Dear Sir/Madam,

Further to my telephone conversation with Mrs Fiona Henderson, I now enclose the relevant information to be brought to the attention of the Review Committee in connection with the above.

I appreciate that the Committee are heavily committed at the present time and that it is unlikely that this appeal will ~~not~~ be heard before the 21st August 2023.

Should this date be brought forward I am sure that I will be notified accordingly.

The relevant information includes accounts, statements of support etc and I trust that this is sufficient for your immediate purpose.

Yours faithfully,
