| | Supersedes Revises Revokes | | | |
| Services/functions covered by this Direction | Primary Care Improvement Fund 2022 | | | |
| Full text of the Direction | The IJB is directing the Health Board via the PCIP Exec Group (comprising IJB, HB and GP members)to: Deliver agreed project outcomes using the reserves brought forward totalling £1,522,980 (Appendix 1 attached) Review current project spend from main allocation to determine whether any spend can be met from reserves Review the priorities for recurring activity with a view to targeting resources to higher priority workstreams. Comply with commissioning (and decommissioning) guidance, involving and seeking approval from Strategic Planning Group and IJB as required. Plan, initiate and monitor ongoing workstreams funded via the allocation from Scottish Government of 70% of annual allocation - £2,312,902 plus projected 30% balance. Jointly, liaise with Scottish Government to advise that reserves are fully committed, express concern about level of funds available, no funding for pay awards and assumption that reserves can be used to cover recurrent spend. Highlight funding gap of £2.511m and implications of not being able to fully implement the GP contract. Identify risks and issues associated with insufficient funding level, and develop mitigating strategy. | | | |
| Timeframes | To start by: August 2022 To conclude by: 2023/24 Consider and note the deadlines by when the Direction is expected to be commence and conclude carried out at the latest | | | |
