Review procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions; and/or inspecting the land which is the subject of the review case.

Please indicate what procedure (or combination of procedures) you think is most appropriate for the handling of your review. You may tick more than one box if you wish the review to be conducted by a combination of procedures.

1. Further written submissions ☐
2. One or more hearing sessions ☐
3. Site inspection ☒
4. Assessment of review documents only, with no further procedure ☐

If you have marked box 1 or 2, please explain here which of the matters (as set out in your statement below) you believe ought to be subject of that procedure, and why you consider further submissions or a hearing are necessary:

| 2. Is it possible for the site to be accessed safely, and without barriers to entry? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

If there are reasons why you think the Local Review Body would be unable to undertake an unaccompanied site inspection, please explain here:

Statement

You must state, in full, why you are seeking a review of your application. Your statement must set out all matters you consider require to be taken into account in determining your review. Note: you may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

If the Local Review Body issues a notice requesting further information from any other person or body, you will have a period of 14 days in which to comment on any additional matter which has been raised by that person or body.

State here the reasons for your notice of review and all matters you wish to raise. If necessary, this can be continued or provided in full in a separate document. You may also submit additional documentation with this form.

In the recommendation for refusal, Policy HD2 is quoted, however two other applications have been approved within this area.

Plot 3 16/01180/FUL, exceptional approval.

15/00403/FUL, new house across road from this application, this was approved on appeal. It is exactly the same as our application, small house within an existing garden.

Planning Departments must be consistent within this area; you can not give permission to some applications and not others similar.

In the report it is mentioned that it would be over development of the site. Proposed new house would be 23m from existing house. It should be noted that the 3 new houses round the corner are only 15m apart.

In the report it also mentions that some existing trees would be affected, they will not be and it was always intended to keep all existing trees, and in fact add trees between both houses as screening.

President has been set by the approval of the new house across the road, completed recently.

It is intended that a small 2 bedroom house with similar architectural features as Beechwood, sited in the position of the existing garage building, 23m from Beechwood.

In the report it stated that no siting and design had been submitted, no design as it is in principal, however a site layout plan was submitted and enclosed.

Layout plan clearly indicates the distance between the existing and proposed

Have you raised any matters which were not before the appointed officer at the time the determination on your application was made?

If yes, you should explain in the box below, why you are raising new material, why it was not raised with the appointed officer before your application was determined and why you consider it should now be considered in your review.
