SCOTTISH BORDERS COUNCIL EXECUTIVE COMMITTEE

MINUTES of Meeting of the EXECUTIVE COMMITTEE held via MS Teams on Tuesday, 14th June, 2022 at 10.00 am

Present:- Councillors E. Jardine (Chairman), L. Douglas, J. Greenwell, S. Hamilton, J.

Linehan, S. Mountford, D. Parker, J. Pirone, E. Robson, M. Rowley, R. Tatler,

E. Thornton-Nicol and T. Weatherston

Also Present:- Councillor W. McAteer

Apologies:- Councillors C. Cochrane, C. Hamilton

In Attendance:- Chief Executive, Director Education and Lifelong Learning, Director

Infrastructure & Environment, Director People Performance and Change, Financial Services Manager, Democratic Services Team Leader, Democratic

Services Officer (D. Hall)

1. MINUTE

There had been circulated copies of the Minute of the meeting held on 14 March 2022.

DECISION

APPROVED for signature by the Chairman.

2. **2021/22 UNAUDITED REVENUE OUTTURN**

2.1 There had been circulated copies of a report by the Director, Finance & Corporate Governance which provided a statement comparing final revenue outturn expenditure and income for 2021/22 with the final approved budget for the year along with explanations for significant variances. A net, unaudited outturn underspend of £1.427m was achieved in the 2021/22 revenue budget. The £1.427m net underspend (less than 0.5% of final approved budget) was delivered following a number of earmarked balances carried forward from 2021/22 into 2022/23. In total, those amounted to £37.189m and related to a number of initiatives across the Council and specifically included £9.465m of carry forward into the Council's COVID-19 reserve and £1.599m of carry forward by schools under the Devolved School Management scheme (DSM). Council services had delivered an underspend position whilst delivering significant financial plan savings totalling £9.301m. A high level summary of the outturn position in each Service was detailed from section 3.16 of the report. The Council's finances and operating model had continued to be affected by the COVID-19 emergency situation during 2021/22 as well as unprecedented market conditions and inflationary pressures, pressures from pay award and staff recruitment and retention challenges. The Council had administered £73.9m of funding which had been passed to over 5,770 businesses through a variety of business grants. The COVID-19 reserve was utilised during 2021/22 to maintain public services utilising further specific support from Scottish Government to support individuals and businesses during the pandemic. The challenging operating environment had included significant recruitment and retention issues across the Council which contributed to the year-end underspend position but resulted in capacity issues with a number of teams experiencing recruitment issues in filling vacant positions. During 2021/22 detailed revenue monitoring reports were reviewed by the Strategic Leadership Team (SLT) allowing proactive corporate management action to be taken during the year where required. In line with Financial Regulations quarterly monitoring reports were approved by the Executive Committee, authorising the necessary adjustments to the budget throughout the year. There had been an impact on the delivery of approved Financial Plan savings during 2021/22, mainly as a result of the COVID-19 response and recovery phase with slippage experienced in the delivery of planned savings. The level of savings required by the financial plan, totalled £9.301m, in 2021/22. An analysis of delivery of

savings was provided in Appendix 3 to the report. The outturn position showed that £3.489m (37%) savings were delivered permanently in line with approved plans, £1.932m (21%) were delivered in 21/22 with no requirement for the savings to be delivered from 2022/23, with the remaining £3.880m (42%) delivered on a temporary basis through alternative savings.

2.2 The Financial Services Manager, Ms Suzanne Douglas, presented the report and responded to Members questions. Regarding the shift in position from an underspend to an overspend within the learning disability service, the Chief Executive explained that the financial reporting reflected that in the last Quarter there had been underspend within that Quarter, however across the year there had been the overspend reflected within the report. In response to a question regarding funds earmarked for Devolved School Management (DSM), Ms Douglas explained that there had been a higher than expected amount of carry forward of budget by schools, a new DSM scheme was being developed and was expected to come to full Council following the summer recess. Members requested a briefing on the DSM Review. In response to further questions regarding the overspend within the learning disability service, Ms Douglas explained that the difficulties the service faced had been raised early in the financial year, work was ongoing to manage the issues – action plans were in place to contain costs and specific plans designed to deliver savings. The financial position had improved within the final Quarter of the year, with an improved income position and reduced client care packages providing financial benefits. In response to a question regarding the underspend listed under "generic services", Ms Douglas agreed to investigate and provide further details, and suggested that the underspend was due to lower than expected costs incurred related to the Carers Act. Regarding issues with recruitment and an underspend on staffing costs, the Director - People, Performance and Change explained that work was ongoing to address recruitment and retention problems, and that a report would be brought to the Committee outlining the steps that were being taken to address those problems.

DECISION AGREED :-

- (a) the content of the report and noted the favourable outturn position for 2021/22 prior to Statutory Audit;
- (b) to note that the draft unaudited outturn position would inform the budgetary control process during 2022/23 and inform the financial services planning process for future years;
- (c) to approve the sums earmarked under delegated authority by the Director, Finance and Corporate Governance as well as adjustments to previously approved earmarked balances as shown in Appendix 1 to the report; and
- (d) to note the range of pressures associated with the current operating environment will be reported through the monitoring process during 2022/23.

3. CAPITAL FINANCIAL PLAN 2021/22 - FINAL UNAUDITED OUTTURN

There had been circulated copies of a report by the Director, Finance and Corporate Governance which provided a statement comparing the final capital outturn for 2021/22 with the final budget for the year and identified the main reasons for any significant variations. The final capital outturn statement for 2021/22 was included at Appendix 1 to the report and included the reasons identified by the Project Managers and Budget Holders for the variances to the final approved budget. This identified an outturn expenditure of £59.634m which was £7.134m below the final revised budget of £66.766m including timing movement in the final quarter of £7.474m. A number of macro-economic factors affected the Capital Plan during 2021/22. Construction materials supply chain had been subject to unprecedented disruption in recent months. A surge in demand coupled with constraints on supply had led to price increases, shortages and longer lead times.

Any financial implications from those market conditions were reported within the final outturn report with the final financial position for 2021/22. The outturn position provided the basis to inform the Capital Plan requirements in 2022/23, with any longer term impacts reflected in the financial planning process for future years. In recognition of the market conditions experienced in 2021/22 and continuing into 2022/23, the approach to slippage of block allocations within the Capital Plan had been reconsidered. From the 2021/22 outturn, the elements of projects which were legally committed would transfer budget into the next financial year to fund those commitments. All other underspend in block allocations would be carried forward on a pooled basis to benefit the wider Capital Plan. This carry forward from 2021/22 into 2022/23 of £1.253m would be used to establish an inflation contingency in light of the market condition concerns highlighted in the report. In response to a question regarding the potential for any further increases to the costs related to the repair of the Union Chain Bridge, the Director, Infrastructure and Environment, Mr John Curry, explained that work was ongoing with the project partners to manage and mitigate risks, but that material costs continued to increase. Regarding electric vehicles, the Director explained that work was ongoing with fleet management regarding the servicing of the vehicles, and that work was required to assess the impact of disposal costs of the car batteries once they had reached the end of their usage. The Director added that the management and disposal of the batteries would be part of the revenue budget rather than capital.

DECISION

- (a) AGREED:-
 - (i) the final outturn statement in Appendix 1 to the report;
 - (ii) the allocation of the remaining budget of £0.660m from Emergency & Unplanned to Union Chain Bridge as reflected in Appendix 1 to the report; and
 - (iii) the block allocations detailed in Appendix 3 of the report.
- (b) NOTED:-
 - (i) the adjustments to funding in Appendix 1 to the report;
 - (ii) the final block allocations in Appendix 2 to the report
 - (iii) the whole project costs detailed in Appendix 4 to the report.

5. BALANCES AT 31 MARCH 2022

There had been circulated copies of a report by the Director, Finance and Corporate Governance which provided an analysis of the Council's balances as at 31 March 2022. The Council's General Fund useable reserve (non-earmarked) balance was £9.848m at the end of the financial year. The 2021/22 balances were before a series of technical accounting adjustments, the effect of which were expected to be broadly neutral. Adjustments required as a result of the Statutory Audit process would be reported at the conclusion of the Audit. The total of all useable balances, excluding developer contributions, at 31 March 2022 was £64.481m compared to £48.264m at 31 March 2021.

DECISION NOTED:-

- (a) the revenue balances as at 31 March 2022 as contained in Appendices 1 & 2 to the report, including movement in the allocated Reserve since the last reporting period; and
- (b) the balance in the Capital Fund as contained in Appendix 3 to the report.

5. **CORPORATE DEBTS - WRITE-OFFS IN 2021/22**

There had been circulated copies of a report by the Director, Finance and Corporate Governance which detailed the aggregate amounts of debt written off during 2021/22 under delegated authority. The report covered the areas of Council Tax, Non-Domestic Rates, Sundry Debtors, Housing Benefit Overpayments and aged debt from the balance sheet. The total value of write-offs decreased from £0.726m in 2020/21 to £0.39m in 2021/22. There were ongoing risks associated with the management of the Council's debts and those may lead to an increase in the levels of debts that may be required to be written off as irrecoverable in future years. Those were identified in paragraph 5.2 of the report. The Council maintained an appropriate bad debt provision to manage those risks. The Treasury Business Partner, Ms Sara Wilson and Customer Services Manager, Mr Les Grant, presented the report and answered Members questions. Ms Wilson clarified that the reports concerning write-offs are mid-year reports. Members requested that officers provide updates to Elected Members on an informal basis to provide a clear picture throughout the budget setting process. Regarding time barred debts, Ms Wilson explained that any debt not recognised by a debtor in a 5 year period became time barred, and that work was ongoing in partnership with the legal department to ensure that debts were pursued, in court if necessary, and invoices were sent to individuals to ensure that debts did not become time barred. In response to a question regarding the drop in the amount of housing benefit overpayments written off, Mr Grant explained that housing benefit overpayments were pursued differently from other debts, with the overpayment often reclaimed from an ongoing benefit over a longer period of time. Following a change to the benefits scheme, principally the shift to universal credit, the ease with which debts relating to overpayment of benefits could be recovered had increased, and the expectation was that the value of future write offs would be lower. Mr Grant undertook to investigate what "miscellaneous" referred to in the table provided at 5.1 of the report and provide clarity to Members.

