

## What we know about the Scottish Borders

### Our Quality of Life

Outcome: Fewer people experiencing violence (incl. domestic abuse)

### Our Measures and Targets

#### Serious assault (Group 1) crime rate recorded

Reduce the number of assaults by working collaboratively with partners to reduce incidents within our communities.

#### Key Actions - last 18 months:

- Direct focus in particular areas in the community to reduce violence, especially with a night time economy.
- Focus on raising awareness of domestic abuse.
- Direct focus on those who are repeat offenders and support repeat victims within the community

#### Number of domestic abuse incidents recorded

In the short and medium term increase incidents being reported by building confidence in victims to report. With the caveat that in the long term

#### Next 12 months:

- Particular focus on reducing crimes of violence through engagement with Licensed Premises, in towns with an active night time economy.
- Focus on raising awareness of domestic abuse.
- Direct focus on those who are repeat offenders and support repeat victims within the community

## What we know about the Scottish Borders

### Our Quality of Life

Outcome: Fewer people experiencing anti-social behaviour (ASB)

### Our Measures and Targets

#### Anti-social behaviour incidents recorded

To reduce number of ASB incidents by more robust and sustainable partnership working

#### Racially aggravated conduct recorded

To reduce number of ASB incidents by more robust and sustainable partnership working

#### Key Actions - last 18 months:

- We will work in partnership to reduce repeat offending and victimisation.
- Engage with our partners to educate and inform the community about the effects of anti-social behaviour, hate crime and cybercrime on the most vulnerable in our community.
- Work collaboratively with partners to divert those who commit minor offences or divert away from offending behaviours.

#### Next 12 months:

- Ongoing Core group meetings to be held each month whereby partners implement interventions in relation to those individuals who are involved in ASB.
- The Gypsy/Traveller liaison function has now been finalised and the Mediation Officer has now taken on this function.
- The ASB Strategy, Policy & Procedure and Information Sharing Protocols have now been updated and will be worked to within the coming months.
- In order to continue to provide personal support to Victims of Crime, the contract for VSSB has been renewed for the next year.
- Upgrades to the ASBU database are being progressed to better analyse what early interventions are most effective.
