<b>Please provide a brief summary of how the parents think the school is improving</b>	<p>The parents feel there is less disruptive incidents in class. There is more involvement with parents about what is going on in the school, learning etc and more opportunities to go into school to see the children's work and talk to the teachers. Our children are feeling more involved, have a better understanding of what is expected of them and are generally feeling more settled in class.</p> <p>The general atmosphere of the school has improved and the strong leadership, determination and passion is clear in the head staff. We feel the school is moving in the right direction and will continue to do sure.</p>