DECISION

NOTED that the debtor balances written off during 2021/22 under delegated authority were reduced due to staff being moved to other Covid-related duties and that the level of write offs were likely to increase back to previous levels in 2022/23.

6. OUR PLAN AND YOUR PART IN IT: SCOTTISH BORDERS COUNCIL'S CORPORATE PERFORMANCE AND IMPROVEMENT REPORT QUARTER 4 & ANNUAL REPORT 2021/22

6.1 With reference to paragraph 2 of the Minute of the meeting held on 1 March 2022, there had been circulated copies of a report by the Director - People, Performance and Change which presented a high level summary of Scottish Borders Council's (SBC) Quarter 4 2021/22 with Annual performance information with more detail contained within Appendices 1 and 3 to the report. A summary of the Community Action Team's activity was provided in Appendix 6 to the report. Highlights on the progress of change and improvement projects across SBC under the Fit for 2021 programme was included in appendix 2 to the report, and monitoring of the progress of the Recovery Plan in appendix 4. SBC approved a revised Corporate Plan (Our Plan and Your Part in it 2018- 2023) in February 2018, with four corporate themes. In order to monitor progress against the four themes, performance and context information had been presented quarterly to the Executive Committee, with an annual summary in June each year. Further, the new Council Plan was developed and agreed by SBC in February 2022. As such, the quarterly performance report was being reviewed to ensure alignment with the revised Council Plan. The revised Quarterly Council Performance Report would be presented to SBC on 23 June and therefore, the report would be the last in the current format. During Quarter 4 and throughout 2021/22 SBC had continued to press ahead with a range of important initiatives and innovations, including utilising technology to automate and streamline processes; the replacement programme for synthetic pitches in the region; the continued roll out of the Inspire Learning programme; and Health and Social Care projects working with partners and the wider community.

6.2 The Director – People, Performance and Change presented the report, highlighting that the process to develop the revised framework was ongoing, and the need to align performance against the new Council Plan. It had not been possible to update some of the indicators in the report. Planning permission data was not available until July 2022, and the figures for adults using self-directed support were not available due to a change in the recording system. Members in attendance thanked the Director for the breadth of the report, and praised that the data in the report allowed Members to identify areas that required improvement. In response to a question regarding the reported decrease in mediation referrals, the Director explained that the drop off was expected to be a temporary dip related to covid-19, with a return to the normal trend predicted. Regarding the Eat Well Age Well project, the Director explained that the project was live, and was focussed on ensuring that people ate well and stayed hydrated. Councillor Thornton-Nicol undertook to share the details of the project, and encouraged elected Members to get trained. Regarding the lack of data for adults receiving care at home being unavailable despite the implementation of Total Mobile, the Director, Strategic Commissioning and Partnerships, explained that the reporting system had been fully set up, and that work had been undertaken to make sure that staff were reporting and using the system correctly to ensure that reported data was accurate. The Director – People, Performance and Change provided a definition of volunteers referred to in the report and undertook to define that clearly in future reports.

DECISION

AGREED to:-

- (a) Note the progress update relating to Change and Improvement Projects, referenced at section 4 and detailed further in Appendix 2 to the report;
- (b) Note the changes to performance indicators outlined in Section 5 of the report; and
- (c) Note the performance summarised in Sections 7 and 8, and Approves the Annual Reports set out at Appendices 1, 2 and 3 and the action that is being taken within services to improve or maintain performance.

7. STRATEGIC HOUSING INVESTMENT PLAN PROGRESS FOR 2021-2022

With reference to paragraph 2 of the meeting of the Executive Committee held on 14 September 2021, there had been circulated copies of a report by the Director, Infrastructure and Environment which advised Members of the affordable housing annual completions, and progress made in the delivery of the Strategic Housing Investment Plan (SHIP) projects for the period 2021-2022. The SHIP was the sole document for targeting affordable housing investment in the Scottish Borders. It provided a rolling 5 year planning horizon of identified and prioritised affordable housing development intentions. Current Scottish Government Guidance required that each Council submit a SHIP on an annual basis. In common with previous submissions, SBC's SHIP had received very positive feedback from Scottish Government Officials. For the financial period 2021-22, 314 affordable homes were delivered against envisaged projects set out in the current SHIP 2022-2027. This exceeded the Council's Local Housing Strategy 2017-2022 (LHS) annual target of 128 new affordable homes. Of the 314 homes delivered, Registered Social Landlords delivered 237 additional homes through new building and conversion, plus 60 via purchases of existing homes. In addition, 16 individual house purchases were assisted by Scottish Government's Open Market Shared Ownership scheme. The Scottish Government's Rural Housing Fund assisted a long term empty home to be brought back into use. This represented a 5 year average annual delivery of 180 affordable homes., As at 31 March 2022, 329 affordable homes were under construction, an additional 246 had secured Planning Consent, and Planning Applications were being considered for a further 46 homes. The Chief Planning Officer, Mr Ian Aikman, presented the report, explained that a typographical error at paragraph 1.3 of the report referred to 31 March 2021, the report should have read 31 March 2022, and outlined that he expected the next SHIP to

be submitted in October 2022. Mr Aikman advised that Mr. Begg, Lead Officer for Housing Strategy was retiring at the end of June. Mr Begg had been heavily involved in the preparation of the SHIP and Members thanked him and wished him well for the future. In response to a question regarding pre-screening assessments, Mr Aikman explained that the assessments were carried out by Council Officers on a project basis. With regard to a question on the size of houses built and the lack of those with 4 bedrooms, Mr Aikman advised that housing needs assessments were carried out but he would raise this with RSLs.

DECISION

AGREED to endorse the progress made in the delivery of affordable housing in 2021-22.

8. WHEELCHAIR ACCESSIBLE HOUSING DELIVERY 2021/2022

With reference to paragraph 7 of the Minute of the Meeting of the Executive Committee held on 17 November 2020, there had been circulated copies of a report by the Director, Infrastructure and Environment which provided an annual update regarding the number of wheelchair accessible homes delivered against the Council target for the period 2021/2022. Revised Scottish Government Guidance required Councils to set all tenure wheelchair accessible housing targets. On 17 November the Executive Committee agreed an annual target of 20 houses. During 2021-2022 Registered Social Landlords delivered 48 wheelchair accessible homes, and the private sector delivered zero. In response to a question regarding what measures could be used to encourage the private sector to deliver more wheelchair accessible homes, Mr Aikman explained that whilst measures such as planning informatives and conditions could be used, building regulations were considered the most appropriate means to persuade developers to act. Regarding targets to deliver other types of accessible homes, Mr Aikman explained that reporting on the number the wheelchair accessible homes delivered was required by the Scottish Government, and that he would investigate whether more information could be provided on specific and general needs within future reports.

DECISION

AGREED to welcome the 48 wheelchair standard homes delivered by Registered Social Landlords during 202/21 and express disappointment that no wheelchair standard homes were delivered by the private sector in the same period.

9. PRIVATE BUSINESS

AGREED under Section 50A(4) of the Local Government (Scotland) Act 1973 to exclude the public from the meeting during consideration of the business detailed in Appendix 1 to this Minute on the grounds that it involved the likely disclosure of exempt information as defined in Paragraphs 8 and 9 of Part I of Schedule 7A to the Act.

SUMMARY OF PRIVATE BUSINESS

10. **MINUTE**

The Private section of the Minute of the Meeting held on 22 March 2022 was approved.

11. PROPOSED INFLATIONARY LIFT FOR CARE AT HOME PROVIDERS

A report by the Director, Strategic Commissioning and Partnerships was approved.

The meeting concluded at 12.15 pm

MONITORING OF THE GENERAL FUND REVENUE BUDGET 2022/23

Report by Acting Chief Financial Officer

EXECUTIVE COMMITTEE

16 August 2022

1 PURPOSE AND SUMMARY

- 1.1 This report provides the Executive Committee with budgetary control statements for the Council's General Fund based on actual expenditure and income to 30 June 2022 along with explanations of the major variances identified between projected outturn expenditure/income and the current approved budget.
- 1.2 The Council has started the new 2022/23 financial year with a number of pressures emerging regarding the current operating environment. These include continuing impacts from the COVID-19 recovery period and unprecedented inflation levels in the wider economy causing both internal Council pressures and also pressures on critical service delivery partners. It is therefore proposed that the current COVID-19 reserve, previously held to provide one-off funding to support the impacts of COVID-19, be redirected to a 'Recovery Fund'. This Recovery Fund will support the Council, and where appropriate its partners, through deployment of one-off funding to support the current operating environment including impacts of COVID-19 recovery, inflation pressures and wider operating constraints including staffing challenges. Due to the very challenging operating environment it remains essential that the Council continues to operate as efficiently as possible to ensure that any financial implications not yet clear can be managed as the financial year progresses.
- 1.3 Forecasts have been completed at the first quarter of 2022/23 at the 30th June, projecting the Council to be in a balanced position at the financial year end. This forecast position includes the deployment of £4.249m of the Recovery Fund in order to balance the 2022/23 budget resulting in a balance of £5.807m remaining to address future pressures. The Recovery Fund will be drawn down as required to meet identified financial pressures.
- 1.4 Confirmed funding is in place for 2022/23 and is categorised as follows:

| Confirmed Covid-19 funding - 2022/23 | £m |
|--|--------|
| Funding provided by Scottish Government | 0.156 |
| Funding carried forward from 2021/22 through COVID-19 reserve | 9.465 |
| Funding included in the 2022/23 Financial Plan for COVID-19 response | 0.069 |
| Assumed Local Mobilisation Plan (LMP) funding | 0.366 |
| Total COVID-19 funding | 10.056 |

Page 9

- 1.5 COVID-19 funding is split between funding which has been ring-fenced to be used for a specific purpose (£1.974m) for example education recovery, LMP and admin funding, and that which can be used more generally by the Council to address COVID-19 pressures (£8.082m). This includes all residual COVID-19 funding carried forward from 2021/22 and full details of funding available are shown in Appendix 2.
- 1.6 Financial plan savings of £12.027m require to be delivered in 2022/23. An analysis of deliverability is shown in Appendix 3. Following the June month end £6.965m (58%) savings have been delivered permanently, £3.509m (29%) are profiled to be delivered by 31 March 2023 and £1.553m (13%) have been delivered on a temporary basis through alternative savings.

