Hello Laura,

Thank you for the reply, please find attached the pictures that you ask for.

About the scale drawing, I notice the example you give is a CAD drawing. I don't have access to any CAD apps so what should I use. Presumably there is no additional cost for me to do this?

Can you also confirm that I have until 23/02 to complete the application?

Thanks

Thomas

Photographs of the decking and below is a screen shot of detail required. The site plan should show where the decking is situated within garden and in relation to the dwellinghouse. The dimensions should be added.

Hello Laura,

Thank you for your message. Concerning the three open topics to complete the application:

1. Photographs - I will take care of these at some time in the next few days
2. Scale drawing - what exactly is needed here, can I create something on my computer and send that to you?
3. Fee - paid online earlier today

Just one further question - I understood that I had until 23/02/23 to complete the application, so I don't understand the new deadline you mention below.

Thanks

Thomas

Please can you address the outstanding items to enable validation of application, failure to do so within the next 7 days will result in your application being withdrawn.
