register of short-term let licence applications and licences granted. This will allow members of the public to check the licensing status of a premises being used as a short-term let.

- 12.1.4.** Complaints about suspected unlicensed hosts/operators should be directed to the Council's Licensing Unit details of which are available at Appendix 1. .

**12.2. Licensed short-term lets**

- 12.2.1.** Hosts and operators must ensure that any advert or listing placed on or after they are granted a licence, or a provisional licence number, includes their licence number.

- 12.2.2.** Hosts and operators must ensure that they comply with all the mandatory and any additional conditions on their licence. It is a criminal offence to fail to comply with a licence condition if a licence holder has not used all due diligence to prevent the offence.

- 12.2.3.** It is also a criminal offence for a licence holder, without reasonable cause, to fail to notify the licensing authority of a material change of circumstances.

- 12.2.4. The Council may undertake premises site visits as part of the application process and throughout the duration of the licence to ensure compliance with licence conditions.

### **12.3. Complaints about licensed short-term lets**

- 12.3.1. In the first instance, guests should raise any concerns about their short-term let with their host/operator or letting agent/platform. If the issue is sufficiently severe, then the Council may become involved.
- 12.3.2. A complaint must be relevant to the matters that the Council can take into consideration. Frivolous or vexatious complaints will not be considered.
- 12.3.3. The Council can consider matters relating to the suitability of the licence holder, threats to public safety or public order or whether a condition of the licence has been contravened.
- 12.3.4. These issues would include a host/operator exceeding the number of people staying at the premises, serious disturbance or antisocial behaviour or concerns about the maintenance and safety of the premises. These complaints can be directed to the Council's Licensing unit details of which are available at Appendix 1.
- 12.3.5. Please note that the Council cannot consider complaints in relation to the quality of a guest's stay or specific contractual matters between the guest and the host/operator as this is outside the scope of the licensing scheme.
- 12.3.6. Complaints will aim to be acknowledged within 5 working days. A full response advising you of the outcome may take some time if the complaint requires further investigation. The complaint may also need to be directed to other departments within the Council or other services such as Police Scotland or Scottish Fire and Rescue Service for input. Complainants will be kept up to date with progress if there is a delay in a full response being provided.
- 12.3.7. Premises site visits may be undertaken by the Council as part of an investigation into a complaint.

### **12.4. Enforcement**

- 12.4.1. It is possible that some complaints may require enforcement action from the Council.
- 12.4.2. The Act provides for several options for enforcement action if justified. This includes additional licence conditions being attached, enforcement notices or variation, suspension or revocation of the licence or in more serious circumstance pursuing a prosecution.
- 12.4.3. The Council recognises the importance of having compliance issues monitored in order to ensure licensed Short-term lets are complying with licence standards and not causing an unnecessary nuisance to the community, nearby residents or neighbours. As such it will carry out a risk-based approach to enforcement, using a range of escalating informal measures, prior to an Enforcement Notice being

issued and subsequently a complaint being made to the Committee in relation to the STL licence.

- 12.4.4.** An enforcement notice will set out the matters constituting a breach or likely breach, the action required to rectify or prevent the breach and the date by which the action must be taken.
- 12.4.5.** If the matter is not addressed satisfactorily by the licence holder, the Council may then consider a variation, suspension or revocation of the licence.
- 12.4.6.** You will not be charged a fee for a routine visit. However, you will be charged if a follow up visit is necessary because you have breached one of your licence conditions

### **13. Variation of a licence**

- 13.1.** A licensing authority may, at any time, whether or not upon an application made to them by the holder of the licence, vary the terms on any grounds they think fit.
- 13.2.** A variation application cannot, however, be used to substitute a new holder of the licence for the existing one i.e. effectively to transfer a licence.

