Review procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions; and/or inspecting the land which is the subject of the review case.

The occupant of the property has lived there for 40 years and has not witnessed flooding as far as the proposed exit egress form the proposed house The flood plain on plan 570.3 does not extend to the exit egress of the site

Statement

You must state, in full, why you are seeking a review of your application. Your statement must set out all matters you consider require to be taken into account in determining your review. **Note:** you may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

If the Local Review Body issues a notice requesting further information from any other person or body, you will have a period of 14 days in which to comment on any additional matter which has been raised by that person or body.

State here the reasons for your notice of review and all matters you wish to raise. If necessary, this can be continued or provided in full in a separate document. You may also submit additional documentation with this form.

The flood plain on plan 570.3 does not extend to the access / egress to the site as shown on plan 570 1 and 570 2
The study of the flood plain for Earlston shows that there be difference made if the bed of the adjacent burn was cleared .
The ground below the adjacent bridge over the burn is lower than that above the bridge and any water which flows over the bridge can be dispersed quickly onto ground which is zoned for housing

Have you raised any matters which were not before the appointed officer at the time the determination on your application was made?

Yes

☐

No

☒

If yes, you should explain in the box below, why you are raising new material, why it was not raised with the appointed officer before your application was determined and why you consider it should now be considered in your review.
