## **LOCAL HOUSING STRATEGY 2017-22 YEAR 1 PROGRESS**

**Report by Service Director Regulatory Services**

---

### **EXECUTIVE COMMITTEE**

**2 October 2018**

---

#### **1 PURPOSE AND SUMMARY**

- 1.1 This report provides an overview on the Annual Progress Report which sets out what has been achieved in the delivery of the Local Housing Strategy (LHS) 2017-22 (Appendix 1) and seeks Council endorsement to submit to Scottish Government.**
- 1.2 The Housing (Scotland) Act 2001 places a statutory requirement on local authorities to develop a Local Housing Strategy, supported by an assessment of housing need and demand for a five year period. This strategy sets out the strategic direction for housing investment and service delivery in the Scottish Borders for 2017-22. The strategy is informed and developed through extensive research and consultation with partners and the wider community. The LHS was approved by Scottish Borders Council and submitted to the Scottish Government in September 2017.
- 1.3 The Council and its partners have made excellent progress since the LHS was formally approved by Council. Work includes the delivery of 145 new affordable homes, development and launch of a new 10-year Integrated Strategic Plan for Older People's Housing Care and Support, with four extra care developments already underway and 85 major adaptations being completed. The bedding in of the new Customer Advice and Support Services has seen an encouraging drop in the number of homelessness presentations in 2017-2018 and the submission of a very ambitious Strategic Housing Investment Plan, underpinned by up to a record level (£174.5m) of investment, are just some of the main achievements in the delivery of the LHS's first year.

#### **2 RECOMMENDATIONS**

- 2.1 **I recommend that the Committee:-**
  - (a) Note the progress made in delivering on the Strategic actions as set out in the appended Annual Update Report and Monitoring and Evaluation Matrix.**
  - (b) Approve submission of the Annual Report and Matrix to the Scottish Government.**

### **3 LOCAL HOUSING STRATEGY BACKGROUND**

- 3.1 The Housing (Scotland) Act 2001 places a statutory requirement on local authorities to develop a Local Housing Strategy (LHS), underpinned by an assessment of housing need and demand for a five year period. The LHS sets out the strategic direction for housing investment and service delivery in the Scottish Borders for 2017-22 and is informed and developed through extensive research and consultation with partners and the wider community. The LHS was approved by Scottish Borders Council and submitted to the Scottish Government in September 2017.
- 3.2 As a statutory housing authority the main focus in the delivery of the LHS is ensuring that the Council meets its statutory duties regarding access to, and the provision of, affordable housing and the prevention of homelessness. Already over 2017-2018 period there have been some significant successes and achievements. A detailed monitoring and evaluation matrix has been developed to track the delivery of the strategic actions and is appended to the LHS. An annual progress report for 2017-18 illustrating key highlights and ongoing challenges for the future is also appended at Appendix 1.

### **4. LOCAL HOUSING STRATEGY 2017-22 – YEAR 1 ACHIEVEMENTS**

- 4.1 The Scottish Government increased its Affordable Housing Investment Programme funding allocation to Scottish Borders to £11.5m, which is a record level of investment and has supported the delivery of 145 affordable homes, exceeding our annual 128 unit target. In addition Bridge Homes currently owns 45 homes, with 4 more under construction, and are negotiating missives for another 5 homes in Kelso. There were also 33 assisted purchases through Scottish Government's Open Market Shared Equity Scheme. The current SHIP 2018-23 has identified 1177 affordable homes for anticipated completion from 2018-2023, and the new SHIP 2019-24 is currently in development.
- 4.2 Almost £1.5 million has been invested in energy efficiency measures for private homes across the region; a new energy efficiency pilot project was established in Peebles; RSL's have made good progress towards the Energy efficiency Standard for Social housing (EESH); and a new Home Energy Forum was established, all supporting a reduction in fuel poverty across the area.
- 4.3 The new integrated Customer Advice and Support Service went live on the 1st November 2017, bringing together our Homelessness Services, Welfare Benefits Services and Customer Services into a new integrated advice and support services delivery model. 100% of clients who approach the Homelessness service are now provided with housing options advice. 2017-2018 saw a slight drop in the number of homeless presentations and the level of repeat homelessness remains low.

