**REASON FOR DECISION**

The application complies with Development Plan Policies on alterations to dwellings within a Conservation Area in that the proposals are sympathetic to the character of the building and the amenity of neighbouring property and the Conservation Area.

**SCHEDULE OF CONDITIONS**

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.  
Reason: To comply with Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by the Planning etc. (Scotland) Act 2006.

**FOR THE INFORMATION OF THE APPLICANT**

It should be noted that:

- 1 As access and egress to the development may also be affected by flood waters, should approval be given, I would recommend that, to receive flood warnings from SEPA, the applicant signs up to FLOODLINE at [www.sepa.org.uk](http://www.sepa.org.uk) or by telephone on 0845 988 1188.

I would also recommend that the applicant adopts water resilient materials and construction methods as appropriate in the development as advised in PAN 69.

A number of flood protection products such as floodgates and air-vent covers are also commercially available for the existing property and details of these can be found by calling Emergency Planning on 01835 825056 who may be able to offer discounts for the products.

The applicant should note that they are at risk of fluvial flooding and that flooding can occur from other sources including run-off from surrounding land, blocked road drains, surcharging sewers and blocked culverts.

Please note that this information must be taken in the context of material that this Council holds in fulfilling its duties under the Flood Risk Management (Scotland) Act 2009.

- 2 These installations can cause smoke and odour complaints and any Building and Planning Consents for the installation do not indemnify you in respect of Nuisance action.

Accordingly this advice can assist you to avoid future problems.

The location of the flue should take into account other properties that may be downwind.

The discharge point for the flue should be located as high as possible to allow for maximum dispersion of the flue gasses.

The flue should be terminated with a cap that encourages a high gas efflux velocity.

The flue and appliance should be checked and serviced at regular intervals to ensure that they continue to operate efficiently and cleanly.

The appliance should only burn fuel of a type and grade that is recommended by the manufacturer.

If you live in a Smoke Control Area you must only use an Exempt Appliance <http://smokecontrol.defra.gov.uk/appliances.php?country=s> and the fuel that is Approved for use in it <http://smokecontrol.defra.gov.uk/fuels.php?country=s>.

In wood burning stoves you should only burn dry, seasoned timber. Guidance is available on -

[http://www.forestry.gov.uk/pdf/eng-woodfuel-woodasfuelguide.pdf/\\$FILE/eng-woodfuel-woodasfuelguide.pdf](http://www.forestry.gov.uk/pdf/eng-woodfuel-woodasfuelguide.pdf/$FILE/eng-woodfuel-woodasfuelguide.pdf)

Treated timber, waste wood, manufactured timber and laminates etc. should not be used as fuel.

Paper and kindling can be used for lighting, but purpose made firelighters can cause fewer odour problems.

The appliance should only burn fuel of a type and grade that is recommended by the manufacturer.

N.B: This permission does not include any consent, approval or licence necessary for the proposed development under the building regulations or any other statutory enactment and the development should not be commenced until all consents are obtained.

### **Notice of Initiation of Development**

Section 27 of the Town and Country Planning (Scotland) Act (as amended) requires that any person who has been granted planning permission (including planning permission in principle) and intends to start development must, once they have decided the date they will start work on the development, inform the planning authority of that date as soon as is practicable. A form is enclosed with this decision notice for this purpose.

### **Notice of Completion of Development**

Section 27B requires that any person who completes a development for which planning permission (including planning permission in principle) has been given must, as soon as practicable after doing so, give notice of completion to the planning authority.

When planning permission is granted for phased development then under section 27B(2) the permission is to be granted subject to a condition that as soon as practicable after each phase, other than the last, is completed, the person carrying out the development is to give notice of that completion to the planning authority.

In advance of carrying out any works it is recommended that you contact Utility Bodies whose equipment or apparatus may be affected by any works you undertake. Contacts include:

If the applicant is aggrieved by the decision of the Planning Authority to refuse planning permission for or approval required by a condition in respect of the proposed development, or to grant permission or approval subject to conditions, the applicant may require the planning authority to review the case under Section 43A of the Town and Country Planning (Scotland) Act 1997 within three months from the date of this notice. The notice of review should be addressed to Corporate Administration, Council Headquarters, Newtown St Boswells, Melrose TD6 0SA.

If permission to develop land is refused or granted subject to conditions, whether by the Planning Authority or by the Scottish Ministers, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, the owner may serve on the Planning Authority a purchase notice requiring the purchase of his interest in the land in accordance with the provisions of Part 5 of the Town and Country Planning (Scotland) Act 1997.
