- [Common Good consultation 2022](#)
Following an investigation of the assets held by Scottish Borders Council, we have prepared a draft asset register for each former Burgh. We have considered title deeds (for land and buildings), museum records and old Burgh minutes. Where an asset was donated to the town, prior to 1975; where it was purchased from Common Good funds; or where it has historically been used by the people of the town as a public asset, we have determined that the asset should form part of the Common Good.

Scottish Borders Council is seeking views on whether there are any additional assets that should be included in the draft asset registers that have been produced.

Closes 31 March 2022

Co-production week Scotland

[Co-production Week Scotland](#) are launching a new co-production animation.

Their [short animation](#) explains co-production in a fun and clear way. It's been developed by the Scottish Co-production Network team, building on how we talk about co-production and explain it to others.

Explaining co-production isn't always easy, but using clear language to help people understand it is a big part of getting co-production right.

No definition is perfect, but we hope it will act as a helpful starting point to spark discussion, ideas and debate on what co-production means to you and the people you work with.
