1 year extension granted June
2016

There had been circulated copies of a letter dated 13 April 2017 from DWF, LLP asking the Licensing Board to authorise a further extension of the time available to their client, Martin McColl Limited to apply for Confirmation of Provisional Premises Licence. The letter explained that the Licensing Board had granted an extension last year until 22 June 2017 on the basis of estimates as to completion of agreed works with Building Standards and Planning to cover the works and take into consideration the requirement for Listed Building Consent. All these were now granted although rather than being resolved before Christmas it took until March 2017 to finalise. A further small change was required to the licence plan to reduce the display area to 6.2m² and an application for a Minor Variation had been drafted for submission to the Board.

Mr David Crank, Solicitor DWF, LLP was present accompanied by Mr Morrison, Area Manager, Martin McColl Ltd. Mr Crank confirmed that a further extension was being applied for because there were various outstanding issues and Section 50 certificates were still to be obtained. It was noted that fire safety measures in the basement had now been resolved. Members discussed the application and it was agreed to grant an extension for a further 9 months rather than the 6 months applied for.

Mr M. Wynne referred to the application and the alterations taking place within the premises which had resulted in the opportunity for updating and future proofing the operating plan, all in accordance with the Board's Policy.

Mr C. Lambton was present. He briefed Members on how the establishment had grown organically since 2004 and stated he felt it was now time for a rethink on how everything fitted together. A new kitchen was being constructed in a new build extension to the rear of the building and the bar was being relocated to the space currently occupied by the existing kitchen, with walls and ceilings stripped out to form one large bar/coffee lounge. He acknowledged the concerns raised by neighbouring premises and confirmed that he would ensure measures were in place to address the concerns raised.

**DECISION
GRANTED.**

(c) **Section 20:** The Board considered the following applications for Grant/Provisional Grant of Premises Licence:-

(i) **Fatheha Khanom**

There had been circulated copies of:-

(a) a letter dated 7 March 2017 from Police Scotland. Inspector Hodges advised that in terms of Section 21(4)(a)(i) and (ii) of the Licensing (Scotland) Act 2005, neither the applicant or any connected person had been convicted of any relevant offence. Police Scotland was unable to confirm the existence of any foreign offence in respect of the applicant or any connected person. Inspector Hodges further advised that concerns regarding the layout plan had now been addressed to the satisfaction of Police Scotland.

(b) letters of objection from Ann Napier and Andrew Aitken expressing concerns regarding loud music, swearing, crowds gathering to drink and to smoke in the street along with general anti-social behaviour caused by drunkenness.

Mr Tunnah advised that the premises closed around the time of transition. Mr Khanom had now resurrected the premises as a restaurant and wanted his business to be licensed.

Mr Aitken was present. He stated that he was against licensing the business until 1.00am and referred in detail to the terms of his letter.

Mr Khanom was present. He explained that his business did not operate until 1.00am and generally closed at 10.30pm during the week and at 11.30pm during the weekend. Customers usually had one drink with a meal. He was not offering a huge amount of alcohol and would be selling lager and wine. The premises was a small restaurant with 28 seats. He went on to explain that at the moment because the premises was not licensed customers could bring their own alcohol to the restaurant and consume as much as they wished. He felt that he would be able to control the amount of alcohol consumed on the premises if it was licensed and that would lead to less disruptive behaviour by patrons as they left.

Members acknowledged the concerns raised by Mr Aitken and Ms Napier and stressed the need for strict measures to be put in place by the licence holder to ensure their concerns were dealt with.

**DECISION
GRANTED.**

(ii) **Motor Fuel Limited**

Monday to Sunday 10.00am - 10.00pm

There had been circulated copies of a letter dated 27 March 2017 from Police Scotland. Further in terms of section 21(4)(b)(ii) of the Licensing (Scotland) Act 2005, Jeremy Clarke – a connected person – had been convicted of the following foreign offence:- 7 June 2013 - Court of Preliminary Investigation No. 5, Marbella, Spain – Driving a Mechanically Propelled vehicle while unfit through drink or drugs – Fine 10.00 Euros per day for 4 months - Disqualified from driving.

Mr Tunnah explained that whilst the premises were exempt in terms of the 2005 Act, he was of the opinion that they met the requirement to be granted a licence because it was the main source of fuel and groceries in the local area

Ms Stephanie Hands, Solicitor, Hill Brown Licensing was present, she was accompanied by Danny Wright, Area Manager for the premises licence holder. Ms Hands gave background information relating to Motor Fuel Limited. With reference to the Licensing (Scotland) Act 2005 she submitted that the local community was reliant on the premises as a principal source of either fuel or groceries, therefore the premises fitted into the exemption criteria. She referred to the survey already circulated to Members which had been undertaken by her last week to evidence this. The application had been submitted to enable the Company, which provided a vital resource to the local community, to diversify. In response to Members' questions, it was noted that the parking area was obvious to members of the public using the premises. Ms Hands referred to Jeremy Clarke's conviction and explained that Mr Clarke regretted his actions; this had been a serious error of judgement. Mr Clarke was a founding Director of the Company and he was not involved in the day to day running of the business.

