Dear Sirs

Application by Graham Redpath for a Second Hand Dealer's Licence

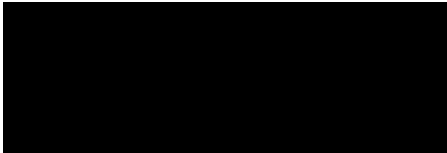

I wish to register my strong opposition to the application by Mr Redpath for a Second Hand Dealer Licence for operating out of Crowbyres Yard, Hawick

The location of the yard is within an area of special scientific interest and was closed down about nine months ago, possibly due to intervention by SEPA. It is completely inappropriate that this ground should be used as a second hand car dealers yard. There is no drainage in the yard and whilst the premises were used as a scrap metal dealer it was frequently possible to see men urinating in the open, well within the view of passing children.

The road is a quiet road leading to the country and will not cope with the additional traffic that will be generated by a scrap metal/second hand car dealer business.

I therefore urge you to reject this application. Even if you are to grant it, I ask that the hours be considerably restricted to give the residents some peace from ceaseless hammering and engines.

Yours sincerely

James Cook
