REASON FOR DECISION

Subject to the receipt of a satisfactory detailed landscaping plan and to the listed conditions and informatives, the development is considered to comply with the Scottish Borders Tourism Strategy and thus Development Plan Policies on caravan site development, impacts on landscape, flood risk and other local infrastructure.

SCHEDULE OF CONDITIONS

- The occupation of all chalets shall be restricted to genuine holidaymakers for individual periods not exceeding 4 weeks in total within any consecutive period of 13 weeks. A register of holidaymakers shall be kept and made available for inspection by an authorised officer of the Council at all reasonable times.
Reason: A permanent residential site in this location would conflict with the established planning policy for this rural area.
- No development to be commenced until further details of the chalet construction, connection into services, linking shelter roofs and retained mobility are submitted to, and approved by, the Planning Authority.
Reason: To ensure that the development complies with the legislation and regulations governing definition as "caravans".
- This development is approved only for the chalets as shown on the approved plans and not for any alternative style or design of units which, if proposed, should be submitted for the prior approval of the Planning Authority.
Reason: To safeguard the landscape and visual amenity of the area.
- No development to be commenced until further details of the external materials of the walls, roofs, windows, decks and shelter roofs of the chalets are submitted to, and approved by, the Planning Authority.
Reason: To safeguard the landscape and visual amenity of the area.
- The finished floor levels of the chalets should be as shown on the approved site plan 13029-001-C and there should be no development or alteration of ground levels below 139.55m AOD.
Reason: To safeguard the development from flood risk and maintain the functional flood plain.

- 6 All access and parking as shown on the approved site plan 13029-001-C to be completed in accordance with the plan before occupation of the first chalet, the visibility splays then to be maintained in perpetuity. However, before the works commence, further details of the parking surface material to be submitted for the approval of the Planning Authority, the space between the northern elevations of the chalets and the parking spaces to be increased to 6m.
Reason: In the interests of road safety.
- 7 No development to commence until further details are submitted of a foot/cycle path link between the development and the multi-use path running along the north-western side of the site. No chalet to be occupied until the approved path link has been completed. It should then be retained in perpetuity.
Reason: To provide connection between the development and the public path network.
- 8 All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the chalets or the completion of the development, whichever is the sooner, and shall be maintained thereafter in perpetuity (and replaced as may be necessary for a period of two years from the date of completion of the planting, seeding or turfing.)
Reason: To ensure that the proposed landscaping is carried out as approved
- 9 Should a public water supply not be used, then no development is to commence until a report, by a suitably qualified person, has been submitted to and approved in writing by the Planning Authority, demonstrating the provision of an adequate water supply to the development in terms of quality, quantity and the impacts of this proposed supply on surrounding supplies or properties. The provisions of the approved report shall be implemented prior to the occupation of the chalets hereby approved.
Reason: To ensure that the development is adequately serviced with water without a detrimental effect on the water supplies of surrounding properties.
- 10 None of the chalets shall be occupied until works for the disposal of surface water and sewage have been provided on the site to serve the development hereby permitted in accordance with details to be submitted to and approved in writing by the Planning Authority, including the maintenance arrangements for the system.
Reason: To ensure that satisfactory arrangements are made for the disposal of surface and foul water.

FOR THE INFORMATION OF THE APPLICANT

It should be noted that:

- 1 You are advised by the Fire Safety Enforcement Officer of the Scottish Fire and Rescue Service of the following:

The spacing between the cabins can be reduced to a distance of 3.5 metres if the following conditions are met:

1. As detailed on the drawing the adjacent cabin should have a solid wall with no openings and which will provide a minimum of 60 minute fire resistance,

2. Adequate automatic fire detection should be installed & maintained within each cabin (conforming with BS 5839 Part 6 LD2 i.e. bedrooms and open plan living area),
3. A fire blanket and 2kg dry powder extinguisher to be provided within each cabin (conforming with current British Standard)
4. An adequate means of raising the alarm of fire on the site.
5. Evacuation plan available and which is displayed at a prominent location within each cabin.

2 The Council Environmental Health Officer advises:

The applicant should confirm the means of heating of the cabins. If biomass is to be used the Applicants should provide evidence that this will not adversely impact on local air quality.

N.B: This permission does not include any consent, approval or licence necessary for the proposed development under the building regulations or any other statutory enactment and the development should not be commenced until all consents are obtained.

Notice of Initiation of Development

Section 27 of the Town and Country Planning (Scotland) Act (as amended) requires that any person who has been granted planning permission (including planning permission in principle) and intends to start development must, once they have decided the date they will start work on the development, inform the planning authority of that date as soon as is practicable. A form is enclosed with this decision notice for this purpose.

Notice of Completion of Development

Section 27B requires that any person who completes a development for which planning permission (including planning permission in principle) has been given must, as soon as practicable after doing so, give notice of completion to the planning authority.

When planning permission is granted for phased development then under section 27B(2) the permission is to be granted subject to a condition that as soon as practicable after each phase, other than the last, is completed, the person carrying out the development is to give notice of that completion to the planning authority.

If the applicant is aggrieved by the decision of the Planning Authority to refuse planning permission for or approval required by a condition in respect of the proposed development, or to grant permission or approval subject to conditions, the applicant may appeal to the Scottish Ministers under Section 47 of the Town and Country Planning (Scotland) Act 1997 within three months from the date of this notice. The notice of the appeal should be addressed to The Directorate for Planning and Environmental Appeals, 4 The Courtyard, Callendar Business Park, Falkirk FK1 1XR. A copy of the notice of the appeal must, at the same time, be sent to the Legal Services Section, Scottish Borders Council, Council Headquarters, Newtown St. Boswells, Melrose TD6 0SA.

If permission to develop land is refused or granted subject to conditions, whether by the Planning Authority or by the Scottish Ministers, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, the owner may serve on the Planning Authority a purchase notice requiring the purchase of his interest in the land in accordance with the provisions of Part 5 of the Town and Country Planning (Scotland) Act 1997.
