Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I have a dog walking business based in local village chirnside and regularly walk dogs past this piece of land. I think this piece of land looks so untidy and have thought often wouldnt it be nice if something was done with it. I support this application

Comment: I would like to put my support for this application, the houses are going to be a great asset to the area where so many of the properties are larger and beyond the reach of 1st time or retirement buyers. Smaller bungalows are in very short supply (currently looking for one for a family member) More of these size houses will allow smaller households to down size and free up housing stock for larger families in need.