Monday to Sunday 10.00am -
10.00pm

There had been circulated copies of a letter dated 7 April 2017 from Police Scotland. Inspector Hodges advised in terms of section 21(4)(a)(i) and (ii) of the Licensing (Scotland) Act 2005, that neither the applicant nor any connected person had been convicted of any relevant offence. Police Scotland were unable to confirm the existence of any foreign offence in respect of the applicant or any connected person. Under the terms of Section 22(1)(a) of the Licensing (Scotland) Act 2005, the Chief Constable made the following objection in relation to the application. The premises is in the terminal building for the local bus service and the Borders Railway in the town centre of Galashiels. Within the building there is a waiting area and a small café. As such the building is busy at all times of the day with a cross section of the public and is a popular meeting place for local youths. Since the building opened in 2015, there had been a significant number of incidents of anti-social behaviour including a number of violent crimes. The issues resulted in the Local Authority, who owned and ran the building trialing a pilot scheme with a private security company to assist staff at the building to deal with the daily incidents reducing the need to contact the Police on every

occasion. The pilot ran from October 2016 – January 2017 between the hours of 8.00 pm and 1.30am (when the last bus left). Nevertheless because of the number and severity of incidents the Police were called to attend and deal with matters on a frequent basis. A copy of an anti-social behavior report was also circulated which evidenced the concerns raised. It was the Police position that a number of these incidents were directly related to alcohol consumption. The addition of an Off Sale facility would provide an on-site source of alcohol that neither the staff nor the building owners could deal with without significant changes to the policies and procedures currently being employed. The sale of alcohol would allow those attending or waiting for transport to purchase alcohol, which could exasperate the problem for bus or train companies. Whilst it was appreciated that the public could buy alcohol elsewhere in the vicinity, from the various current off sale premises, and bring it with them, the desire of the applicant to sell alcohol did not mean that there was a requirement for such a facility. There was also a safety concern given that the rail platform was not staffed and no supervision was available to those who might purchase alcohol and choose to consume it. Again it was appreciated that alcohol could be purchased elsewhere, however if granted this facility would prove further access to alcohol that would not normally be available. Having consideration for the Preventing Crime and Disorder and Securing Public Safety Licensing Objectives the Chief Constable respectfully requested the Board to carefully consider the objection to the application.

Mr Tunnah advised that the applicant intended to sell and showcase draft beers and other alcohol products in line with his Born in the Borders theme. The alcohol would form a small display and there would be quite a premium on the price. He confirmed the application was in line with the Board's Policy and Licensing objectives.

Mr Henderson the applicant was present. He referred to Galashiels being a centre of excellence for brewing and distilling and he wished to make available locally produced alcohol to tourists and commuters. He advised that the sale of alcohol would not extend after 6.00pm and it was not his intention to exacerbate anti-social behaviour.

Mr Henderson answered questions from Members of the Board relating to his application. He stated that the hours applied for were to allow flexibility on an occasional basis but given the concerns raised submitted that his application be amended for core hours to terminate at 6.00pm.

VOTE

Councillor White, seconded by Councillor Greenwell, moved that in terms of the Preventing Crime and Disorder licensing objective of the Licensing (Scotland) Act 2009 that the licence be granted between 10.00am and 6.00pm.

Councillor Herd, seconded by Councillor Logan, moved as an amendment that taking into account the Preventing Crime and Disorder and Securing Public Safety objectives of the Licensing (Scotland) Act 2009, the licence be refused.

On a show of hands, Members voted as follows

<i>Motion</i>	-	7
<i>Amendment</i>	-	2

Accordingly the application was granted.

DECISION

GRANTED as amended from 10.00am – 6.00pm.

Licensed Hours applied for:

Off Sale

Monday to Sunday 10.00am -

There had been circulated copies of a letter dated 7 April 2017 from Police Scotland. Inspector Hodges advised that in terms of section 21(4)(a)(i) and (ii) of the Licensing (Scotland) Act 2005, neither the applicant nor any connected person had been convicted of any relevant offence. He was unable to confirm the existence of any foreign offence in respect of the applicant or any connected person. Under the terms of Section 22(1)(a) of the Licensing (Scotland) Act 2005, the Chief Constable made the following objection in relation to the application. The premises is a portable structure at Tweedbank rail station, which was erected to provide tea / coffee and light refreshments. The station is not staffed and there is no regular supervision of the area including the platform. The application raised safety concerns should alcohol be available to purchase on an Off-Sale basis and could then be consumed immediately while there was free movement around the platform. While it was appreciated that alcohol could be purchased elsewhere, it would not normally be available at this location. Having consideration for the Securing Public Safety Licensing Objective the Chief Constable respectfully requested the Board to carefully consider the objection to this application.

Mr Tunnah advised that the application was in similar terms to the previous application. A refreshment kiosk was now located at Tweedbank Train Station and Mr Henderson's intention was the same as the above application.

Mr Henderson answered Members' questions and advised that his staff would be well trained; the site was open and transparent and CCTV cameras were in operation. He acknowledged the concerns raised by Police Scotland and amended the terminal core hour to 6.00pm.

DECISION

GRANTED as amended from 10.00am – 6.00pm.