2 RECOMMENDATIONS

- 2.1 It is recommended that the Executive Committee:-
 - (a) notes the projected corporate monitoring position reported at 30 June 2022, the remaining pressures identified, the underlying cost drivers of this position and the identified areas of financial risk as reflected in Appendix 1;
 - (b) approves that the current COVID-19 reserve, previously held to provide one-off funding to support the impacts of COVID-19, be redirected to a 'Recovery Fund' to support the current operating environment including impacts of COVID-19 recovery, inflation pressures and wider operating constraints;
 - (c) notes the pressures of £4.249m detailed in appendix 1 being funded from the Recovery Fund in 2022/23 in order to balance the budget;
 - (d) notes the Recovery Fund resources detailed in Appendix 2;
 - (e) notes the progress made in achieving Financial Plan savings in Appendix 3; and
 - (f) approves the virements attached as Appendix 4 & 5.

3 PROJECTED OUTTURN

- 3.1 The revenue monitoring position set out in this report and summarised in Appendix 1 is based on actual income and expenditure to the 30 June 2022.
- 3.2 The Council has started the new 2022/23 financial year with a number of pressures emerging regarding the current operating environment. These include continuing impacts from the COVID-19 recovery period and unprecedented inflation levels in the wider economy causing both internal Council pressures and also pressures on critical service delivery partners. It is therefore proposed that the current COVID-19 reserve, previously held to provide one-off funding to support the impacts of COVID-19, be redirected to a 'Recovery Fund'. This Recovery Fund will support the Council through deployment of one-off funding to support the current operating environment including impacts of COVID-19 recovery, inflation pressures and wider operating constraints including staffing challenges.
- 3.3 In 2020/21 and 2021/22 financial years, Scottish Government adopted a twin track approach to funding of COVID-19 pressures through a Local Mobilisation Plan (LMP) for Integration Joint Board (IJB) functions and separate Council funding. The Council is currently completing the first LMP return for 2022/23 with the assumption that £0.366m of COVID-19 pressures will be funded by Scottish Government as reflected in the appendices to this report.
- 3.4 Current unprecedented inflation levels in the UK are impacting the Council directly and through impacts on delivery partners. At the first quarter additional direct costs of £0.850m are forecast based on current inflation levels. These pressures are being met from the Recovery Fund.
- 3.5 An agreement for pay award for all staffing groups across the Council has yet to be reached nationally for 2022/23 and therefore presents a risk to the revenue budget. The revenue budget for 2022/23, approved by Council on 22nd February 2022, included an assumed pay award for all staff of 2%. Any deviation from this assumed 2% will impact on the Council's budget and will be reported through future monitoring reports.
- 3.6 Analysis of the revenue budget after 3 months of the financial year forecasts a balanced year end position will be delivered assuming that the COVID-19 reserve will be sufficient to cover pressures as they materialise. This position reflects updates in both known COVID-19 implications and service specific issues to provide an estimated year end position. The remaining one-off Recovery Fund has been reduced by £4.249m at the first quarter position resulting in a balance of £5.807m remaining to address future pressures.
- 3.7 The current monitoring position indicates additional forecast annual expenditure and impacts on income associated with COVID-19, inflation and service pressures of £4.249m as shown below.

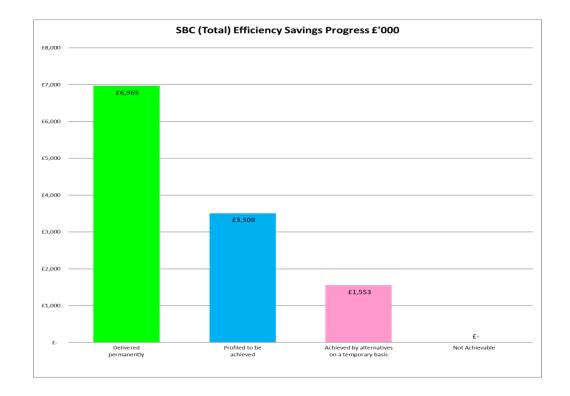

| Budget Pressure | £m | Comment |
|----------------------------------|-------|--|
| Additional COVID-19 costs | 0.960 | These additional costs are detailed per service in Appendix 1 and include additional costs such as PPE and cleaning materials. |
| Education recovery | 0.400 | Specific Scottish Government funding to support education recovery |
| Local Mobilisation Plan (LMP) | 0.366 | Budget claimed through Scottish Government to fund ongoing COVID-19 pressures in IJB services |
| Service pressures | 1.673 | Net service pressures forecast at the first quarter of 2022/23 |
| Inflation pressures | 0.850 | Pressures identified in 2022/23 based on current inflation levels |
| Total Council pressures | 4.249 | |

3.8 Full details of COVID-19 funding available is shown in Appendix 2. The updated total funding of £4.249m required to address current forecasts is detailed below:

| Funding | £m | Comment |
|---|-------|---|
| Funding carried forward from 2021/22 through Covid-19 Reserve | 3.414 | Scottish Government funding to support COVID-19 pressures carried forward from 2021/22 through the Covid-19 Reserve |
| Education recovery | 0.400 | Specific Scottish Government funding to support education recovery |
| Local Mobilisation Plan (LMP) | 0.366 | Budget claimed through Scottish Government to fund ongoing COVID-19 pressures in IJB services |
| Council 2022/23 Financial Plan | 0.069 | Budget allocated through the 2022/23 Financial Plan to support COVID-19 response and recovery. |
| Council COVID-19 revenue funding | 4.249 | |

3.9 There is a risk during this recovery period and challenging operating environment that services become over reliant on additional one-off funding. One off resources have been available since 2020/21 through the previous COVID-19 reserve and currently through the Recovery Fund, these resources are finite and managers therefore need to ensure that as services return to a new normal, action is taken to manage budget pressures as they arise. The following management actions are required for the remainder of this financial year and beyond to contain pressures yet to emerge within the existing budget:

- Contain additional costs wherever possible;
- Maximise income opportunities;
- Consider options around service discretionary spend;
- Consider wherever possible how savings can be accelerated from 2023/24 into 2022/23 to support the financial position in the current year.
- 3.10 The level of savings required by the financial plan in 2022/23 totals £12.027m. An analysis of delivery of savings as at the end of month 3 is provided in Appendix 3. This analysis shows that following the June month end £6.965m (58%) savings have been delivered permanently, £3.509m (29%) are profiled to be delivered by 31 March 2022 and £1.553m (13%) have been delivered on a temporary basis through alternative savings.

3.11 Strategic Leadership Team (SLT) have noted the significant improvement in savings delivery compared to the same reporting period in 2021/22 and remain focused on ensuring that the £3.509m, which is profiled to be delivered by 31 March 2023, is progressed and delivered permanently as soon as possible.

3.12 Infrastructure & Environment

The service is showing a pressure of £0.987m. The main pressures relate to property being repaired & furnished for homeless (£0.120m); ongoing Covid-19 recovery requirements for cleaning, PPE enhancement, staffing and equipment (£0.302m); reduction in income (£0.060m); fuel inflation (£0.214m); hired & contracted cost inflation (£0.194m); increased maintenance costs (£0.027m) and the cost of 5 year Local Development Plan (£0.070). SBcContracts position will be challenging in 2022/23 due to unprecedented rises in the costs of raw materials and fuel as well as a shortage of bitumen is causing ongoing supply chain issues and work continues with clients, designers and suppliers to overcome delays.

An earmarked balance of £4.025m from Second Homes Council Tax to support future investment in affordable housing is being sought.

3.13 **Social Work & Practice**

Social Work & Practice is forecasting an overall budget pressure of £2.004m for 2022/23 with £1.004m reflected in the appendices to this report. The most significant pressure relates to increased external placements within the Children's and Family service (£1.745m). £0.745m of this pressure has been funded from the Council's Recovery Fund with options being explored to fund the remaining pressure of £1m from existing Social Work budgets. Further pressures relate to increases to the contract rates to homecare providers who continue to experience Covid-19 pressures (£0.259m) and pressures such as PPE within SBCares of £0.107m both of which have been included in the first quarterly LMP claim for 2022/23.

Learning Disability are managing forecast pressures of £0.295m above budget primarily due to the 2022/23 impact of client specific pressures which were funded non-recurrently in 2021/22. These pressures along with the requirement to deliver savings of £0.472m pose a financial risk as the year progresses if they are not managed effectively.

3.14 Education & Lifelong Learning

Budgets are being created to manage the Council's share of £10m for Summer Holiday Food and Childcare programme and £3.9m for Easter Study support. Pupil Equity Funding (PEF) is being allocated from Central Schools to Primary and Secondary and South East Improvement Collaborative (SEIC) funding is being allocated to Additional Support Needs for the start of the new academic year.

Detailed work has been undertaken to review the overall service budget to permanently reallocate in line with the aims of the service and support the delivery of the revised DSM scheme from the start of the new academic year in August 2022. Virements associated with the new DSM review will be reflected as part of a report on a revised DSM scheme being presented to August Council.

The service is showing a pressure of £0.463m relating to impacts of inflation (£0.399m) and a one off fuel grant given to school transport operators (£0.064m).

3.15 **Resilient Communities**

Budgets are being created to manage the Council's share of £280m £150 Cost of Living Payment for Low Income Households and £3.4m Adult Disability Payment.

