Review procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions; and/or inspecting the land which is the subject of the review case.

Please indicate what procedure (or combination of procedures) you think is most appropriate for the handling of your review. You may tick more than one box if you wish the review to be conducted by a combination of procedures.

- 1. Further written submissions
- 2. One or more hearing sessions
- 3. Site inspection
- 4. Assessment of review documents only, with no further procedure

If you have marked box 1 or 2, please explain here which of the matters (as set out in your statement below) you believe ought to be subject of that procedure, and why you consider further submissions or a hearing are necessary:

Proposal fall inbetween policies (F) Economic Requirement of LFP Policy HD2 for a new house in the countryside or Criteria (A) Building Groups of HD2

Statement

You must state, in full, why you are seeking a review of your application. Your statement must set out all matters you consider require to be taken into account in determining your review. **Note:** you may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

If the Local Review Body issues a notice requesting further information from any other person or body, you will have a period of 14 days in which to comment on any additional matter which has been raised by that person or body.

State here the reasons for your notice of review and all matters you wish to raise. If necessary, this can be continued or provided in full in a separate document. You may also submit additional documentation with this form.

The proposal fall between two policies. If a business case was supplied it seemed the planning officer would consider the application but due to the below this appliant was unable to do this. The appliant creates jobs in the area through family wealth and require better quality living acommodation on site for their employees.

Proposals cannot fall under (F) Economic Requirement of LFP Policy HD2 for a new house in the countryside due to the breeding facilities being a hobby rather than a business. The applicant runs the centre and pays their employees out of family wealth rather than a business. Due to this reason the planning officer would not review it under this policy unless a business case was supplied by an independant person.

Proposals cannot fall within Criteria (A) Building Groups of HD2. There is an existing farm house on the site but there area large changes in level near to the existing house and a live water main as shown on the drawings. The position shown on the plans allows the building it sit on a lower flatter part of the site nearer to the breeding facility buildings for reasons outlined in the planning statment. The breeding buildings are being extended under seperate approved application (20-00160-FUL) and the owner requires more sleeping accommodation for their employees to support this extension.

Have you raised any matters which were not before the appointed officer at the time the determination on your application was made?

Yes No

If yes, you should explain in the box below, why you are raising new material, why it was not raised with the appointed officer before your application was determined and why you consider it should now be considered in your review.

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review and intend to rely on in support of your review. Note: there will be no opportunity to submit further documents to accompany this notice of review.
