Review procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.

Please indicate what procedure (or combination of procedures) you think is most appropriate for the handling of your review. You may tick more than one box if you wish the review to be conducted by a combination of procedures.

- 1. Further written submissions
- 2. One or more hearing sessions
- 3. Site inspection
- 4. Assessment of review documents only, with no further procedure

If you have marked box 1 or 2, please explain here which of the matters (as set out in your statement below) you believe ought to be subject of that procedure, and why you consider further submissions or a hearing are necessary:

Site inspection

In the event that the Local Review Body decides to inspect the review site, in your opinion:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Can the site be viewed entirely from public land? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Is it possible for the site to be accessed safely, and without barriers to entry? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

If there are reasons why you think the Local Review Body would be unable to undertake an unaccompanied site inspection, please explain here:

The site is a smallholding and it is advisable to make an appointment as there are animals present.

Statement

You must state, in full, why you are seeking a review on your application. Your statement must set out all matters you consider require to be taken into account in determining your review. Note: you may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

If the Local Review Body issues a notice requesting further information from any other person or body, you will have a period of 14 days in which to comment on any additional matter which has been raised by that person or body.

State here the reasons for your notice of review and all matters you wish to raise. If necessary, this can be continued or provided in full in a separate document. You may also submit additional documentation with this form.

The site is a smallholding. The applicant wants to further his activities to maximise the production of poultry within the smallholding. The main building is 'stacked' to enable waterstorage on the highest level which will be pumped to the holding tank from an existing borehole. The next level is for feedstuff which can be fed by gravity to the main breeding and rearing floor - the sub-basement is for tools and equipment.

A previous application for water storage at the highest point of the smallholding was refused and as such this building has been designed to store water for gravity feeding in the event of pump failure. Had the holding tank for water been allowed, this would not have been necessary.

A consent on this site of a building for cold-storage of produced poultry has been previously granted (this building is under construction). The poultry building referred to in this appeal is the production building for the poultry to be stored in the cold store prior to sale.

The appellatant is spiritually guided by the pagan earth-gods and wishes to create a personal space for private worship - the low-impact sacred well and altar/statue stance are sited on the source of a spring from the hill, with a view over the valley to Horsbrugh, where private meditation and worship can be carried out without impact to others.

Finally, this appeal is one of several that have all restrained the appellatant from carrrying out more intensive farming within the small-holding. Each idea the appellatant has had has been extinguished by the planning department without further consideration as to the validity of the proposal. The appellatant clearly wishes to take forward some of his ideas and is being prevented from doing so. There is also a suggestion that he is being persecuted to the point of not being allowed to follow his own religious leanings within his home and smallholding.

Have you raised any matters which were not before the appointed officer at the time the determination on your application was made?

Yes	No
<input type="checkbox"/>	<input checked="" type="checkbox"/>

If yes, you should explain in the box below, why you are raising new material, why it was not raised with the appointed officer before your application was determined and why you consider it should now be considered in your review.

List of documents and evidence

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review and intend to rely on in support of your review.

Copy of the refusal notice along with the refused drawings.

Note. The planning authority will make a copy of the notice of review, the review documents and any notice of the procedure of the review available for inspection at an office of the planning authority until such time as the review is determined. It may also be available on the planning authority website.

Checklist

Please mark the appropriate boxes to confirm you have provided all supporting documents and evidence relevant to your review:

- Full completion of all parts of this form

Note. Where the review relates to a further application e.g. renewal of planning permission or modification, variation or removal of a planning condition or where it relates to an application for approval of matters specified in conditions, it is advisable to provide the application reference number, approved plans and decision notice from that earlier consent.

Plan Ref	Plan Type	Plan Status
196 44	Elevations	Refused
196 42	Site Plan	Refused
196 43	Block Plans	Refused
196 45	Floor Plans	Refused

REASON FOR REFUSAL

- 1 The application is contrary to Policies PMD2, EP5 and ED7 of the Scottish Borders Local Development Plan 2016 and Supplementary Planning Policies relating to Special Landscape Area 2-Tweed Valley in that the proposed building and structures will be prominent in height, elevation and visibility within the landscape and will have a significant detrimental impact on the character and quality of the designated landscape.
- 2 The application is contrary to Policies PMD2 and ED7 of the Scottish Borders Local Development Plan 2016 in that it has not been adequately demonstrated that there is an overriding justification for the proposed building and structures that would justify an exceptional permission for them in this rural location and, therefore, the development would appear as unwarranted development in the open countryside. The proposed building is not of a design or scale that appear suited either to the proposed use for which it is intended or the size of the holding on which it would be situated, which further undermines the case for justification in this location.
- 3 The application is contrary to Policy ED7 of the Scottish Borders Local Development Plan 2016 in that it has not been adequately demonstrated that any traffic generated by the proposal can access the site without detriment to road safety.
- 4 The application is contrary to Policy ED7 of the Scottish Borders Local Development Plan 2016 in that it has not been adequately demonstrated that the uses proposed for the building would not have an adverse impact on the local environment and the amenity of nearby residents.

FOR THE INFORMATION OF THE APPLICANT

If the applicant is aggrieved by the decision of the Planning Authority to refuse planning permission for or approval required by a condition in respect of the proposed development, or to grant permission or approval subject to conditions, the applicant may require the planning authority to review the case under Section 43A of the Town and Country Planning (Scotland) Act 1997 within three months from the date of this notice. The notice of review should be addressed to Corporate Administration, Council Headquarters, Newtown St Boswells, Melrose TD6 OSA.

If permission to develop land is refused or granted subject to conditions, whether by the Planning Authority or by the Scottish Ministers, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, the owner may serve on the Planning Authority a purchase notice requiring the purchase of his interest in the land in accordance with the provisions of Part 5 of the Town and Country Planning (Scotland) Act 1997.