The service is showing a pressure of £0.385m. The main pressure relates to the higher demand under the Council Tax Reduction Scheme (£0.304m), the uptake is expected to increase following an advertising campaign to ensure individuals and families are accessing their entitlement to the scheme. Grants relating to the Queen's Platinum Jubilee were higher than the budget allocation (£0.040m); additional temporary resource was required to process backlogs due to increased workloads as a result of Covid-19 (£0.043m). Recovery of over payments in respect of Housing Benefit have been less than anticipated (£0.060m); a small underspend due to part year relief for the Great Tapestry of Scotland (£0.062m) offsets this.

3.16 Finance & Corporate Governance

A virement is being requested to transfer available budget for Loans Charges to Sports Services to fund depreciation and interest charges for sports pitches.

The service is showing a pressure of £0.381m mainly relating to a shortfall in grants administration recharge (£0.200m) and increased costs of the Page $^{(2)}$

local elections (£0.143m).

3.17 **People, Performance and Change**

The service is showing a small pressure of £0.047m from the investment in the Mosaic provider portal which is being funded from the Recovery Fund. This investment will provide a key live link between social work providers and the Council and will contribute towards the ambition of automation of processes wherever possible, reducing manual effort.

3.18 Strategic Commissioning and Partnerships

Strategic Commissioning & Partnerships is forecasting a pressure of £0.411m above budget for 2022/23. This is from ongoing pressures in Information Technology from CGI service charges due to increased use of computer storage platforms (£0.267m). SB Cares is presenting a pressure related to Covid-19 costs (£0.107m) largely related to continued use of PPE at higher than pre-pandemic levels. The service is working with significant staff vacancies which are partially offsetting increased costs for agency and overtime. Sports Services is forecasting a pressure (£0.037m) relating to Jedburgh Campus management fee after depreciation and interest charges for sport pitches have been covered by an internal transfer.

4 IMPLICATIONS

4.1 Financial Recommendations

There are no costs attached to any of the recommendations contained in this report, its content being specifically related to the performance of the revenue budget in 2022/23.

4.2 Risk and Mitigations

There is a risk that further cost pressures may emerge as the year progresses or that the savings required by the Financial Plan may not be delivered as planned, both of which may impact on the outturn position. Every effort must continue to be made by Directors to contain projected spend in the remainder of the year and to consider permanent effects on the Financial Plan. These efforts include maintaining a focus on sound financial management, balancing the budget and delivering good value for money and ensuring these remain key aspects of the culture of the Council.

4.3 It is imperative therefore that as many savings as possible identified within the 2022/23 and previous financial plans are delivered permanently to ensure affordability and budget sustainability.

The risks identified above are being managed and mitigated through:-

- (a) monthly reports of actual expenditure and income against approved budgets being made available to budget managers from the Council's Business World System.
- (b) review of budget variances and monitoring of management actions to control expenditure by Finance, Service staff and Directors and quarterly reporting to SLT, and monthly on an exception basis.
- (c) engagement with Departments and review of monthly management accounts by Directors.
- (d) supporting departmental transformation projects to monitor and deliver the planned transformation savings in the medium-term Financial Plan.
- (e) Internal Audit are undertaking a 'Business Planning, Budget Setting, Monitoring & Reporting, including Workforce Planning' audit, which will

check for evidence of (a) to (d) being in practice across the Council as part of their independent and objective review of practices to facilitate good practice and continuous improvement.

4.4 Integrated Impact Assessment

It is anticipated there will be no adverse impact due to race, disability, gender, age, sexual orientation or religion/belief arising from the proposals contained in this report.

4.5 Sustainable Development Goals

There are no significant effects on the economy, community or environment.

4.6 **Climate Change**

No effect on carbon emissions are anticipated from the recommendation of this report.

4.7 **Rural Proofing**

It is anticipated there will be no adverse impact on the rural area from the proposals contained in this report.

4.8 **Data Protection Impact Statement**

There are no personal data implications arising from the proposals contained in this report.

4.9 Changes to Scheme of Administration or Scheme of Delegation

No changes to either the Scheme of Administration or the Scheme of Delegation is required as a result of this report.

5 CONSULTATION

5.1 The Director (Finance & Corporate Governance), the Monitoring Officer/Chief Legal Officer, the Chief Officer Audit and Risk, the Service Director HR & Communications, the Clerk to the Council and Corporate Communications have been consulted and any comments received have been incorporated into this final report.

AT END OF MONTH:

Jun-22

| SUMMARY | | | | | | | | COUNCIL |
|--|------------------------|---------------------------|------------------------------|---------------------------------|--------------------------------|---------------------------------|------------------------------------|--|
| | Base Budget (£'000) | Actual to Date (£'000) | Revised Budget (£'000) | Projected Outturn (£'000) | Outturn Variance (£'000) | Proposed Virement (£'000) | Projected (over)/under spend | Summary Financial Commentary |
| Infrastructure & Environment | 47,116 | 15,176 | 52,563 | 49,577 | 2,986 | (2,986) | 0 | Infrastructure & Environment are forecasting a pressure of £0.987m. The service continues to face challenges as a result of Covid-19 recovery and in addition to this is being adversely affected by the inflationary pressures currently impacting the economy. Balanced position is forecast following virements to reflect latest expenditure and income forecasts across the Council. |
| Social Work & Practice | 76,119 | (785) | 74,388 | 75,133 | (745) | 745 | 0 | Social Work & Practice is forecasting an overspend position of £1.004m. £0.745m can be attributed to external placements within Children & Families and £0.259m within Older People due to Covid-19 pressures for homecare providers. Further pressures across the service have been forecast with work continuing to contain these within existing budgets. Balanced position is forecast following virements to reflect latest expenditure and income forecasts across the Council. |
| Education & Lifelong Learning D O Resilient Communities | 115,987 | 29,040 | 112,578 | 113,307 | (729) | 729 | 0 | Education & Lifelong Learning are forecasting a pressure of £0.463m. £0.399m relates to unitary charge inflationary pressure, with the remaining £0.064m a one off fuel grant to school transport operators. Additional Scottish Government funding of £0.102m provided additional CO2 monitors in classrooms. Balanced position is forecast following virements to reflect latest expenditure and income forecasts across the Council. |
| Restrient Communities | 18,684 | (19,142) | 22,732 | 28,585 | (5,853) | 5,853 | 0 | Resilient Communities are forecasting a pressure of £0.385m. The Council Tax Reduction Scheme has a much higher demand on the back of Covid-19 and is expected to increase further as a result of the advertising campaign. Balanced position is forecast following virements to reflect latest expenditure and income forecasts across the Council. |
| Finance & Corporate Governance | 28,607 | 3,760 | 31,915 | 28,923 | 2,992 | (2,992) | 0 | Finance & Corporate Governance has utilised £4.249m of funds from the Recovery Fund to meet the Covid-19, inflationary and service pressures across SBC. Within the service there is a pressure of £0.373m relating to Councillor pay awards £0.030m, higher than anticipated election costs £0.143m and shortfalls in grants administration recharge of £0.200m. Balanced position is forecast following virements to reflect latest expenditure and income forecasts across the Council. |
| People, Performance and Change | 7,206 | 1,651 | 7,594 | 7,641 | (47) | 47 | 0 | People, Performance & Change are forecasting a pressure of £0.047m in respect of the mosaic portal. Balanced position is forecast following virements to reflect latest expenditure and income forecasts across the Council. |
| Strategic Commissioning & Partnership | 31,152 | 10,045 | 37,658 | 37,984 | (326) | 326 | 0 | Strategic Commissioning & Partnerships is forecasting an out turn of £0.411m above budget. £0.267m relates to Information Technology increased service charges and £0.107m in SB Cares related to unfunded Covid-19 pressures for PPE and equipment. While the balance of £0.037m is within Sports Services relating to the Jedburgh Campus management fee. Balanced position is forecast following virements to reflect latest expenditure and income forecasts across the Council. |

Infrastructure and Environment continues to face challenges in relation to Covid recovery and inflationary pressures on the economy. Covid related pressures are being seen within our Cleaning Services where enhanced cleaning arrangements remain in place. Within frontline operational services we are seeing inflationary impacts on materials and services including significant fuel price increases.

The homeless service is projecting increased costs in preparing properties for use to support both Covid and the Ukrainian response.

SBcContracts position will be challenging in 2022/23 due to the impacts of unprecedented rises in the costs of raw materials and fuel. The war in Ukraine has further compounded what was already a challenging position, creating a shortage of bitumen across Europe and the UK, this is a main component for undertaking roads construction and maintenance activities. Supply chain issues are therefore ongoing and work continues with clients, designers and suppliers to overcome delays.

The service has £2.492m of financial plan savings to deliver in 2022/23, £0.631m of these have been delivered permanently and £0.533m temporarily leaving £1.328m profiled to be delivered in the balance of the year. Planning fee income can be a volatile area, however we are currently forecasting to achieve budget and this will be closely monitored over the year.

Key Highlights, Challenges and Risks

Social Work & Practice is forecasting an overspend position of £0.745m for 2022/23 at the end of Q1. The services continue to experience Covid-19 pressures and are working to transform in line with the post pandemic economic and workforce conditions. The overspend position is in Children and Families service where there are significant pressures relating to external placements. Older People continue to experience material staff absences and Covid-19 pressures for homecare providers to be funded from the Local Mobilisation Plan (LMP). Learning Disability is forecasting an overspend primarily due to the 2022/23 impact of client specific pressures funded non-recurrently in 2021/22. Some 2022/23 Scottish Government funding (£400k) has been transferred to support the service while work progresses to mitigate in year pressures.