- (d) **Section 56: Application for Occasional Licence.** The Board considered the following application for Occasional Licence:-

Christopher Lightfoot
3 Kirkbrae, Ettrick Terrace, Selkirk
15 June 2017 - 12.00noon -
1.00am
16 June 2017 - 10.00am - 1.00am
(Selkirk Common Riding)

There had been circulated copies of

(a) a letter dated 22 March 2017 from Police Scotland. Inspector Hodges advised that in terms of section 58(1)(a) of the Licensing (Scotland) Act 2005, the applicant sought to operate a licensed entertainment marquee with an open bar between Thursday 15 and Friday 16 June 2017 with operating hours of Thursday 15 June 12.00 midday to 01.00am, Friday 16 June 10.00am to 01.00am. The location of the marquee was a private garden in Selkirk town centre, which was surrounded by residential properties. This posed a risk of public nuisance from the disco, live music and patrons dispersing from the venue. The applicant had used an old application form which did not seek additional information in relation to the description of activities and children and young people which was contained in the current application form. As a result there was no indication as to the expected numbers attending the venue or of the children and young people expected to attend. Also there was no indication if SIA stewarding would be in place, which would be expected in these circumstances. The garden area had a 20' drop at one side and although there were railings in place, there appeared to be no measures in place to ensure that anyone attending could not access that section of the garden area, which could pose a risk if any intoxicated person leaned over the railing. In relation to the licensed hours the application was confusing, the applicant had stated in section 5 of the application that local singers and festival music would take place from 08.00am and in section 6 that children and young persons would be present from 08.00am. This was in conflict with the licensed hours the applicant stated in section 4. The Scottish Borders Licensing Board Statement of Licensing Policy, paragraph 7.3 detailed the circumstances when the Board would consider an application for hours commencing prior to 11.00am and in excess of 14 hours in a 24 hours period. However, paragraph 7.5 required applicants to show how they would comply with the Licensing Objectives for such applications. Given the early start and the location being in a residential area, the application was inconsistent with the Preventing Public Nuisance licensing objective. Finally paragraph 12 of the Board Policy stated that the Board should consider the impact of occasional licence applications in relation to the Licensing Objectives and its Overprovision Statement. There were five licensed premises in close proximity to the venue, which might impact on overprovision. For these reasons, and in terms of Section 58(1)(a) of the Licensing (Scotland) Act 2005, Police Scotland objected to the application specifically in relation to the grounds for refusal at Section 59(6)(c) of the same Act in respect of the Securing Public Safety, and preventing Public Nuisance licensing objectives. Further it had come to the attention of Police Scotland that Mr Lightfoot failed to inform the Licensing Board that he had completed his five year refresher training as required by the Act. As a result his personal licence was revoked in 2015. Therefore, on the date stated on the application he was not a competent applicant for the licence applied for. Since this information came to light he had submitted a new application for a personal licence on 22 March 2017.

(b) a letter dated 30 March 2017 from Mr M Wynne. Mr Wynne advised

he objected to the granting of the licence on the following grounds:- in his opinion serious consideration should be given as to this being an appropriate venue for such an event even if the event was thought to be in any way appropriate. The area was surrounded by predominantly residential properties with a few retail outlets. It was situated just off Market Place, Selkirk with at least five other fully licensed premises in the close proximity. The open side of the proposed marquee would look directly across the road to the windows of residential flats. It would be difficult to see how the obvious noise levels would not cause extreme nuisance or disturbance. There was a drop of approximately 20 feet from the proposed location onto the A7 main arterial road with a metal railing along the edge of the garden area. This measured approximately 4 feet high. This caused considerable concern in relation to the safety of the persons attending the event or indeed items falling from the elevated position onto the pavement or roadway below. The main entry to the proposed venue would require customers passing through a residential area with a sheltered housing complex nearby. It would be difficult to see how any noise containment could be achieved. The proposed event was not part of the Official events linked to the Common Riding Celebrations. The applicant stated that he had run a similar event in the past as a private party with no sale of alcohol. In Mr Wynne's opinion a private party in this garden/car park area might well have caused no reported issues in the past. However to try and compare a private party, with those attending being predominantly invited, to an open door event with proposed free entry, free hog roast and the sale of alcohol, is most certainly not a comparable situation. There was adequate fully licensed on-sale premises in the immediate vicinity of the town centre to be able to accommodate those involved in the common riding celebrations. If the entertainment was to be live and discotheque music, Mr Wynne considered it extremely difficult to envisage such an event taking place without a considerable number of complaints from residents in the surrounding properties. The application also indicated Children and Young Persons access with no reference to numbers likely to be attending or whether or not they would be supervised. The hours applied for children and young person's access were 08.00am until 08.00pm. Children and Young Person's access to most licensed premises in the Board's area would be subject to conditions such as dining or attending a pre-arranged private function. In Mr Wynne's opinion Children and Young Person's access to this open event would be inappropriate. Mr Wynne respectfully suggested that granting this licence would be contrary to the Licensing Objectives - Protecting Children From Harm, Preventing Public Nuisance and Securing Public Safety. He concluded by advising that the location was totally inappropriate and not fit for purpose.

