Dear Kathleen,

I am enclosing some information to be added to Bonnie Peebles application for a Peebles Common Good Fund grant.

I hope it gives a more up dated idea of our project to the committee as they requested.

Included is an e-mail from the blacksmith and also approximate costs of time capsule and signage.

Yours sincerely,

SCOTT BRASH SCULPTURE

TIME CAPSULE APPROX 225.00

SIGNAGE " 540.00

+ VAT & DELIVERY

Dear Avril

It was lovely to meet with you and the Bonnie Peebles committee on Thursday. We are very much looking forward to this project and are very impressed with your fundraising total to date.

Our pricing structure is based on a straightforward hourly rate and so the more hours we spend on the detail, the more the price increases.

We would love to create something truly stunning for you and a sculpture the town can be proud of. We will ask our artist to modify the original sketch, showing the extra details we spoke about and forward to you asap. This extra work will go into the metal flowers (including thistles) growing from the planters, giving you the option to leave the planters empty of real flowers for low maintenance reasons.

Our figure for this would be £21,000.00. This price is subject to VAT. We are hoping that you can somehow claim the VAT back and this is something that should probably be addressed at this stage.

We can of course work to any budget, we just need to know before work commences in September.

We would love to involve the local community and bring a furnace, anvil and tools along during the Arts Festival you mentioned and give people the opportunity to contribute to the actual sculpture.

If you have any questions please do not hesitate to contact us.

Warm regards

Cat