Education & Lifelong Learning is facing inflationary pressures relating to the unitary charge of £399k as inflation was double the budgeted amount at the annual payment revision dates. Funding for summer holiday provision for children between the ages of 5 and 14 is targeted at specific groups this year but a varied program is again being provided across Scottish Borders through our partners. Our Early Years centres are also running sessions for family groups throughout the summer. Scottish Government funding of £102k for additional C02 monitors provided additional monitors in classrooms. The new DSM scheme is proposed to commence at the start of the new academic year in August 2022; as part of this process, budgets across Education & Lifelong Learning will be restructured to support this.

| | | | | Key Highli | ghts, Challeı | nges & Risks | 3 | |

Resilient Communities is continuing to experience challenges due to Covid-19: additional resource has been required temporarily to deal with backlogs due to increased workloads; Council Tax Reduction Scheme has seen a much higher demand on the back of Covid-19 and a take up is forecast to increase further following the advertising campaign. This will continue to be monitored closely to ensure accuracy of future forecasts. There was a higher than anticipated uptake in grants for the Queen's Platinum Jubilee celebrations.

The service has £0.380m of financial plan savings to deliver in 2022/23, £0.092m of these have been delivered permanently and £0.242m temporarily leaving £0.046m profiled to be delivered in the balance of the year.

MONTHLY REVENUE MANAGEMENT REPORT SCOTTISH BORDERS COUNCIL 2022/23

AT END OF MONTH:

Key Highlights, Challenges & Risks

The Recovery Fund is held within Finance & Corporate Governance service to be allocated to services as required.

There is a projected pressure of £0.200m due to a projected shortfall in grants administration recharge based on current external funding opportunities. Democratic services have an overall pressure of £0.181m due to higher than budgeted local election costs and councillor pay award.

The service has £3.477m of financial plan savings to deliver in 2022/23, £3.275m of these have been delivered permanently and £0.007m temporarily leaving £0.195m profiled to be delivered in the balance of the year.

| Total | 7,206 | 1,651 | 7,594 | 7,641 | (47) | 47 | 0 | |

Key Highlights, Challenges & Risks

Overall People, Performance & Change is forecast to remain within budget for 2022/23, there is a small pressure of £0.047m in respect of the Mosaic provider portal.

The service has £0.190m of financial plan savings to deliver in 2022/23, £0.112m of these have been delivered permanently and £0.049m temporarily leaving £0.029m profiled to be delivered in the balance of the year.

|--|------------------------|---------------------------|------------------------------|---------------------------------|--------------------------------|---------------------------------|------------------------------------|---|
| Information Technology | 11,730 | 3,474 | 17,117 | 17,384 | (267) | 267 | 0 | Ongoing pressure in CGI service charges due to increased use of computer storage platforms (£267k). |
| SB Cares | 13,675 | 4,697 | 14,762 | 14,762 | 0 | | | £107k pressure relating largely to the continued increased PPE requirement in Care Homes and Home Care settings. Additionally, staffing pressures related to increased use of overtime and agency staff due to recruitment issues. Both are anticipated to be managed within the service. |
| Cultural Services | 3,783 | 1,306 | 3,766 | 3,766 | 0 | | 0 | |
| Sports Services | 1,965 | 569 | 2,012 | 2,071 | (59) | 59 | | Transfer available budget from Loan Charges to fund depreciation and interest charges for sports pitches (£22k). Forecast management fee pressure relating to Jedburgh Campus (£37k). |
| Total | 31,152 | 10,045 | 37,658 | 37,984 | (326) | 326 | 0 | |
| T | | | | Key High | lights, Challe | nges & Risk | S | |

Key Highlights, Challenges & Risks

Strategic Commissioning & Partnerships is forecasting an outturn of £0.411m above budget. This is from ongoing pressures in Information Technology from CGI service charges due to increased use of computer storage platforms £0.267m. SB Cares is presenting a largely balanced position but recognising additional unfunded Covid-19 costs largely related to continued use of PPE at higher than pre-pandemic levels at £0.107m. Sports Services is forecasting a £0.037m pressure relating to Jedburgh Campus management fee after deepeciation and interest charges have been covered by an internal transfer.

MONITORING OF THE CAPITAL FINANCIAL PLAN 2022/23

Report by Acting Chief Financial Officer EXECUTIVE COMMITTEE

16 August 2022

1 PURPOSE AND SUMMARY

- 1.1 This report updates the Executive Committee on the progress of the 2022/23 Capital Financial Plan and seeks approval for virements and the reallocation of funds.
- 1.2 The monitoring tables in Appendix 1 report on actual expenditure to 30 June 2022. Key issues and highlights identified in these tables are summarised within this report.
- 1.3 The June month end position reflects a projected outturn of £113.190m with a net budget variance of £0.342m. This includes net timing movements from 2022/23 of £0.792m.
- 1.4 A number of macro-economic factors continue to affect the Capital Plan in 2022/23. Unprecedented levels of inflation along with disruption in the construction materials supply chain continues to impact on the wider economy and consequently the Council. A surge in demand coupled with constraints on supply has led to price increases, shortages and longer lead times. The impact of this on tender prices for major projects and the wider Capital Plan continues to be assessed.
- 1.5 Current legally committed projects have a small risk of impact and block programmes of work can operate within a cash constrained budget and are considered lower risk, however would impact on the scale of project delivery from the blocks. The most significant risk therefore lies in the contracts being tendered this year which may result in a budget pressure. Any financial implications from these market conditions will be reported through the regular budget monitoring cycle with any longer term impacts reflected in the financial planning process. In anticipation of inflationary pressures an inflation contingency of £1.253m was established at the 2021/22 year end to support potential budget pressures. Through this first quarterly monitoring process this contingency has been increased by a further £0.179m, giving a revised contingency of £1.432m to support the Capital Plan as the year progresses.
- 1.6 Appendix 2 contains a list of the block allocations approved for this year and the various approved and proposed projects to be allocated from them within the 2022/23 Capital Plan.
- 1.7 Appendix 3 contains a list of estimated whole project capital costs for single projects which will not be completed in the current financial year.

2 RECOMMENDATIONS

- 2.1 It is recommended that the Executive Committee:
 - (a) Agrees the projected outturn in Appendix 1 as the revised capital budget and approves the virements required;
 - (b) Notes the budget virements previously approved by Directors, detailed in Appendix 2, under delegated authority;
 - (c) Notes the list of block allocations detailed in Appendix 2; and
 - (d) Notes the list of whole project costs detailed in Appendix 3.

3 BACKGROUND

- 3.1 The Council approved the Capital Plan for the period 2022/23 to 2031/32 on 22 February 2022, which has subsequently been updated to reflect budget adjustments, associated timing movements and other approvals.
- 3.2 The table below shows the movements in the resources of the Capital Plan through 2022/23:

| | £000s |
|--|---------|
| Capital Plan 2022/23 as approved at Council 22 February 2022 | 103.318 |
| Netherdale pitch replacement – Executive Committee 1 st March 2022 | 0.425 |
| Land at Easter Langlee, Galashiels – Executive Committee 22 nd March 2022 | 0.132 |
| Timing movements and budget adjustments reported as part of out-turn 2021/22 | 8.973 |
| Revised Capital Plan 2022/23 | 112.848 |

- 3.3 The presentation of the monitoring tables in Appendix 1 focuses on the three year Operational Plan of the approved 10 year Capital Financial Plan. The first section of the tables in Appendix 1 focuses in detail on the 2022/23 position, there are three columns each for 2023/24 and 2024/25 and then three columns for the 7 year strategic plan 2025/26 to 2031/32. For 2022/23 the variance between the latest approved budget and the projected outturn is analysed between timing movements between financial years and absolute changes in costs (budget movements). For 2023/24 and 2024/25 the table presents the impact of the total variance projected between the latest approved budget and projected outturn. Below the tables, a narrative is provided where appropriate.
- 3.4 This report is the first monitoring report in the planned reporting schedule for 2022/23.

4 MONITORING THE PLAN

- 4.1 Appendix 1 to this report contains the budget monitoring tables. The actual expenditure to 30 June 2022 is shown together with the projected outturn for the full financial year and where appropriate contains an explanation of budget movements. Appendix 2 also contains any budget and timing movements approved by Directors under the Financial Regulations approved in January 2022.
- 4.2 The actual expenditure to 30 June 2022 has been adjusted for any credit balances for accrued expenses from 2022/23 which have not yet been invoiced.
- 4.3 Appendix 2 contains a summary for each block allocation within the 2022/23 Capital Plan of approved and proposed proposals for various projects and programmes.
- 4.4 Appendix 3 contains a list of estimated whole project capital costs for single projects where the project will not be completed in the current financial year.

5 HIGHLIGHTS

- 5.1 As reflected in Appendix 1, there are some timing movements with regards to the funding and expenditure associated with projects.
- 5.2 Key highlights from variances in Appendix 1 are:

a) Cycling Walking & Safer Routes

Create budgets to reflect additional grant from Scottish Government of £234k for the purpose of undertaking works for local cycling, walking and safer routes projects.

b) Roads & Bridges -inc. RAMP, Winter Damage & Slopes

Create budgets to reflect additional funding from the Scottish Forestry Strategic Timber Transport Scheme and partner contributions of £477k to undertake improvement works at the D172-6 Harehead and B6357 east of Swinnie.

c) Roundabout at Easter Langlee, Galashiels

Create budgets to reflect development contributions of £495k for construction of new roundabout at Easter Langlee, Galashiels

d) Hawick Regeneration Block

The Hawick Business Centre project has commenced on site and is progressing well. There were delays in concluding the procurement prior to the construction and this has had an impact on the projected spend in 2022/23, with a timing movement of £851k to 2023/24 now required.

5.3 **Emergency & Unplanned Schemes**

The table below provides an update on the position for Emergency & Unplanned Schemes showing no movement from the budget approved in February 2022.

| Emergency & Unplanned | £000s |
|--|-------|
| Budget as Approved at Council 22 February 2022 | 0.175 |
| Current balance | 0.175 |

6 IMPLICATIONS

6.1 Financial

There are no financial implications beyond those contained in the report and Appendices 1-3.