### **14. Suspension or revocation of a licence**

- 14.1.** A licensing authority may, whether upon a complaint made to them or not, suspend or revoke a licence.
- 14.2.** A licensing authority may order the suspension or revocation of a licence if in their opinion-
  - the holder of the licence is no longer a fit and proper person to hold the licence
  - the licence holder is managing the property on behalf of someone who would have been refused the grant or renewal of the licence
  - the short-term let is causing or is likely to cause undue public nuisance or a threat to public order or public safety; or
  - a condition of the licence has been contravened
- 14.3.** The period of suspension can be the unexpired portion of the duration of the licence, or such shorter period as the licensing authority may fix. The effect of the suspension shall be that the licence shall cease to have effect during the period of suspension.

### **15. Third party accreditation**

- 15.1.** The Council will consider third party evidence, accreditation or certification from certain approved bodies provided they demonstrate compliance with the mandatory and any additional conditions of a licence.

### **16. Planning permission**

- 16.1.** There is a separate legislative process from licensing which allows the Council, as planning authority, to establish short-term let control area.
- 16.2.** The purpose of control areas is to help planning authorities manage high concentrations of secondary letting (where it affects the availability of residential housing or the character of a neighbourhood) and to restrict or prevent short-term lets in places or types of buildings where it is not appropriate.
- 16.3.** Outside of a control area, it is for the planning authority to consider whether any change of use of a dwelling house is material and, therefore, requires planning permission. This is determined on a case by case basis.
- 16.4.** Within a control area designated by a planning authority, such a change of use will always require planning permission. The host or operator must make an application for planning permission or already have planning permission before they apply for a licence.
- 16.5.** It is a mandatory condition of the licence that a host or operator has planning permission or has made an application for planning permission where their premises is in a designated control area, they are using it for secondary letting and it is a dwelling house.
- 16.6.** The Council does not propose to designate any Short-term Control areas meantime but this will be reviewed on a regular basis.
- 16.7.** Hosts and operators must comply with both planning and licensing law.
- 16.8.** A host or operator who then subsequently obtains planning permission or a certificate of lawfulness of use or development can resubmit their licensing application provided the host or operator submits the licence application within 28 days of obtaining planning permission or a certificate.
- 16.9.** Before 1st April 2023, the Council, as licensing authority, cannot determine a licence application on the basis that it breaches planning control unless they have given existing hosts a chance to submit an application for planning permission or for a certificate of lawful use or development. However, the Council, as licensing authority, can determine a licensing application before this date where planning permission or a certificate of lawful use or development has already been refused.
- 16.10.** The applicant has 3 months to submit a planning application. If the applicant does not do so within 3 months, the licence application can be determined for these purposes and the applicant must cease providing short-term lets.
- 16.11.** Please note that planning authorities could designate control areas after a premises has already obtained a short-term let licence. Licence holders would be given a reasonable opportunity to comply with the mandatory condition by submitting a planning application as soon as possible after the control area is designated. If planning permission is refused, this may result in the licence being refused, varied or revoked as appropriate.
- 16.12.** Hosts and operators are, therefore, encouraged to engage with the Council's planning department **prior** to submitting a licence application to confirm whether they require planning permission or a certificate of lawful use of development.

## 17. Fees

- 17.1.** Licensing authorities are required to charge fees in respect of processing and determining, the consideration of applications, the issue of duplicate licences and other matters. They must ensure that the fees are sufficient to cover their administrative expenses and are reviewed periodically.
- 17.2.** Licensing fees are non-refundable. Whether or not a licensing application is granted, the Council incurs significant costs in processing the application.
- 17.3.** The Council has considered the following criteria in the process of determining the fees:
- The size of the premises
  - The number of rooms at the premises
  - The number of guests who can reside at the premises
  - The type of short-term let

### Application and renewal – full licence

Guest capacity (people)	Home sharing and home letting	Secondary letting
1 to 3	£275	£300
4 to 6	£305	£335
7+ Occupants	£350	£385

Other types of application	Fee
Variation of Licence/ Change in circumstances	£75
Duplicate Licence	£35

### ENFORCEMENT COSTS

A licensing authority may charge such reasonable fees as they may determine in respect of an inspection of premises following:

- (i) a failure to comply with a licensing condition, or
- (ii) a complaint relating to the premises (unless the complaint is frivolous or vexatious)

The decision to make such a charge will be taken in a proportionate in line with the Enforcement Policy for Environmental Health. Where such a charge is to be made, the Council will seek full cost recovery for such inspections based on the productive hourly rate for the grade of officer undertaking the inspection.

