### **9. PLACE MAKING UPDATE**

9.1. Portfolio Manager, James Lamb, gave a presentation providing an update of the Place Making Approach. Mr Lamb explained that the report discussed at the previous meeting was a draft which had now been approved by full Council. Recruitment of the 9 newly created posts had progressed, with 5 Community Engagement Officers successfully recruited, 4 of which had started work. The Green Space Programme Officer was also in place. 2 Place Planning and Regeneration Officers would be in post before the end of this month. The recruitment of the Climate Change Officer remained a challenge, with ways to improve the attractiveness of the post being considered. Further work had gone into creating smaller settlements profiles, which incorporated statistics taken from national level on population change, access to amenities and deprivation levels. This would be published on the Council's website along with the smaller town index,

9.2 Following the previous meeting, Mr Lamb had asked the Area Partnership attendees to provide feedback on the proposed Joint Principles, the Framework, Prioritisation and the terms of reference. 21 responses had been received across the 5 area partnership areas, with 2 from the Eildon Area. Overall, this represented less than 4% participation rate, and Mr Lamb acknowledged that the results were more informative than representative. Mr Lamb acknowledged that a Council report was not an effective way of communicating with Area Partnerships. Those in attendance suggested using bullet points and simpler language as a more effective way of engaging with people. The feedback on the Joint Framework was largely positive, with the focus primarily on the need to simplify the language used and whether the approach was sustainable in the long term.

9.3 Regarding the prioritisation of initial communities, Councillor Aitchison drew attention to Newtown St Boswells as a potential area to prioritise, highlighting the impact that workers being largely absent from Council Headquarters had on the number of people visiting the village on a day-to-day basis. The Chairman suggested that the Portfolio Manager

organise a workshop with all interested parties in line with what other Area Partnerships were doing to examine the approach to identifying initial communities. Mr Harrow indicated that the workshop would likely take place late January or early February. The Chairman indicated a preference that the workshop take place at the end of January and thanked Mr Lamb for his presentation and the work that he had undertaken.

Two new trainees had begun work recently, it was hoped that their recruitment would improve the capacity for works to be carried out in the long term. Mr Scott explained that the Road Assets Team used a blended approach, with third party contractors brought in to carry out work where necessary. Mr Scott went on explain that in wintery conditions the primary road network would be prioritised for treatment, after which secondary roads and then tertiary roads would be salted where conditions and resources allowed. Changes made to the planned works programme were outlined and Mr Scott concluded with an update on projects that had been completed. In response to a question, Mr Scott clarified that when he referred to the deferral of work to alleviate drainage problems on the Lauder road, the work would be carried out in the new calendar year.