6.2 Risk and Mitigations

At the end of June 2022, actual expenditure totalled £8.685m which represents 8% of the projected outturn, excluding the impact of year end accruals. There is a risk of further timing movements this financial year some of which has already been highlighted in narrative in Appendix 1. It is vital that capital budgets continue to be monitored carefully through the Project Managers and that their outturn projections are as accurate as possible. This is important as optimism bias by managers with respect to spend profiles may result in the council borrowing in advance of need and thereby incurring the cost of carrying surplus funds.

6.3 Integrated Impact Assessment

No Equalities Impact Assessment has been carried out in relation to the contents of this report; it is, however, expected that for individual projects this work will have been undertaken by the relevant project manager/ budget holder prior to budget being approved.

6.4 Sustainable Development Goals

There are no direct economic, social or environmental issues with this report although there may be within individual projects and these will be identified and addressed as appropriate as part of their specific governance arrangements.

6.5 Climate Change

There are no direct carbon emissions impacts as a result of this monitoring report; however, there may be within individual projects and these will be identified and addressed as appropriate as part of their specific governance arrangements.

6.6 **Rural Proofing**

This report does not relate to new or amended policy or strategy and as a result rural proofing is not an applicable consideration.

Data Protection Impact Statement

There are no personal data implications arising from the proposals contained in this report.

6.8 Changes to Scheme of Administration or Scheme of Delegation

No changes to the Scheme of Administration or Delegation are required as a result of the report.

7 CONSULTATION

- 7.1 The Director (Finance & Corporate Governance), the Monitoring Officer/Chief Legal Officer, the Chief Officer Audit and Risk, the Director (People Performance & Change), the Clerk to the Council and Corporate Communications have been consulted and any comments have been incorporated into the final report.
- 7.2 The Director Infrastructure & Environment has been consulted in the preparation of this report and the content of the detailed appendices.

BALANCES AT 31 MARCH 2023

Report by Acting Chief Financial Officer

EXECUTIVE COMMITTEE

16 August 2022

1 PURPOSE AND SUMMARY

- 1.1 This report provides the Executive Committee with an analysis of the Council's balances as at 31 March 2022 and advises Members of the projected balances at 31 March 2023.
- 1.2 The unaudited Council's General Fund useable reserve (non-earmarked) balance was £9.848m at 31 March 2022. The General Fund useable reserve is projected, at this early stage in the financial year, to be at least £8.421m at 31 March 2023 in line with the Council's Financial Strategy.
- 1.3 The total of all useable balances, excluding development contributions, at 31 March 2023 is projected to be £39.126m, compared to £64.481m at 31 March 2022. The reduction in balances year to year is primarily due to the release of earmarked balances, carried forward from 2021/22, into the 2022/23 revenue budget and the deployment of £3.883m of the Recovery Fund in 2022/23.
- 1.4 The projected balance on the Capital Fund of £7.303m will be affected by any further capital receipts, developer contributions, interest credited and any expenditure authorised to be financed from the Fund during the remainder of the financial year.

2 RECOMMENDATIONS

- 2.1 It is recommended that the Executive Committee:
 - (a) Notes the unaudited 2021/22 revenue balances at 31 March 2022;
 - (b) Notes the projected revenue balances as at 31 March 2023 as per Appendices 1 & 2; and
 - (c) Notes the projected balance in the Capital Fund as per Appendix 3.

3 ACCOUNTS AND FUNDS OPERATED BY THE COUNCIL

- 3.1 Income and expenditure relating to the Council's services are accounted for and financed through the following funds (as required or permitted by statute):
 - (a) General Fund
 - (b) Corporate Property Repairs & Renewals Fund
 - (c) Insurance Fund
 - (d) Plant & Vehicles Renewals Fund
 - (e) Pitch and Play Park Replacement Fund
 - (f) Capital Fund

4 BALANCES

- 4.1 Appendix 1 summarises the projected transactions and resultant projected balances at 31 March 2023 on the General Fund and Appendix 2 shows the projected non-General Fund balances. The net effect is the useable General Fund balance after earmarked funds and allocated reserves is projected to be at least £8.421m at 31 March 2023 which is in line with the recommended level included in the 2022/23 Financial Strategy approved by Council.
- 4.2 The projections in the statement attached in Appendices 1, 2 and 3 are based on actual expenditure and income to 30 June 2022 and are summarised in the table below.

| BALANCES | 31/03/21 £m | 31/03/22 projection £m | Movement £m |
|---|----------------|------------------------------|----------------|
| Earmarked Balances (non DSM) | 26.125 | 4.025 | (22.100) |
| Recovery Fund (previously COVID-19 reserve) | 9.465 | 5.807 | (3.658) |
| Earmarked Balances (DSM) | 1.599 | 0 | (1.599) |
| Allocated Balances | 4.954 | 4.954 | 0 |
| General Fund (Unallocated Reserve) | 9.848 | 9.848 | 0 |
| Corporate Property Repairs & Renewals Fund | 0.051 | 0 | (0.051) |
| Pitch & Play Park replacement fund | 0.953 | 0.938 | (0.015) |
| Plant & Vehicles Renewals Fund | 8.493 | 9.144 | 0.651 |
| Insurance Fund | 1.623 | 1.399 | (0.224) |
| Capital Fund (exc. Developer Contributions) | 1.370 | 3.011 | 1.641 |
| | 64.481 | 39.126 | 25.355 |

- 4.3 Key movements in the General Fund unallocated balances during 2022/23 to date are as a result of:
 - Movement in earmarked balances is as a result of earmarked balances carried forward from 2021/22 being applied in 2022/23 as planned, with the exception of £5.807m one-off balance being retained in the Recovery Fund to support pressures on the revenue budget as the financial year progresses.
- 4.4 The Corporate Financial Risk Register was considered at the Council Meeting on 22 February 2022 and identified potential risks including the failure to control budgets within approved limits, severe weather events, the economic downturn, potential contractual claims and unplanned emergencies. The unallocated balance of £8.421m, approved by Council as part of the Financial Strategy on 22 February 2022, equates to 2.6% of net revenue expenditure and is sufficient to cover 61% of the risks identified in the finance risk register should they be realised. The general fund reserve will continue to be monitored through the Corporate Financial Risk Register on a regular basis.
- 4.5 Allocated balances have been maintained at £4.954m to date in 2022/23:

| ALLOCATED BALANCES | 31 st March 2022 £m | Increase during 2022/23 £m | Released during 2022/23 £m | 31 st March 2023 £m |
|-------------------------------------|---|-------------------------------------|-------------------------------------|---|
| Municipal Mutual | 0.233 | 0 | 0 | 0.233 |
| Adverse Weather (including flood) | 1.000 | 0 | 0 | 1.000 |
| Workforce Management | 1.059 | 0 | 0 | 1.059 |
| Treasury reserve | 2.300 | 0 | 0 | 2.300 |
| Strategic Contract movement reserve | 0.362 | 0 | 0 | 0.362 |
| Total | 4.954 | 0 | 0 | 4.954 |

4.6 Appendix 3 details the balances currently held in the Capital Fund. These balances are temporarily held in the Loans Fund and will attract interest at the end of the financial year. The Fund can only be used for capital purposes or to repay external debt.

5 IMPLICATIONS

5.1 Financial

There are no financial implications beyond those contained in the report and appendices.

5.2 **Risk and Mitigations**

The major risks associated with this report are that the level of projected balances proves to be insufficient. Service budget pressures plus unexpected liabilities are the most likely sources of pressure on reserves. These risks are being managed through regular monitoring of financial activity in all funds of the Council, including regular revenue and capital budgetary control reports to the Executive Committee. In addition, the Corporate Financial Risk Register is regularly reviewed by senior Finance staff.

5.3 Integrated Impact Assessment

It is anticipated there will be no adverse impact due to race, disability, gender, age, sexual orientation or religion/belief arising from the proposals contained in this report.

5.4 **Sustainable Development Goals**

There are no significant effects on the economy, community or environment.

5.5 **Climate Change**

No effect on carbon emissions are anticipated from the recommendation of this report.

5.6 **Rural Proofing**

It is anticipated there will be no adverse impact on the rural area from the proposals contained in this report.

5.7 **Data Protection Impact Statement**

There are no personal data implications arising from the proposals contained in this report.

5.8 Changes to Scheme of Administration or Scheme of Delegation

There are no changes to the Schemes of Administration or Delegation as a result of this report.

6 CONSULTATION

The Director (Finance & Corporate Governance), the Monitoring Officer/Chief Legal Officer, the Chief Officer Audit and Risk, the Director (People Performance & Change), the Clerk to the Council and Corporate Communications have been consulted on this report and any comments received have been incorporated into this final report.

PROPOSAL TO INCREASE THE HOURLY RATE PAID BY SCOTTISH BORDERS COUNCIL TO FUNDED EARLY LEARNING AND CHILDCARE PROVIDERS

Report by Director – Education and Lifelong Learning

Executive Committee 16th August 2022

1 PURPOSE AND SUMMARY

- 1.1 This report proposes an increase in the hourly rate paid by Scottish Borders Council to providers in the voluntary and private sectors for funded Early Learning and Childcare (ELC).
- 1.2 Approximately one third of children eligible for a funded Early Learning and Childcare place, access their place in the private and voluntary sector in Scottish Borders. The Council is dependent on these places to fulfil its statutory duty. Therefore, settings in this sector need to remain financially viable and the Scottish Government requires Councils to establish and pay a rate that ensures this sustainability
- 1.3 If a sustainable rate is not paid, there is a risk of services in the private and voluntary sector closing which would incur capital and revenue costs for the Council, would reduce choice and local provision for parents, particularly in more rural areas and would impact on communities. The closure of some services who also provide childcare paid for by the parents would have a negative impact on the local economy, with parents not being able to access work or college.

2 RECOMMENDATIONS

2.1 I recommend that the Committee:

- (a) Agrees to increase the hourly rate paid to providers in the private and voluntary sectors for the provision of funded ELC to £6.55 for 2 year olds and £6.21 for 3 & 4 year olds (backdated to August 2021);
- (b) Agrees to an annual increase of the hourly rate for the remainder of the duration of the ELC Contract from 1st August 2023 31st July 2026 to provide long term security for the provision of funded ELC in line with increases in the real Living Wage for staff costs and the Fees and Charges increases for non-staff costs.

