Nature of Objections/Representations

We believe that granting this licence will lead to significant disruption and noise pollution, that will directly impact the operating of our business.

Unfortunately we encountered significant disruption and aggravation during last years event, all of which has been raised with MRFC, but disappointingly they have not listened to our concerns.

We believe that erecting a temp bar/night club venue immediately outside our site will drive business + guests away from our site.

We would urge you to consider our request and think of the impact granting this licence will have on our long established business, which makes a substantial economical contribution to the town and surrounding area all year round.
