Dear Sir/Madam

PLANNING APPLICATION AT Plot 3 Land South West Of Steading Buildings Greys Eyemouth Scottish Borders

PROPOSED DEVELOPMENT: Erection of dwellinghouse

APPLICANT: Mr Richard John Wood

Please find attached the decision notice for the above application.

Please read the schedule of conditions and any informative notes carefully.

Drawings can be found on the Planning pages of the Council website at <https://eplanning.scotborders.gov.uk/online-applications/> . Please see the requirement for notification of initiation and completion of development as well as for Street naming and numbering as appropriate.

It should be noted that before works commence, where applicable, all necessary consents should be obtained under the Building (Scotland) Act 2003. If you require any further information in this respect, please contact the relevant Building Standards Surveyor.

Yours faithfully

John Hayward

Planning & Development Standards Manager

TOWN AND COUNTRY PLANNING (SCOTLAND) ACT 1997 (as amended)

Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013

Application for Planning Permission

Reference : 20/01206/FUL

To : Mr Richard John Wood per Hodgson And White Ltd Per Kevin White 50 Hide Hill Berwick-Upon-Tweed TD15 1AB

Schedule of Plans and Drawings Approved:

Plan Ref	Plan Type	Plan Status
010	Existing Site Plan	Approved
011	Existing Sections	Approved
300	Proposed Plans, Sections & Elevations	Approved
301	Proposed Site Plan	Approved
302	Proposed Sections	Approved
303	Location Plan	Approved

REASON FOR DECISION

Subject to a legal agreement and compliance with the schedule of conditions, the development will accord with the relevant provisions of the Local Development Plan 2016 and there are no material considerations that would justify a departure from these provisions.

SCHEDULE OF CONDITIONS

- 1 The development hereby permitted shall not be carried out otherwise than in complete accordance with the plans and specifications approved by the Planning Authority.
Reason: To ensure that the development is carried out in accordance with the approved details.
- 2 Unless otherwise agreed in writing and in advance by the Planning Authority, prior to any development commencing on site, a scheme will be submitted by the Developer (at their expense) to identify and assess potential contamination on site. No construction work shall commence until the scheme has been submitted to, and approved, by the Council, and is thereafter implemented in accordance with the scheme so approved.

The scheme shall be undertaken by a competent person or persons in accordance with the advice of relevant authoritative guidance including PAN 33 (2000) and BS10175:2011 or, in the event of these being superseded or supplemented, the most up-to-date version(s) of any subsequent revision(s) of, and/or supplement(s) to, these documents. This scheme should contain details of proposals to investigate and remediate potential contamination and must include:-

a) A desk study and development of a conceptual site model including (where necessary) a detailed site investigation strategy. The desk study and the scope and method of recommended further investigations shall be agreed with the Council prior to addressing parts b, c, d, and, e of this condition.

and thereafter

b) Where required by the desk study, undertaking a detailed investigation of the nature and extent of contamination on site, and assessment of risk such contamination presents.

c) Remedial Strategy (if required) to treat/remove contamination to ensure that the site is fit for its proposed use (this shall include a method statement, programme of works, and proposed validation plan).

d) Submission of a Validation Report (should remedial action be required) by the developer which will validate and verify the completion of works to a satisfaction of the Council.

e) Submission, if necessary, of monitoring statements at periods to be agreed with the Council for such time period as is considered appropriate by the Council.

Written confirmation from the Council, that the scheme has been implemented completed and (if appropriate), monitoring measures are satisfactorily in place, shall be required by the Developer before any development hereby approved commences. Where remedial measures are required as part of the development construction detail, commencement must be agreed in writing with the Council.

Reason: To ensure that the potential risks to human health, the water environment, property, and, ecological systems arising from any identified land contamination have been adequately addressed.

3 Prior to the commencement of development, details shall be submitted to and agreed in writing by the Planning Authority for the completion of the existing shared access. Thereafter, prior to the occupation of the dwellinghouse hereby approved, the agreed works shall be completed to the agreed standard, unless otherwise agreed in writing with the Planning Authority.

Reason: To ensure the access to the plot is completed to a satisfactory standard in the interests of road safety.

4 Prior to the occupation of the dwellinghouse hereby approved, two parking spaces shall be provided within the curtilage of the site. Thereafter, the parking spaces shall be retained in perpetuity, unless otherwise agreed in writing by the Planning Authority.

Reason: To ensure the development is served by adequate parking at all times.

5 No development shall commence until photographs of a sample panel of the proposed natural stone cladding and mortar mix for external walls has been submitted to and approved in writing to the Planning Authority. Thereafter, the development shall be carried out wholly in accordance with the natural stone cladding and mortar mix details agreed, and in all other respects, with the materials detailed within the 'Planning Notes - Materials and Colours' document (reference hwad-209-MWD).

