Subject:RE: [OFFICIAL] RE: 21/01618/FUL - Land South West Of Castleside Cottage, Selkirk

Ross

The submission was not backdated. That was the date it was put on the portal, however, it was not publicly available to view at the time. The login details on our system confirm when it was posted as below:

15 Dec 2021 14:08	agun n	Insert New	FileSize: 12KB Indexed Info: 21/01618/FUL 32 15 Dec 2021 COMMUNITY COUNCIL 2
----------------------	-----------	---------------	---

I have since changed its status so it can be viewed publicly, however, I cannot change the date it was actually put on the portal, since that would simply not be accurate.

CAUTION: External Email

Carlos,

I see the response from the Community Council for this application is now up on the portal but has been backdated. This does not correspond with the date on which it was published on the portal and we wish to request that this be amended as it has, by the citing of this response in your Report of Handling, prejudiced our position in respect of this application.

I look forward to hearing from you at your next convenience.

Kind regards

Ross

Ross,

The Community Council's response is on the planning portal. For reasons unbeknown to me, it was not viewable on the public website. I have changed that now, and the date of its insertion on the portal is noted as per the date it was received (15th December 21).

The reasons for the four responses from five consultees is because our Education and Lifelong Learning Service did not respond to their consultation request.

CAUTION: External Email

Carlos,

I refer to the above application and have received the decision notice by email yesterday.

I have reviewed the planning report from the portal and notice that you make reference to a response from the Community Council which does not appear to be published on the portal?

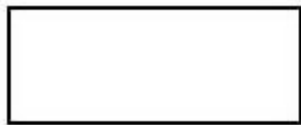

Can you please provide a copy of this along with the date on which this was received as it doesn't seem to tally up with the number of consultee responses noted as received on the portal (5 consultees notified, 4 responses received)?

Thank you in advance.