**\*\*Where a fee is charged for such a visit, a report must be provided to the host or operator within 28 days of the inspection. Otherwise, the fee must be refunded to the licence holder\*\*\***

## **Appendix 3 – Additional licence conditions**

Short-term Lets: Proposed Additional Conditions

### **Introduction**

Scottish Borders Council considers that additional conditions should be applied to short-term let licences in its area. These derive from (a) the Part 2 Guidance for licensing authorities and (b) issues relating to guest safety which the Council has identified in its area and for which it considers additional licence conditions are necessary and appropriate.

The “Part 2” additional conditions, are based closely upon the examples provided by the Scottish Government. These conditions would be generally-applicable to all licences, although some, for instance those relating to impact noise are not necessary for detached premises with no party structures.

The guest safety conditions are intended for specific premises where certain facilities and amenities are provided for the use of guests (this would require a declaration on the application form). Alternatively, the conditions could be generally-applied with a conditional clause; the draft guest safety conditions are in the latter form.

### **Additional conditions based on Part 2 Guidance**

#### **Antisocial behaviour**

1. The licence holder shall must take reasonable steps to manage the premises in such a way as to seek to prevent and deal effectively with any noise nuisance or antisocial behaviour by guests to anyone else in the short-term let and in the locality of the short-term let.
2. The licence holder shall take reasonable steps to:
  - Ensure that no disturbance or nuisance arises within or from the premises, for example by explaining the house rules to the guests;
  - Deal effectively with any disturbance or nuisance arising within or from the premises, as soon as reasonably practicable after the licence holder is made aware of it; and
  - Ensure that any vehicles belonging to guests are parked lawfully, for example explaining where any designated parking spaces (if applicable) are to be found and highlighting any local rules.
  - Shall notify the Council as soon as reasonably practicable of the details of any incident of antisocial behaviour affecting or emanating from the premises which has required Police involvement.

#### **Privacy and security**

1. The licence holder shall take reasonable steps to manage the premises in such a way as to respect and protect the privacy and security of neighbours.
2. The licence holder shall take reasonable steps to ensure:
  - Guests know and understand any particular rules applying to any shared areas and entrances;

- Guests understand that shared doors should be properly and securely closed after use; and
- The provision of access codes or keys to guests cannot be used by guests to gain access to shared areas after they have finally departed.
- 

### **Littering and waste disposal**

1. The licence holder shall provide adequate information on, and the facilities for, the storage, recycling and disposal of waste.
2. The licence holder shall be responsible for advising residents of the refuse collection day and for making arrangements for the presentation of bins for collection at the appropriate time and day.
3. The licence holder shall advise guests of:
  - Their responsibilities;
  - The use of the bins etc. provided for the premises; and
  - The location of the nearest recycling area or recycling point.
4. The licence holder shall :
  - Clearly label bins as belonging to the premises;
  - Take reasonable steps to ensure that guests manage their waste in compliance with (2), including when they depart; and
  - Maintain any bins storage area and the exterior of the premises in a clean and tidy condition.

### **Damage to property**

The licence holder shall not affix a key box, or any other device to facilitate guest entry to the premises, to any public or jointly-owned private structure or infrastructure without the prior consent of the relevant authority or owner(s). The licence holder must be able to produce the evidence of the permission to the licensing authority on demand.

3. The licence holder shall provide guests with information on the safe use of the spa pool in accordance with the written scheme of control.
  4. The licence holder shall not provide or install any inflatable hot tub for the use of guests without the prior written approval of the licensing authority. 4. This condition does not apply to swimming pools which are staffed and operated with continuous poolside supervision by trained lifeguards.

1. Where a barbecue hut is installed and provided for the use of guests, the licence holder must take reasonable steps to ensure that the risk from Carbon monoxide is minimised.
