Innerleithen & District Community Council have the following comments:

We don't see a need to extend the hours to 1am on Thursday.

We don't see any need for any extension of hours. Midnight Sunday to Wednesday seems excessive. They already have quite extensive opening hours and we don't feel the activities they are going to promote really warrants midnight and 1am licences.

Do you need me to complete a pro forma? If yes, if you could email this as an attachment & I will complete and submit Thursday.