(c) letters from Vivien Ross (whose garden was accessed from Chapel Street Car Park Just outside Mr Lightfoot's house) and Mrs Margaret Holroyd (who lived next door to Mr Lightfoot) in support of the application.

Mr Lightfoot was present. The Managing Solicitor advised that Mr Lightfoot wished to table late submissions in the form of brief letters from neighbours supporting the application.

ADJOURNMENT

The meeting adjourned at 11.30am to enable Members to read the additional correspondence.

Mr Lightfoot referred to private parties which had taken place in previous years at the same venue during the common riding. There was no difference in his intentions, although the numbers attending might be less, the entertainment

would be the same. Granting a licence would ensure the event was more controlled. In the past there had been no complaints regarding music or the overspill of people leaving the party. Previously there were no limitations on how much drink those attending could consume. If a licence was granted there would be more control over the sale and consumption of alcohol. He referred to concerns about the safety of the premises and advised although the railings were 4 feet high, he was willing to put in extra precautions if requested. He confirmed that SIA Stewarding would be in place. Members discussed the application.

VOTE

Councillor Weatherston, seconded by Councillor Paterson, moved that the licence be granted with appropriate policies/conditions in place.

Councillor Logan, seconded by Councillor White, moved as an amendment that taking into account the Protecting Children from Harm, Preventing Public Nuisance and Securing Public Safety objectives of the Licensing (Scotland) Act 2005, that the licence be refused.

On a show of hands, Members voted as follows

<i>Motion</i>	-	4
<i>Amendment</i>	-	5

Accordingly the application was refused.

DECISION

AGREED that the application be refused.

Dear Sir/Madam. it is with angst and dismay that the proposal for Martin McCall (THE COOPERATIVE FOOD) to open from 6 AM to 11 PM is issued

This gives my neighbours and me seven hours sleep time, and as my house is directly on to pavement and holiday day shortens this time even further as deliveries will then can come anytime between 11 pm and 6 AM, and I can say they are anything but quiet!

I most strongly object to this application and proposal

yours faithfully

Nature of Objections/Representations

I write to object to the proposal to extend the opening hours of the shop from 6am until 11pm. This is a very quiet village and it does not require these opening hours. These times would only attract through traffic.

Living above the co-op you are aware of deliveries in the early hours of the morning and extending the opening hours would increase the likelihood of deliveries being even earlier and hearing customers car engines stopping and starting and inevitably doors opening and shutting and would most definitely disturb sleep at those unsociable hours.

McCalls prides itself for the benefit of the community but it also has to consider that residents live above and opposite the shop who can be disturbed by deliveries and customers coming and going at these early and late hours.

Overall, I feel that the proposed increased hours would represent an unacceptable increase on the levels of noise and strongly oppose the proposals.

***** This email was received from the GCSX *****

Dear Sir or Madam,

I am writing to object to the proposed extension to opening hours of the McColls store on Main street in St Boswells. The noise generated by early morning deliveries is already considerable and I feel it would be socially unjust to allow vehicles to unload at an even earlier hour than they already do. In addition, granting permission to sell alcohol up until 11pm would, in my view, make Main Street the local destination for after hours alcohol purchases given that other outlets will have closed by 10pm. Many drivers parking in Main street to visit McColls leave their engines running (more often than not diesel engines) whilst a passenger shops. Although 10pm is already a late hour for this type of unsociable behaviour, allowing this to continue to 11pm would be unacceptable.

Most of my neighbours are in full agreement with these views however some have been dissuaded from making a formal objection by a hand-written sign which was posted up in McColls' window which stated there was no intention of extending opening hours and that the application was an error. This sign has now been removed and I am left wondering whether the staff at McColls are aware of their employer's true intentions.

I am surprised that McColls have not entered into consultation with the local community before making this application and am concerned that they are unaware of the negative impact such an extension would have on residents in the area.

I would be grateful if you would accept this email as a formal objection to the application noted above. Please could you also confirm receipt of this objection by return of email as I note that the onus is on me to evidence that my objection has been received by you.

Subject: request of pro-forma for making objection to proposed extension of hours at McColl's St Boswells.

***** This email was received from the GCSX *****
Dear Clerk of the licensing board,

I would be obliged if you could please forward me a pro-forma for lodging an objection against the proposed extension of hours for McColl's in St Boswells.

I am the owner of [REDACTED] We actually share the building deeds and responsibilities.

Whereas I am delighted with the shop, and its staff members, we have had issues in the past with noise, overall with deliveries early in the morning. I have complained in a number of occasions to the shop manager regarding early morning deliveries, sometimes as early as 0700 am on a Saturday. The noise levels are high due to the trolleys used to move the goods from the lorry to the shop. Our bedroom's windows are situated directly above the shop, and although we invested in double glazing, the noise wakes us up and we can not sleep.

We feel that the proposed increased hours would represent an unacceptable increase on the levels of noise. Our main objection is on the early hours in the morning, we would not object to the shop being open till 23.00 at night. Just customers parking, opening and closing car doors and the unavoidable conversations that ensue as they cross in the street would represent a huge disturbance to our sleep.