- 4.4 Over 5,000 Private Landlords are now registered within the Scottish Borders, with almost 9000 rental properties. The newly recruited Private Sector Liaison and Enforcement Officer continues to work with landlords to help improve management and property standards, and to support landlords and tenants through recent legislative changes. A fully booked and well attended Landlord forum was held in June 2018.
- 4.5 Strategic Housing Officers and the RSLs worked with partners to develop the Housing Contribution Statement and to ensure the new Health and Social Care Strategic Plan appropriately considered the significant role Housing has to play in the delivery of our integrated health and social care services. In 2017/18, under Scheme of Assistance, £347,171 was spent on 85 completed major adaptations and £68,570 on 331 small adaptations and repairs.
- 4.6 The new Scottish Borders Integrated Strategic Plan for Older People's Housing, Care and Support (2018-28) was launched and sets out a vision where older people will have greater choice in terms of where and how they live, and the services they can access. An assessment of the Housing needs and aspirations of young people is also currently underway and year 2 of the LHS will consider in more detail how we can improve the housing outcomes for our young people.

## **5 IMPLICATIONS**

### **5.1 Financial**

- (a) There is no direct financial implication contained in the report. However delivery of the LHS is dependent on SBC's continuous provision of core services, financial resource allocations from Scottish Government, the continuing support from the affordable housing budget (2nd homes council tax) and resources arising from the affordable housing policy, partner agencies and private individuals.
- (b) However, where there are specific actions considered as having a resource implication for the Council, Officers it has been agreed that Officers would bring back proposals for consideration by the Executive Committee as they arise over the period of the strategy.

### **5.2 Risk and Mitigations**

- (a) Delivery of the LHS aims and objectives is largely dependent upon a number of variables, not least of which relate to resource and other political and organisational decision making processes beyond the control of the Local Authority.
- (b) A Strategic Environmental Impact Assessment (SEA) Screening Report was undertaken when the LHS was developed. This concluded that a full SEA would not be required for the LHS as it is unlikely to have significant environmental effects. Any potential environmental effects from any specific proposals or plans which may relate to the LHS will be individually considered and addressed through the planning process and full SEAs in due course.

### 5.3 Equalities

An Equality Impact Assessment has been undertaken. This shows that there are positive impacts across all equality groups. The strategy is based on a wide range of evidence, including the SESplan Housing Need and Demand Assessment (2015).

### 5.4 Acting Sustainably

- (a) The LHS promotes sustainable development. Priorities include making better use of existing stock, promoting energy efficiency and tackling fuel poverty.
- (b) By seeking more new affordable houses, improving the quality and sustainability of existing houses, setting targets for homelessness, fuel poverty and climate change, the LHS will promote sustainable communities and help to overcome many of the challenges we face locally.

### 5.5 Carbon Management

It is considered that there are no direct effects on the Council's carbon emissions arising from the report recommendations. There are likely to be positive effects through fuel poverty and energy efficiency outcomes, as well as promoting sustainability through better use of existing stock.

### 5.6 Rural Proofing

The LHS 2017-22 has been rural proofed and it is anticipated there will be no adverse impact on the rural area from implementation. There is likely to be a wide range of positive outcomes for rural communities, including improvements in health, fuel poverty levels and availability of affordable housing in a variety of tenures.

### 5.7 Changes to Scheme of Administration or Scheme of Delegation

There are no changes to be made to the Council's Scheme of Administration or Scheme of Delegation arising from this report.

## 6 CONSULTATION

- 6.1 The Chief Financial Officer, the Monitoring Officer, the Chief Legal Officer, the Chief Officer Audit and Risk, the Chief Officer HR and the Clerk to the Council have been consulted and any comments received have been incorporated into the final report.
