Subject: RE: Variation of Premises Licence - Hunters Hall, 56/58 High Street, Galashiels

We have no objections to make however aware of the following:

- The Hawick Wetherspools is very much about food provision and therefore it is appropriate that this premises is in line with other restaurants in the areas
- This is different from the licence held in Galashiels where the Wetherspools becomes very much a vertical drinking environment at weekends and therefore is appropriate this remains at 8.00pm Friday/Saturday.