I do suffer with sleeping problems due to a variety of issues and if necessary I will seek a note of confirmation from my GP.

Dear Madam,

**LICENSING (SCOTLAND) ACT 2005 - OCCASIONAL LICENCE APPLICATION
PREMISES: THE GREEN, GREENLAW, DUNS, TD106.
APPLICANT: DUNCAN GAVIN MCGINNIS (on behalf of Greenlaw Festival
Trust)**

I refer to the above application and in terms of Section 58(1)(b)(ii) of the Licensing (Scotland) Act 2005, I make the following representation in relation to the application, and recommend that it be granted subject to the conditions as indicated by an 'X' on the attached appendix being applied.

Applicant seeks an occasional licence on Friday 30th June 2017 for Greenlaw Festival Activities between the hours of 19:00 – 23:30.

On 30th June 2016, the Greenlaw Festival caused significant anti-social behaviour and disorder, to such an extent that although no Police resources had been dedicated to the event, a Sergeant and six Officers were deployed from various locations in the Scottish Borders to deal the ongoing incidents and were required to remain there for the duration of the event.

A summary of the incidents / issues that were identified are as follows: -

The following quantity of alcohol was seized from under age persons

- 13 bottles of Budweiser
- 11 cans of Strongbow
- 5 bottles of Stella

- 1 bottle of wine
- 1 bottle of Blue Wicked
- 6 x 70cl bottles of whisky, vodka, cider
- 2 x cocktail bottles.

A call was received from one of the organisers reporting a youth smoking cannabis outside marquee

A local resident reported of group of drunken youths in the High Street.

A local residents car was damaged following a fight between approx 8 youths in Church Hill.

A crime report was submitted following report of an assault on a 16yr old youth from Berwick.

A 45 yr old local male issued with a recorded police warning for urinating in the garden of a property having just left the marquee.

A 15yr old intoxicated youth was returned home to Duns by Police having been denied entry into a taxi due to his state of intoxication / vomiting.

It was noted that there was a distinct lack of supervision by organisers with little / no visible presence of stewards / marshals / door staff.

One steward seen to be wearing a high viz jacket was described by one officer as being drunk.

In order to address these issues the organisers have been requested to attend Scottish Borders Council Safety Advisory Group, which the Police Scotland Licensing Officer will attend.

In addition to the conditions requested on the attached appendix, it is also requested that the licensed area be restricted to the marquee where the bar is situated with no Off Sales, which can be appropriately stewarded.

This representation is submitted for your attention in consideration of this application.

Yours faithfully

Submission to :

Scottish Borders Licensing Board - Meeting at 10am on 16 June 2017

Your Honours,

I address you today in support of the **Extended Hours Applications for the County Inn Peebles on 24th June, 1st July & 8th July 2017.**

As you will know the County is situated in Peebles town centre, and therefore is ideal for servicing supporters interested in the British & Irish Lions rugby games.

Let me introduce myself – Peter Orr, I am the General Manager of the County and have been in situ at the premises for over a year, being nominated as Designated Premises Manager in May 2016. In the period of time I have been established as DPM the County, I believe, has proved to be a well run and respectable food led licensed premises – food alone makes up a substantial 50 % of our weekly revenue, so the associated food and liquor take would be the majority of our weekly takings.

We would like the opportunity to sell alcohol at the premises at this earlier hour, an additional 3 hours, as we believe there will be a genuine interest by Rugby fans for the British & Irish Lions tour of New Zealand, and especially the Test Games. Note there are a number of games on the tour, but we are only applying for the main Test games vs the All Blacks. We intend to open at 8am and we propose to screen the live Sky TV televised broadcast, as the games kick off at 8.35am in New Zealand. We have no doubt the County will have a busy three days when the Test games are broadcast, and this will be of benefit to our business, but also offering a service to our customers.

For your peace of mind we will carry out a risk assessment to consider what we need to do on the day to meet all our Licensing Objectives – as we do for every day of trading, and specifically on major sport days. The County actively encourages a good natured atmosphere but we will have our Personal Licence holders on duty for the specific days to ensure the patrons allowed entry are suitably behaved, which tends to be the norm for rugby supporters.

As per the application, breakfast will be available to order and alcohol will be ancillary to purchasing breakfast. A full range of non-alcoholic drinks including hot drinks will also be available.

Referring now to the Licensing Standards Officer letter objecting to the applications. It is correct the premises will operate more than the 14 hours recommended in your policy. However, your policy also allows applicants to make extended hours applications for one off events. We uphold that the British & Irish Lions vs New Zealand All Blacks rugby Tests are indeed “**a special event of local or national significance**”, which is referred to at Section 68 of the Licensing (Scotland) Act 2005. It is an international sporting event established in 1888 and held every 4 years, with Lions players being selected from the Home nations: England, Scotland, Wales and Ireland – the majority of whom have represented their country at international level.

As intimated earlier breakfast will be available to order and alcohol will be ancillary to purchasing breakfast. Some of our customers will want to watch the game without consuming alcohol, but those who wish to consume alcohol will need to purchase a breakfast. This is normal for premises throughout Scotland who operate with a breakfast licence. We do not want to restrict access, as we want to encourage everyone to watch the games. We will be trading like we do normally, with an open door policy and allowing the customers a choice on what they wish to purchase, whether that be alcohol, non-alcoholic products, food or a combination of all of these.

