Legal:	<p>The Scottish Borders Health and Social Care Integration Joint Board (SBIJB), established as a separate legal entity as required by the Public Bodies (Joint Working) (Scotland) Act 2014, is responsible for the strategic planning and commissioning of a wide range of integrated health and social care services across the Scottish Borders partnership area, based on resources which have been delegated to it by the partners, Scottish Borders Council and NHS Borders.</p> <p>The SBIJB is therefore expected to operate under public sector good practice governance arrangements which are proportionate to its transactions and responsibilities to ensure the achievement of the objectives of Integration. The establishment of robust Risk Management and Audit arrangements is one of the key components of good governance and will be critical to the capacity of the SBIJB to function effectively.</p>
Risk Implications:	<p>The PSIAS require Internal Audit to evaluate the effectiveness of the SBIJB's Risk Management arrangements and contribute to improvements in the process.</p> <p>Internal Audit provides assurance to SBIJB Management, Audit Committee and the Board on the adequacy and effectiveness of internal controls and governance within the SBIJB, including risk management, and to highlight good practice and recommend improvements.</p> <p>The SBIJB Internal Audit Annual Plan 2022/23 has been informed by the risks, controls and mitigation actions as set out within the SBIJB's Strategic Risk Register to ensure that Internal Audit plans are risk-based and provide relevant assurance.</p> <p>Discussions with the SBIJB's Chief Officer and Chief Finance Officer continue on a regular basis to ensure Internal Audit assurance meets the needs of the SBIJB and Management and other key stakeholders. There are no amendments at this time relating to the SBIJB Internal Audit Annual Plan 2022/23 that require approval by the SBIJB Audit Committee.</p> <p>It is anticipated that improvements in the management and mitigation of risks will arise as a direct result of SBIJB Management implementing the Internal Audit recommendations.</p> <p>In addition to its own governance arrangements, the SBIJB places reliance on the governance arrangements adopted by NHS Borders and Scottish Borders Council, the Partners. Where appropriate, existing mechanisms embedded within both NHS Borders and Scottish Borders Council will continue to be used to provide assurance to the SBIJB.</p>

1 Background

- 1.1 Internal Audit is an independent appraisal function established for the review of the governance arrangements and internal control system of the Scottish Borders Health and Social Care Integration Joint Board to provide the statutory Internal Audit annual assurance and opinion. It objectively examines, evaluates and reports on the adequacy of governance and internal control as a contribution to the proper, economic, efficient and effective use of resources and the management of risk.
- 1.2 The Public Sector Internal Audit Standards (PSIAS) require the SBIJB's Chief Internal Auditor to prepare an annual report that incorporates the statutory audit opinion on the adequacy and effectiveness of SBIJB's framework of governance, risk management and control, a summary of the work that supports the opinion, and a statement on conformance with the PSIAS.
- 1.3 The Scottish Borders IJB Internal Audit Annual Plan 2022/23, which was approved by the SBIJB Audit Committee on 14 March 2022, includes sufficient work to enable the SBIJB Chief Internal Auditor to prepare the statutory independent and objective audit opinion to the year ending 31 March 2023.
- 1.4 In addition to its own governance arrangements, the SBIJB places reliance on the governance arrangements adopted by NHS Borders and Scottish Borders Council, the partners. This includes the existing mechanisms embedded within both NHS Borders and Scottish Borders Council for provision of Internal Audit assurances to their respective Audit Committees.

2 Progress Update

- 2.1 The Appendix 1 to this report provides details of the half yearly progress by Internal Audit with its work activity to deliver the approved SBIJB Internal Audit Annual Plan 2022/23. Those audits which are underway to reflect their continuous audit approach are highlighted in light shading and those scheduled for the second half of the year are not shaded. The SBIJB Internal Audit Annual Plan 2022/23 should be considered to be flexible and has been periodically reviewed to ensure it reflects any new arrangement or changing risks and priorities. There are no amendments at this time relating to the SBIJB Internal Audit Annual Plan 2022/23 that require approval by the SBIJB Audit Committee.
- 2.2 The continuous audit approach which is applied to Internal Audit work for the SBIJB enables Internal Audit to provide added value advice on internal controls and governance and 'critical friend' consultancy services as the SBIJB continues to develop its governance and transforms its service delivery.
- 2.3 The Appendix 2 to this report provides the list of Internal Audit reports by partners' Internal Auditors presented to their respective Audit Committees that are relevant to SBIJB for assurance purposes with a summary of assurances contained therein. The SBIJB Chief Internal Auditor takes account of these assurances from partners' Internal Auditors to provide assurance to the SBIJB.