3 BACKGROUND

- 3.1 In November 2017, the Executive Committee approved the Council's plan relating to the delivery of the expansion of funded ELC which include agreement to increase the hourly paid to ELC providers in the private and voluntary sectors over a 3 year period. This took the rate for 3 5 year olds from £3.65 an hour in 2017 to £5.31 an hour in 2020. For 2 year olds the increase was from £4 an hour in 2017 to £5.65 an hour in 2020, reflecting the higher staff ratio required. This was in line with recommendations from an Ipsos Mori report commissioned by Scottish Government. Ipsos Mori are currently undertaking a further report commissioned by Scottish Government. The initial findings are at odds with the 2017 findings and other recent work looking at sustainable rates to the extent we have to discount the figures in setting our sustainable rate as we feel they are not representative of the sector in Scottish Borders
- 3.2 Scotland Excel was commissioned by Scottish Government to develop a suite of operational guidance, published in 2019, which included establishing and setting sustainable rates for delivery of the funded entitlement. Scottish Borders Council, along with a number of other local authorities in Scotland, commissioned Scotland Excel to work with providers in the private and voluntary sector and produce a report on sustainable rates. The report concluded that the average hourly sustainable rate based on the capacity of providers, in 2020, was calculated at £5.95 an hour for 2 year olds and £5.68 an hour for 3-5 year olds. The average sustainable rate based on confirmed enrolments at that time was £5.32 for 2 year olds and £6.77 for 3-5 year olds. See Appendix 1.
- 3.3 Officers from the Council's Finance Department have carried out further in depth analysis of the operating costs of funded ELC providers in Scottish Borders to better understand what would constitute a sustainable rate. This information is contained in Appendix 2.
- 3.4 Following the Tender process, Scottish Borders Council awarded Contracts to be on the Framework of Providers of funded ELC provision in August 2021. At this time, some providers queried whether or not there would be an increase in the hourly rate with concerns that no increase will impact on their ability to pay staff the Real Living Wage, a requirement of the National Standard.
- 3.5 The new Contract is for 6 years an initial 4 years with an option to extend for a further 2 years. Giving an affordable annual increase in rates for this period will demonstrate commitment from the Council and will support private and voluntary sector providers to have sustainable long term plans in place.
- 3.6 Approximately one third of children in Scottish Borders access their funded ELC entitlement with providers in the private and voluntary sectors. If these providers cease to be sustainable, there would be significant work and resource required to increase the number of local authority places to ensure that the Council meets its statutory duty.

3.7 As a result of continuing concerns by funded providers, Scottish Government are also carrying out work on reviewing the sustainability of the sector and published the Financial Sustainability Health Check of the Childcare Sector in Scotland on 31st August 2021:

Financial sustainability health check of the childcare sector in Scotland - gov.scot (www.gov.scot)

Scottish Government have confirmed that they will not set a national rate and have stated that a number of local authorities continue to pay £5.31 an hour with no credence paid to an inflation uplift which was built into the quantum.

SUBJECT MATTER 4

4.1 **RATIONALE**

- a) Quality of provision is at the heart of Early Learning and Childcare to improve outcomes for children and reduce the attainment gap. Therefore, as well as meeting the requirements of the National Standard to pay staff the real Living Wage, settings in the private and voluntary sector need to be able to recruit and retain staff, support staff training and invest in their services. Commitment to an annual rate increase would provide reassurance to providers, protect jobs and enable providers invest in their services and to put effective business plans into place.
- b) The Scottish Government requires Councils to establish and pay a rate that ensures this sustainability By not increasing the rate, the Council risks reputational damage, risks losing funded ELC places and the breakdown of the good working and partnership arrangements it has with organisations in the private and voluntary sector - see Risks section below.

5 **IMPLICATIONS**

5.1 Financial

- (a) The hourly rate paid has increased incrementally by £0.55 a year to achieve the rate of £5.31 an hour in 2020.
- (b) An analysis of the cost of increasing the rate, based on the current numbers of children accessing funded ELC in the private and voluntary sector can be found at Appendix 3.
- (c) The increase is fully funded by Scottish Government through specific grant provided for Early Years 1140 expansion.

5.2 **Risk and Mitigations**

If the Council does not increase the hourly rate to a level that (a) enables providers in the private and voluntary sectors to be sustainable, there is the risk that:

- (i) There will be insufficient places in Scottish Borders to enable parents to access their children's funded ELC entitlement which will incur additional cost for the Council as it will need to expand existing services and/or open new services;
- (ii) There will be a risk to the Scottish Government policy of Funding Follows the Child which is part of the National Standard;
- (iii) There may be reputational damage to the Council if services close due to not being sustainable leading to loss of local provision, choice and flexibility for families, loss of employment and community based services.
- (iv) Providers in the private and voluntary sector may not be able to recruit and retain staff or meet the National Standard, if they are not able to pay the Real Living Wage;
- (v) Potential reduction in the quality of service provided if qualified and experienced staff cannot be recruited.

5.3 Integrated Impact Assessment

An integrated impact assessment has been carried out on this proposal and it is anticipated that there are no adverse equality implications.

5.4 Sustainable Development Goals

The following Sustainable Development Goals are relevant to this proposal:

- a) Goal 4: Quality Education Providers need to be adequately resourced to employ and retain qualified staff and deliver a high quality service;
- b) Goal 8: Decent Work and Economic Growth –paying a sustainable rate protects jobs and enables staff to be paid the Real Living Wage.

5.5 Climate Change

There is no potential impact as a result of the recommendations in this report

5.6 **Data Protection Impact Statement**

There are no personal data implications arising from the proposals contained in this report.

6 CONSULTATION

6.1 The Executive Director (Finance & Regulatory), the Monitoring Officer/Chief Legal Officer, the Chief Officer Audit and Risk, the Service Director HR & Communications, the Clerk to the Council and Corporate Communications have been consulted and any comments received will be highlighted in the committee meeting.

| Overall | 0 - 2 Year Olds | Average Rate | £5.95 | £5.32 |
| | 3 - 5 Year Olds | Average Rate | £5.68 | £6.77 |

Note: The Combined setting rates were influenced by the higher number of 3-5 year olds both capacity and allocated places in all setting types.

The Overall Rate is a straight average of the bands and an average of the Combined Total.

Appendix 2

Early Years Sustainable Rates

Background

The 2021 tender process for funded childcare places on the new National Standard, set the expectation that Private & Voluntary (P&V) providers of funded Early Learning and Childcare (ELC) will, as a minimum, pay the real Living Wage (rLW) to their employees. The majority have started doing this in the past 18 months with the remainder committed to doing so in the near future.

A commitment was given to calculate a sustainable rate for funded childcare which would then be reviewed annually to ensure that the rate remains sustainable. This work has taken longer than anticipated therefore it is recommended that, if approved, the approved rate be backdated be effective from 1st August 2021 to 31st July 2023.

Existing rates paid for funded childcare of £5.65 for 2 year olds and £5.31 for 3-5 year olds were set prior to the requirement contained in the P&V contracts, which commenced on 1st August 2021, for the payment of the rLW. The requirement being that the rLW should be paid to employees aged 18 years old and over while the National Minimum Wage (NMW) varies for employees who are under 23 years old. When the contracts were issued, the rLW was £9.50 (NMW £6.56 - £8.91), it increased to £9.90 in November 2021 (NMW rose to £6.83 - £9.50 on 1st April 2022). The announcement of the 2022-23 rLW rate is being brought forward to September 2022 due to the current high levels of inflation.

Work has been undertaken, with the co-operation of providers of funded childcare, to look in detail at realistic staffing models required to provide direct care for funded children at standards required by Scottish Borders Council and the Care Commission, including the specific reporting requirements for funded children (which are more complex than those required for non-funded placements). A further staffing implication since the advent of Covid-19, to provide enhanced bio security protocols has also been considered.

As well as being paid for funded places, P&V providers charge parents directly for care outwith the 1140 allocation. The average rates currently being charged in this respect with their intended increases from August 2022 are:

| | Private | current | Private Proposed | | |
|---------|---------|---------|-------------------|------|--|
| | Rat | tes | Rates August 2022 | | |
| | 2 | 3&4 | 2 | 3&4 | |
| Average | 6.40 | 6.00 | 6.65 | 6.23 | |

Options

In seeking to achieve a sustainable rate to reflect the additional demands, a number of options as outlined below were explored

1. Percentage Increase to existing rates

a. Compare set % increases to both the 2 year old rate and the 3&4 year old rate

| | | | Revised Rate per hour | | | Increase per hour | | | Additional Cost per increased rate | | | | | |
|-------|---------|----------|-----------------------|------|------|-------------------|------|------|------------------------------------|------|---------|---------|---------|---------|
| | | Current | | | | | | | | | | | | |
| | Current | rate per | | | | | | | | | | | | |
| Age | Number | Hour | 5% | 10% | 15% | 20% | 5% | 10% | 15% | 20% | 5% | 10% | 15% | 20% |
| 2 | 39 | 5.65 | 5.93 | 6.21 | 6.50 | 6.78 | 0.28 | 0.56 | 0.85 | 1.13 | 12,449 | 24,898 | 37,791 | 50,240 |
| 3 & 4 | 510 | 5.31 | 5.58 | 5.84 | 6.11 | 6.37 | 0.27 | 0.53 | 0.80 | 1.06 | 156,978 | 308,142 | 465,120 | 616,284 |
| | | | | | | · | | | | | 169,427 | 333,040 | 502,911 | 666,524 |

- b. This approach gradually increases the differential in £ per hour between the 2 year old rate and the rate for 3&4 year olds reflecting the higher adult to staff ratio of 1:5 for 2 year olds compared to 1:8 for 3&4 year olds.
- c. The lowest increase of **5%** would mean an annual cost increase of **£169,427** and the highest increase of **20%** would mean an annual cost increase of **£666,524**