Referring now to the Police letter objecting to the application. It is correct the premises will operate more than the 14 hours recommended in your policy. However, as intimated earlier your policy also allows applicants to make extended hours applications for one off events, which we believe this is. The Police make reference to no significant entertainment being offered – we will be showing the live Sky TV broadcast of the British & Irish Lions vs New Zealand All Blacks rugby Tests on all of our 10 TVs – that is the purpose for customers to attend.

The Police suggest a precedent may be set. This is for Extended Hours for a one-off event – and the Act does call for each application to be considered on its own merit.

I note Police Scotland has not specifically said the County give them cause for concern and we have not made demands on them in terms of policing or resources.

I am pleased to hear this, and this should be taken into account when you are considering this application. The County and Belhaven Pubs very much support Police Scotland in their work.

Furthermore, in response to the reference of preventing crime and disorder and protecting and improving public health, I would point out we are making this application for a one-off event over three consecutive Saturdays, and have proved from previous International Sport days we are very capable of running a licensed premises without any alcohol fuelled anti-social behaviour and disorder. Rugby fans in the majority tend to be well behaved!

We are offering a secure, safe, controlled and well managed environment.

We would also like to suggest when the game is over the fans will more than likely head off to carry on their normal Saturday routine. We would not envisage the Lions supporters drinking til 1am on Sunday morning – in fact we would not allow it, as our staff are trained to refuse service when they feel the customer should not be drinking more alcohol. And this is internally logged on our till system.

Finally, we note Police Scotland also object on the preventing public nuisance objective and securing public safety. Neither public nuisance nor public safety has been an issue at previous international games, and we cannot be held accountable for something that has not yet happened, or likely to happen.

Our future applications, should this one be successful, will be judged on previous experience, as this one should be.

We hope you will view this application on its own merit, and we move you to grant this application as applied for. I would be happy to answer any of your questions.

Dear Madam

Licensing (Scotland) Act 2005, Section 69(3) – Licensing Standards Officer Report.

Extended Hours Applications – County Hotel, 35 High Street, Peebles, Saturday 24th June, Saturday 1st July and Saturday 8th July 2017

Applicant – Greene King Retailing Ltd. per Belhaven Pubs, Atrium House, 6 Back Walk, Stirling FK8 2QA. SB/PREM/106

With reference to the above applications I object to the granting of the requested extensions on the following grounds:

The hours applied for are out with the Licensing Boards Current Policy Statement, the premises currently operate with core hours for the On Sale of Alcohol commencing at 11 a.m. and terminating at 1 a.m. on the dates applied for. The Licensing Boards Policy states at Section 7.3, "the Board will not normally grant applications for more than 14 hours in any 24 hour period". To grant the applications would create a trading period for On Sales of 17 hours on each of the dates applied for.

The reason given for extending the hours as applied for is to accommodate the viewing of the British Lions Test matches being played in New Zealand which have a kick off time of 8.35 a.m. U.K. time. There is no indication in the applications to indicate the reason being anything other than to allow the consumption of alcohol while viewing the rugby, the applicant is claiming that the sale of alcohol is to be ancillary to the purchase of a breakfast, it would be difficult to see how this could be the case for the duration of a rugby match. There is no indication in the application that access is to be restricted, other than the requirement to purchase a breakfast. This would have the obvious effect of allowing anyone whether interested in rugby or not to commence the consumption of alcohol at a time that no other premises in the Boards area are permitted.

In my opinion if the applications were to be granted it would be likely to be contrary to the Licensing Objective 'Protecting and Improving Public Health'

Selkirk Conservative Club.

Details of Agreed Submission to be presented Personally, and open for Questions.

Further information in Support of Selkirk Conservative Club (SCC) Application for Extended Hours.

The Lions Tours to New Zealand, as we know only happens every 4 years, and many members of Selkirk Conservative Club, are both Members of Selkirk Rugby Club/ other Rugby Clubs in the Borders.

SCC, has a long standing tradition, during the running of the RBS 6 Nations of Providing, Rolls and Soup, to those attending to watch the Rugby. This is made easier due to the fact that there is no appreciable time difference for the RBS 6 Nations.

For the RBS 6 Nations there are usual more than one game to watch at a time, and we have never experienced any difficulty with regards to conduct of those in attendance etc.

In applying for this facility – the Club is mindful of the position, that it is not intending opening its doors in a free for all, , and would be an all ticket event, (which allows for managed catering), for members and bone fide guests only, to watch the one game only per day, during which, a breakfast will be provided.

SCC has operated for many years– a tightly managed “Zero Tolerance” - approach to any issues of bad behaviour including use of language, and all members(with posters and on joining) are advised that this not only applies to the Club Premises, but also, any member`s conduct out with the Club, that is brought to the attention of the Committee, that could potentially reflect on the reputation of the Club if their membership is revealed.

To pick up and hopefully address – the composite objections by the Police and your Licensing Standard Officers.

