The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions; and/or inspecting the land which is the subject of the review case.

Please indicate what procedure (or combination of procedures) you think is most appropriate for the handling of your review. You may tick more than one box if you wish the review to be conducted by a combination of procedures.

- 1. Further written submissions
- 2. One or more hearing sessions
- 3. Site inspection
- 4. Assessment of review documents only, with no further procedure

If you have marked box 1 or 2, please explain here which of the matters (as set out in your statement below) you believe ought to be subject of that procedure, and why you consider further submissions or a hearing are necessary:

Statement

You must state, in full, why you are seeking a review of your application. Your statement must set out all matters you consider require to be taken into account in determining your review. Note: you may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

If the Local Review Body issues a notice requesting further information from any other person or body, you will have a period of 14 days in which to comment on any additional matter which has been raised by that person or body.

State here the reasons for your notice of review and all matters you wish to raise. If necessary, this can be continued or provided in full in a separate document. You may also submit additional documentation with this form.

I am appealing the decision by Scottish Border council on not allowing a 1.8 metre high boundary fence to the front of my property I think I have the right to privacy within my front garden and a fence to the height of 1.2 metres as recommended would not give me any privacy.

No neighbours have any objections to a 1.8 metre boundary high fence. My next door neighbour (6 Lauder Road) has a high fence to the front of his garden and has access to the house by patio doors in complete privacy and when in his garden also has complete privacy.

On the A68 road in Earlston there are a few high boundary fences on the side of the pavements next to the road (will insert photos on email) my house is not next to the main A68 road it is next to the layby that runs parallel with the A68.

In other towns and villages in the Scottish Border high boundary fences have been erected to the front of house next to main roads. (will insert photos on email)

As I have been given permission to erect a porch to the front elevation of the house I will have no privacy in the porch without a 1.8 metre high boundary fence.

Have you raised any matters which were not before the appointed officer at the time the determination on your application was made?

Yes No

If yes, you should explain in the box below, why you are raising new material, why it was not raised with the appointed officer before your application was determined and why you consider it should now be considered in your review.

List of documents and evidence

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review and intend to rely on in support of your review. Note: there will be no opportunity to submit further documents to accompany this notice of review.
