Dear Sir,

REBUILD OF PROPERTY KNOWN AS KHINSER, MAIN STREET, HEITON

Thank you for your letter dated 5 November 2003 regarding the above. I must apologise for the delay in getting a response formally back to you.

I can confirm that I have now spoken to our area asset planner who has confirmed that as the property has an existing sewer connection and is to be rebuilt we will permit the use of the existing connection for domestic purposes only.

If you should require further assistance in this matter please get in touch.

Yours faithfully

Tim Brus
Development Planner