- a. Not affiliated to a Rugby Club. This is correct, but anyone with knowledge of our approx. 600 members will know those who are still members of and / or have played for Selkirk RFC and other Rugby Clubs, in the past – Rugby being their principle and only sport in their younger days. All televised Rugby Internationals are usually well supported we expect from interest at least 25-35 members.
- b. The “ significant “entertainment being to watch the “Lions Rugby Games – on our big screen”, which only take place every 4 years and are by virtue of location, out of sync with our licensing hours. The added feature benefits for members, is the atmosphere and discussion members have as to play and tactics, that sitting at home does not provide.
- c. Selling for more than 14 hours in 24. The matter has been addressed by the committee, and, we would not like to do anything which would be out of

Selkirk Conservative Club.

step with the usual bounds of the Boards Policy - Licensing Policy 2013-2016 Para 7.3. Because this is only a once every 4 year event, the Committee would like you to consider the following "*operational condition for these applications only* ", that if considered appropriate the LB could allow for the granting of this extension to permitted hours. If the Board were minded to Grant the Applications on the condition that, the Club Committee , ensures closure of the Club at 11 pm on both the Friday and Saturdays as follows.

- i. Friday 23rd June and Saturday 24th June – Close at 11 pm. to facilitate Lions Tour Opening.
- ii. Friday 30th June and Saturday 1st July – Close at 11 pm. to facilitate Lions Tour Opening.
- iii. Friday 7th June and Saturday 8th June – Close at 11 pm. to facilitate Lions Tour Opening.

At this time of the year with holidays, etc., and no planned bands or other entertainments the Lions Tour Games, would appear to be a flexible alternative, option/facility for the members of the Club.

- d. It is intended that this event would be a Members – All Ticket event, with the option of bringing along a bone fide guest, who would also have to purchase a ticket prior to the event, in order that proper facilities for catering were provided. Tickets for each of the game will not be on sale on the date of the events or at the door of the event.
- e. "Precedent" As this is a, once in every 4 years event, (due to location), for the Lions Tour, we appreciate the argument of "precedent", but would consider that along with appropriate conditions and known reputation of the Club in operating a "Zero Tolerance " approach, this would go a long way to mitigating the fears of what "might happen" by the board.

Respectfully submitted for your consideration and I will be on hand to answer any further questions you may have which may resolve any issues.

Signed James P Terras. BA Hons GDL

Secretary / Treasurer.

Dear Madam,

LICENSING (SCOTLAND) ACT 2005 - EXTENDED HOURS APPLICATION
LICENCE NO: SB/PREM/197
PREMISES: SELKIRK CONSERVATIVE CLUB, ETRICK TERRACE, SELKIRK, TD7 4LE.
APPLICANT: MARTIN SCOTT ON BEHALF OF SELKIRK CONSERVATIVE CLUB

I refer to the above premises and an application for extended hours to be granted on Saturday 24th June 2017 and in terms of Section 69(2) of the Licensing (Scotland) Act 2005, I make the following objection.

The premise is a members club and currently holds a premises licence allowing the sale of alcohol between 11:00 to 23:00 Monday to Wednesday, 11:00 to 01:00 Thursday to Saturday and 12:30 to 23:00 on Sundays.

The applicant has applied for a three hour extension, from 08:00 to 11:00 hours on Saturday 24th June 2017. The application then refers to 'normal Saturday licensing hours will then come into effect'.

Section 68(1)(b) of the Licensing (Scotland) Act 2005 allows applications for extended hours to be granted if the Licensing Board consider it appropriate to do so in connection with a special event or occasion to be catered for on the premises or a special event of local or national significance.

The applicant has indicated that the extended hours requested are required to facilitate the showing of the British Lions Tour of New Zealand.

The premise does not appear to be affiliated to any rugby club and the premises would open with no restriction, allowing members and bone fide guests to attend and consume alcohol for any purpose.

If granted, the commencement hour would increase the core hours from 14 to 17 hours that day, which would be out with the guidelines contained within the Licensing Board's Statement of Licensing Policy 2013-2016, paragraph 7.3, which states "As far as on sale hours are concerned, the Board will not normally grant applications for more than 14 hours in any 24 hour period. Where there is no significant entertainment and alcohol consumption is the principal activity, hours should not extend beyond 12.00midnight Sunday to Wednesday and 1.00am Thursday to Saturday, with a commencement time of 11.00am seven days a week".

If the extended hours applied for are granted, Police Scotland are of the opinion that this would set a precedent, which other licensed premises in Scottish Borders would be likely to seek to replicate.

Any extension to the operating hours for the applicant premises, or any other premises enjoying similar licensed hours, will increase the likelihood of over consumption that often ends with crime and disorder.

For these reasons, and in terms of Section 69(2) of the Licensing (Scotland) Act 2005, I object to the application for the purposes of the preventing crime and disorder, securing public safety, preventing public nuisance and protecting and improving public health licensing objectives.

Yours faithfully

Philip Gormley QPM

Dear Madam

Licensing (Scotland) Act 2005, Section 69(3) – Licensing Standards Officer Report.

