Dear Scottish borders council

Re: Summerhouse and driveway planning permission

I am writing in support of my neighbour Mr Conrad Campbells summer house and driveway. Before conrad had even started the project he came to myself and my partner and asked if we would object with the driveway and summer house. We were more than in favour as this would make our front look more appealing aswell as take a couple of parking spaces out the road as there is very little parking on our street. Conrad and the contractor explained all the work that was to be done and we were more than happy.

Upon the completion of the summerhouse we were more than happy with the work. There was no issues at all and has certainly made use of the garden area that was very empty. I hope that this application will be approved as we have seen all the hard work that has been put in for this project.

Myself and my partner are in full support of this.

Kind regards

Susan tweedie