2. Funded hourly rate apportioned between staff and non-staff costs

- a. Looked at the number of funded children per setting at 20 January 2022, calculated the number of staff required (including the minimum of 2 per setting) and the cost p.a. for the funded hours at current rLW and 2019 NMW. The numbers of children in these calculations reflect the SEEMIS report obtained on 20 January 2022. Any reference to 3&4 year olds will include 5 year olds that have deferred their entry to Primary 1
- b. This gives a staff cost per funded hour for both 2 year olds and 3&4 year olds.
- c. Compared the staff and other costs as a % of the hourly funded payment

| | Real Livi | ng Wage | National Minimum Wage | | |
|-------------|-----------|---------|-----------------------|-----|--|
| Cost Type | 2 3&4 | | 2 | 3&4 | |
| Staff | 43% | 29% | 35% | 23% | |
| Other Costs | 57% | 71% | 65% | 77% | |

d. If the staff costs for the NMW using the maximum staff to child ratios for each group originally came to 35% of the £5.65 hourly rate for 2 year olds, and 23% of the £5.31 rate for 3&4 year olds, and you know the rLW hourly cost of staffing at both the 2 year old and 3&4 year old staff ratios, you can calculate what the rate should now be.

| Age | Number | Current | Revised | Increase per hour | | | | |
|-----|--------|----------|----------|-------------------|-----|------------------|--|--|
| | | rate per | rate per | £ | % | Total Additional | | |
| | | hour | hour | | | Cost | | |
| 2 | 39 | 5.65 | 6.92 | 1.27 | 22% | 56,464 | | |
| 3&4 | 510 | 5.31 | 6.50 | 1.19 | 22% | 691,866 | | |
| | | | | | | 748,330 | | |

- e. Based on the number of funded children in P&V settings at 20 January 2022 of 549 this would mean an annual cost increase of £748,330.
- f. This option assumes that there was a rationale behind the setting of the current rate. If there wasn't it's just perpetuating an un-scientific method of calculating a rate.

3. Calculate a blended rate using the increase from NMW to rLW and an inflationary increase on the non-staffing costs from 2019/20

a. Split the existing rates into their staffing and non-staffing elements. Use the 2020 NMW as the basis for calculating the staffing element. No account is taken of any differentials in rates within a P&V's staffing model

| Staff cost per hour | Based on r £9.50/hr (| April | Based on | | Difference cost per f | funded |
|---------------------|--------------------------|-------|-------------------------------------|------|--------------------------|--------|
| for funded places | 2021 Min staff co | | NMW of £8.72/hr Min staff cost per | | hou | ır |
| | funded hour | | funded hour | | | |
| Ages | 2 | 3&4 | 2 | 3&4 | 2 | 3&4 |
| Staff Cost | 2.35 | 1.47 | 2.14 | 1.34 | 0.21 | 0.13 |

- b. This method assumes that all staff are paid at rLW or minimum wage.
- c. The non-staffing element is the difference between the rate paid to P&Vs and the cost of the staffing element.
- d. The non-staffing element should be inflated using CPI increase from August 2020 to August 2021.

e. Table showing make up of new rate

| Elements making up rate | 2 | 3&4 |
|------------------------------|------|------|
| | | |
| Staff Costs | 2.14 | 1.34 |
| Non Staff Cost | 3.51 | 3.97 |
| Current Rate | 5.65 | 5.31 |
| Additional Staff Cost | 0.21 | 0.13 |
| Inflation on non-staff costs | 0.11 | 0.13 |
| Revised Rate | 5.97 | 5.57 |

| % increase | 5.7% | 4.9% |
|------------|------|------|
|------------|------|------|

This gives an annual cost increase of £165,391

| | | Current | Revised | | |
|-----|---------|----------|----------|----------|------------|
| | Current | rate per | rate per | Increase | Additional |
| Age | Number | Hour | hour | per Hour | Cost |
| 2 | 39 | 5.65 | 5.97 | 0.32 | 14,227 |
| 3&4 | 510 | 5.31 | 5.57 | 0.26 | 151,164 |
| , | | | | | 165,391 |

4. Calculate rates from staffing models using current rLW as the entry level hourly rate for P&V staff.

- a. This approach takes the expected volume of children at 2 years old and 3-5 years old in the individual settings (both funded and non-funded), calculate number of hours per week required and allocate staff appropriately taking into account staff to child ratios.
- b. Put the calculated number of direct staff into the staff structure models for the individual setting to allow a calculation of salaries including on costs for the model. This allows for different grades of staff in the setting and their associated rates of pay as only the lowest grades will be paid the rLW.
- c. Calculate indirect staff hours based on setting model, taking account of whether the requirement is the same for both funded and non-funded children e.g. additional paperwork requirement, non-funded children don't receive lunches, etc.
- d. Look at the effect three separate intakes August, January and April have on the above and calculate separately if necessary.
- e. All calculations took into account the old (13.8%) and new (15.05%) rates of National Insurance so the impact could be understood. It worked out between £0.02 and £0.03 per hour of childcare so £22.80 and £34.20 over 1140 hours.

f. Calculated rates

| Elements making up rates | 2 | 3-5 | |
|--------------------------|------|------|--|
| | | | |
| Staff costs | 4.94 | 4.64 | |
| Non Staff Costs | 1.62 | 1.58 | |
| Revised Rate | 6.55 | 6.21 | |

g. This model can be updated when the rLW rate is published to arrive at a revised rates for staff costs. CPI at an agreed date can be used to recalculate non staff costs.

This gives an annual cost increase of £563,274

| | | Current | Revised | | |
|-----|---------|----------|----------|----------|------------|
| | Current | rate per | rate per | Increase | Additional |
| Age | Number | Hour | hour | per Hour | Cost |
| 2 | 39 | 5.65 | 6.55 | 0.90 | 40,014 |
| 3&4 | 510 | 5.31 | 6.21 | 0.90 | 523,260 |
| , | | | • | | 563,274 |

Summary

| Option | Description | Min* £000's | Max* £000's |
|--------|---|----------------|----------------|
| 1 | Percentage increase to current rates | 169.4 | 666.5 |
| 2 | Use funded hourly rate apportioned between staff and non-staff costs | N/A | 748.3 |
| 3 | Blended rate using increase from NMW to rLW and non-staff cost inflation increase | N/A | 165.4 |
| 4 | Staffing model for staff costs rLW as min salary and non-staff costs inflation increase | N/A | 563.3 |

^{*} based on 549 children

The most straightforward approach and is to apply a simple % to current rates as outlined in Option 1 to give an interim single year increase which will allow P&Vs to pay the NLW in line with the requirement outlined in the recent tender process. It takes no account of the difference in inflation and the requirement for providers to move from paying NMW to paying the rLW.

Both Options 2 & 3 contain information gathered from various sources including 2021/22 tender submissions, data from Covid funding calculations 2020/21 and Companies House information from which assumptions have been made for each P&V. rLW will be paid to the newest members of staff with little or no experience and qualifications, no allowance is made for staff with more experience and qualifications who are paid at a higher rate.

Option 4 looks at staffing models and structures for individual nurseries taking account of the requirement to pay different levels of salaries to staff with more qualifications / experience as well as the additional reporting requirements for funded children. It takes account of the 3 different enrolment periods which can skew figures in some smaller rural nurseries. The splitting of the salary costs from the non-salary costs allows the salary element to take account of uplifts in rLW and the non-salary element to take account of inflation.

Recommendation

Option 4 is the best option with the information available to use to increase the hourly payment for funded places. It is based on how nurseries are actually set up rather than a theoretical calculation. Separating the staffing element of the payment made to providers from the non-staffing element will allow the requirement for providers to pay the rLW to staff providing funded care to be funded as well as allowing for an inflationary increase for non-staff costs. This option can be updated for increases in rLW and inflation for future years and can be used to calculate annual increases for the duration of the current contract.

Using this option, payments for funded 2 year olds will increase to £6.55 from £5.65 per hour and payments for funded 3&4 year olds will increase to £6.21 from £5.31 per hour. This is affordable within the Early Years funding from Scottish Government.

Appendix 3

EARLY YEARS - SUSTAINABILITY RATES

| Increase Only | | Current Number | | |
|---------------------|----------|----------------|----------|----------|
| No of Pupils/Places | 700 | 600 | 500 | 549 |
| No of Hours | 1,140 | 1,140 | 1,140 | 1,140 |
| Total Hours | 798,000 | 684,000 | 570,000 | 625,860 |
| | | | | |
| 10p Increase | £79,800 | £68,400 | £57,000 | £62,586 |
| 25p Increase | £199,500 | £171,000 | £142,500 | £156,465 |
| 50p Increase | £399,000 | £342,000 | £285,000 | £312,930 |

| Yearly Cost (based on % in each stage) + Price Increase | | Assumed Numbers | | Current Number |
|---|------------|-----------------|------------|----------------|
| No of Pupils/Places | 700 | 600 | 500 | 549 |
| No Increase | £4,256,760 | £3,648,707 | £3,040,654 | £3,338,433 |
| 10p Increase | £4,336,560 | £3,717,107 | £3,097,654 | £3,401,019 |
| 25p Increase | £4,456,260 | £3,819,707 | £3,183,154 | £3,494,898 |
| 50p Increase | £4,655,760 | £3,990,707 | £3,325,654 | £3,651,363 |

Notes

1140 Hour Yearly Total (without price increases)

Stages - current number is 589, 34 of these are 2 year olds (5.8%) and 555 are 3&4 year olds (94.2%)

Applied current stage % for 2, 3&4 year olds at their relevant cost and multiplied by 1140 hours

Cost - Assumed current prices, 34 - 2 year olds @£5.65 per hour and 555 - 3&4 year olds @£5.31 per hour

% of stages applied is at this point in time and numbers could vary in future, depending on birth rates, increase in eligibility for 2 year olds funding, etc. Future rate increases - how will this be determined

Information to support above
