Hi Matthew,

Further to our earlier discussion, subject to your agreement to the PPA below, I can accept your proposed submission of a written response to the most recent ecology consultation. Please note that this will not affect the outcome of the application which is due to be refused for a multitude of reasons. I also cannot guarantee that the submission will be assessed by Ecology prior to determination. It will however form a part of the record of the application and could inform any appeal of refusal. Please also note that I am not accepting any further information in response to this application.

## **PLANNING PROCESSING AGREEMENT**

This processing agreement aims to identify the key milestones in the planning application process and sets out the information required to process the application. This processing agreement is not legally binding and can be altered with each party's agreement.

Hi Paul,

Tried to call there but wasn't able to connect – not sure if it is on my end with Teams.

Was just a note to ask when you were intending to draft your report for this application and whether it can include Gavin's response to the ecologist replies. I spoke to Gavin and we will be able to get this to you by Monday latest if that is okay?

Thanks in advance.

Kind regards,