Reason: To secure appropriate control over the external materials to be used in the development, and to meet placemaking and design aims.

6 The PV panels hereby approved shall have black or dark grey frames/ edging/ trim.

Reason: To ensure the PV panels sit discreetly on the slate roof hereby approved.

7 Prior to the commencement of development, details of all proposed means of enclosure shall be submitted to and approved in writing by the Planning Authority. Thereafter, the development shall be carried out wholly in accordance with the approved details.

Reason: To enable the proper effective assimilation of the development into its wider surroundings.

8 No development shall commence until written evidence is provided on behalf of Scottish Water to confirm that a mains water connection shall be made available to serve the development, unless otherwise agreed in writing by the Planning Authority. Thereafter, the agreed water supply arrangements shall be functional prior to the occupancy of the

dwellinghouse, unless otherwise agreed by the Planning Authority, and no other water supply arrangements shall be used thereafter without the written agreement of the Planning Authority.

Reason: To ensure that the development is adequately serviced with a sufficient supply of wholesome water and there are no unacceptable impacts upon the supply of any neighbouring properties.

- 9 No development shall commence until details of foul drainage have been submitted to and approved in writing by the Planning Authority. Thereafter, the dwellinghouse hereby consented shall not be occupied until foul drainage arrangements are functional in accordance with such details and no other foul drainage arrangements shall be used thereafter without the written agreement of the Planning Authority.

Reason: To ensure that the property is fit for habitation ahead of it being occupied for the first time and to ensure that the development does not have a detrimental effect on amenity and public health.

FOR THE INFORMATION OF THE APPLICANT

It should be noted that:

- 1 In terms of the completion of the access, this should include details of any repair to the existing surface and kerbing and also include details of a bituminous surface course.

N.B: This permission does not include any consent, approval or licence necessary for the proposed development under the building regulations or any other statutory enactment and the development should not be commenced until all consents are obtained.

Under The Control of Pollution Act 1974, the Council recommends the following hours for noisy construction-related work:

Monday-Friday 0700-1900

Saturday 0800-1300

Sunday and Public Holidays - no permitted work (except by prior agreement with the Council)

Contractors will be expected to adhere to the measures contained in BS 5228:2009 "Code of Practice for Noise and Vibration Control on Construction and Open Sites".

For more information or to make a request to carry out works outside the above hours, please contact an Environmental Health Officer at the Council.

Notice of Initiation of Development

Section 27 of the Town and Country Planning (Scotland) Act 1997 (as amended) requires that any person who has been granted planning permission (including planning permission in principle) and intends to start development must, once they have decided the date they will start work on the development, inform the planning authority of that date as soon as is practicable. A form is available on the Council's website for this purpose.

Notice of Completion of Development

Section 27B of the Town and Country Planning (Scotland) Act 1997 (as amended) requires that any person who completes a development for which planning permission (including planning permission in principle) has been given must, as soon as practicable after doing so, give notice of completion to the planning authority.

When planning permission is granted for phased development then under section 27B(2) the permission is to be granted subject to a condition that as soon as practicable after each phase, other than the last, is completed, the person carrying out the development is to give notice of that completion to the planning authority.

In advance of carrying out any works it is recommended that you contact Utility Bodies whose equipment or apparatus may be affected by any works you undertake. Contacts include:

Transco, Susiephone Department, 95 Kilbirnie Street, Glasgow, G5 8JD

If you are in a Coal Authority Area (Carlops or Newcastleton), please contact the Coal Authority at the following address: The Coal Authority 200 Lichfield Lane, Berry Hill, Mansfield, Nottinghamshire NG18 4RG.

If the applicant is aggrieved by the decision of the Planning Authority to refuse planning permission for or approval required by a condition in respect of the proposed development, or to grant permission or approval subject to conditions, the applicant may require the planning authority to review the case under Section 43A of the Town and Country Planning (Scotland) Act 1997 (as amended) within three months from the date of this notice.

The notice of review must be submitted on the standard form and addressed to the Clerk of The Local Review Body, Democratic Services, Scottish Borders Council, Council Headquarters, Newtown St Boswells. TD6 0SA or sent by email to localreview@scotborders.gov.uk. The standard form and guidance notes can be found online at [Appeal a Planning Decision](#). Appeals to the Local Review Body can also be made via the Scottish Government Planning and Environmental Appeals Division by clicking on the following link [PEAD](#)

If permission to develop land is refused or granted subject to conditions, whether by the Planning Authority or by the Scottish Ministers, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, the owner may serve on the Planning Authority a purchase notice requiring the purchase of his interest in the land in accordance with the provisions of Part 5 of the Town and Country Planning (Scotland) Act 1997 (as amended).