Extended Hours Applications – Selkirk Conservative Club,, Saturday 24th June, Saturday 1st July and Saturday 8th July 2017

Applicant – Selkirk Conservative Club, Ettrick Terrace, Selkirk, TD7 4LE. SB/PREM/197

With reference to the above applications I object to the granting of the requested extensions on the following grounds:

The hours applied for are out with the Licensing Boards Current Policy Statement, the premises currently operate with core hours for the On Sale of Alcohol commencing at 11 a.m. and terminating at 1 a.m. on the dates applied for. The Licensing Boards Policy states at Section 7.3, "the Board will not normally grant applications for more than 14 hours in any 24 hour period". To grant the applications would create a trading period for On Sales of 17 hours on each of the dates applied for.

The reason given for extending the core hours from 8 a.m. to 11 a.m. as applied for is to accommodate the viewing of the British Lions Test matches being played in New Zealand which have a kick off time of 8.35 a.m. U.K. time. There is no indication in the applications to indicate the reason being anything other than to allow the consumption of alcohol while viewing the rugby although the applicant does state that breakfast is to be served at half time.

In short, this application would have the obvious effect of allowing anyone whether interested in rugby or not to commence the consumption of alcohol at a time that no other premises in the Boards area are permitted.

In my opinion if the applications were to be granted it would be contrary to the Licensing Objective 'Protecting and Improving Public Health'

Yours Faithfully

Ian J. Tunnah

NOTES

Section 68 of the Licensing (Scotland) Act 2005 provides that the holder of a premises licence is eligible to apply for an extension of licensed hours in connection with:

- a special event or occasion to be catered for on the premises; or
- a special event of local or national significance.

This application must be lodged at least 6 weeks prior to the event.

An Extended Hours Application cannot allow a premises to sell alcohol for consumption OFF the premises if the relevant Premises Licence only allows the sale of alcohol ON the premises and vice versa.

The extension of licensed hours may be for such period as is specified in the application or such other period as the Board considers appropriate, but it must not exceed one month.

TO WHOM IT MAY CONCERN

Re: British Lions Test Match vs New Zealand

The current Lions Tour has two borderers playing, one of which comes from Hawick and it would be an opportunity for people with no Sky Contracts to view these games. The Waverley shows all Sports on our premises, at great cost to us - over £1600 per month for our Contracts to date, and this would help towards recouping some of these costs, and giving an even better service to our regular customers.

We know we are on maximum opening hours giving a full service to customers unlike others who only open at lucrative times for the benefit of themselves. It's ironical that other pubs who do not even fulfil their 'operating plan hours' would be eligible to apply.

The Waverley has been in the family business for the past 47 years, and prides itself in having had no problems with any unsavoury trouble for many years.

Because the time difference between New Zealand and U.K. the games are out with the normal opening hours we hope the police and Licensing Board will look favourably towards this application and not be spoiling a few peoples enjoyment of these game

Yours faithfully,

W. Ian Smith

Dear Madam,

LICENSING (SCOTLAND) ACT 2005 - EXTENDED HOURS APPLICATION
LICENCE NO: SB/PREM/366
PREMISES: WAVERLEY BAR, 78 HIGH STREET, HAWICK, TD9 9HR.
PREMISES LICENCE HOLDER: WAVERLEY BAR LTD.

I refer to the above premises and an application for extended hours to be granted on Saturday 1st July 2017 and in terms of Section 69(2) of the Licensing (Scotland) Act 2005, I make the following objection.

The applicant currently holds a premises licence allowing the sale of alcohol between 10:00 to Midnight Monday to Saturday and 11:00 to Midnight on Sundays.

The applicant has applied for a two hour extension, from 08:00 to 10:00 hours on Saturday 1st July 2017.

Section 68(1)(b) of the Licensing (Scotland) Act 2005 allows applications for extended hours to be granted if the Licensing Board consider it appropriate to do so in connection with a special event or occasion to be catered for on the premises or a special event of local or national significance.

The applicant has indicated that the extended hours requested are required to facilitate the showing of the British Lions Tour of New Zealand.

The premise is not affiliated to any rugby club and the premises would open with no restriction, allowing anyone to attend and consume alcohol for any purpose.

If granted, the commencement hour would increase the core hours from 14 to 16 hours that day, which would be out with the guidelines contained within the Licensing Board's Statement of Licensing Policy 2013-2016, paragraph 7.3, which states "As far as on sale hours are concerned, the Board will not normally grant applications for more than 14 hours in any 24 hour period. Where there is no significant entertainment and alcohol consumption is the principal activity, hours should not extend beyond 12.00midnight Sunday to Wednesday and 1.00am Thursday to Saturday, with a commencement time of 11.00am seven days a week".

If the extended hours applied for are granted, Police Scotland are of the opinion that this would set a precedent, which other licensed premises in Scottish Borders would be likely to seek to replicate.

Any extension to the operating hours for the applicant premises, or any other premises enjoying similar licensed hours, will increase the likelihood of over consumption that often ends with crime and disorder.

For these reasons, and in terms of Section 69(2) of the Licensing (Scotland) Act 2005, I object to the application for the purposes of the preventing crime and disorder, securing public safety, preventing public nuisance and protecting and improving public health licensing objectives.

Yours faithfully

Philip Gormley QPM
