**Subject:**21/01908/FUL East Lodge, Netherurd

Ranald,

I've noted that the boundary wall to East Lodge is of an unusual design. It contributes to the architectural interest of the building and wider site, whilst also giving a strong sense of boundary denoting the historic extent of the Netherurd Estate. Removal of a section of the wall will have an adverse impact on these aspects of the site which further compounds the concerns raised in my comments.

Kind regards,

Sanne
