REASON FOR DECISION

Subject to compliance with the schedule of conditions, the development will accord with the relevant provisions of the Statutory Development Plan and there are no material considerations that would justify a departure from these provisions.

SCHEDULE OF CONDITIONS

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.
Reason: To comply with Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended.
- 2 The development hereby permitted shall not be carried out otherwise than in complete accordance with the plans and specifications approved by the Planning Authority.
Reason: To ensure that the development is carried out in accordance with the approved details.
- 3 No development of the shed (hereby approved on site plan 102 Rev B) shall be commenced until the following precise details:
 - i. Proposed plans and elevations of the building;
 - ii. Full details of the external materials, including colour, to be used in the construction of the building;
 - iii. The finished floor levels of the building hereby approved;have been submitted to and approved in writing by the Planning Authority. Thereafter development to be completed in accordance with the approved details.
Reason: To protect the character and amenity of the area.
- 4 The site and building hereby approved shall only be used for Class 4 (office, research and development or light industry), Class 5 (general industry) or Class 6, (storage and distribution) of Schedule of The Town and Country Planning (Use Classes) (Scotland) Order 1997, or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order.
Reason: To ensure that the use remains compatible within the site.

- 5 No septic tank, washbay or building hereby approved may be developed before fully detailed design proposals for foul and surface water drainage, demonstrating that there will be no negative impact to public health, the environment or the quality of watercourses or ground water, have been submitted to and approved in writing by the Planning Authority. Thereafter development to be undertaken in accordance with these details.
Reason: The Planning Authority requires consideration of full details of surface water drainage (SUDS), foul water connections and/or any private systems proposed.
- 6 No development shall be commenced until the precise construction details of the bell mouth and pavement (and precise streetlighting details, if required) shown on site plan, 102 Rev B, has been submitted to and approved in writing by the Planning Authority. Thereafter the bell mouth and pavement to be completed in accordance with these details before the site is brought in to use, or a timescale which has been prior agreed with the Planning Authority.
Reason: To ensure the development hereby approved is served by an appropriate form of access, in the interests of road safety.
- 7 No development shall commence until precise details of:
- i. location of new trees, shrubs, hedges and grassed areas
 - ii. schedule of plants to comprise species, plant sizes and proposed numbers/density
 - iii. programme for completion and subsequent maintenance.
- of the proposed tree and hedge planting shown on Site Plan 102 Rev B have been submitted to and approved in writing by the Planning Authority.
Thereafter this scheme shall be carried out in the first planting and seeding seasons following the site coming in to use, and shall be maintained thereafter and replaced as may be necessary for a period of two years from the date of completion of the planting, seeding or turfing.
Reason: To ensure that the proposed landscaping is carried out as approved.
- 8 Before any part of the permitted development is commenced, the hedge to be retained on the site shall be protected by a fence 1.5 metres high placed at a minimum distance of 2.0 metres from the edge of the hedge, and the fencing shall be removed only when the development has been completed. During the period of construction of the development the existing soil levels around the boles of the hedges so retained shall not be altered.
Reason: In the interests of preserving the hedges which contribute to the visual amenity of the area.
- 9 The visibility splay (2.4m x 160m) as shown on Site Plan, 102 Rev B must be provided on site before the site is brought in to use and retained free of visual obstruction (when viewed from drivers eye height of 1.05m) in perpetuity.
Reason: To ensure adequate drivers visibility for access and egress to the B-classified road.
- 10 No external flood lighting of the site is permitted except in accordance with an exterior lighting plan which shall first have been submitted to and approved in writing by the Planning Authority. The lighting plan shall be designed in accordance with the guidance produced by The Institution of Lighting Professionals and the Bat Conservation Trust, Aug 2018 (as outlined: Guidance Note 8/18 (2018): Bats and artificial lighting in the UK). Thereafter no development shall take place except in strict accordance with the approved lighting plan. All lights shall be suitably shuttered/shielded and directed to prevent unwanted light flood.
Reason: In the interests of protecting bats, biodiversity, residential amenity and the character of the predominantly rural area.

FOR THE INFORMATION OF THE APPLICANT

N.B: This permission does not include any consent, approval or licence necessary for the proposed development under the building regulations or any other statutory enactment and the development should not be commenced until all consents are obtained.

Under The Control of Pollution Act 1974, the Council recommends the following hours for noisy construction-related work:

Monday-Friday 0700-1900

Saturday 0800-1300

Sunday and Public Holidays - no permitted work (except by prior agreement with the Council)

Contractors will be expected to adhere to the measures contained in BS 5228:2009 "Code of Practice for Noise and Vibration Control on Construction and Open Sites".

For more information or to make a request to carry out works outside the above hours, please contact an Environmental Health Officer at the Council.

Notice of Initiation of Development

Section 27 of the Town and Country Planning (Scotland) Act 1997 (as amended) requires that any person who has been granted planning permission (including planning permission in principle) and intends to start development must, once they have decided the date they will start work on the development, inform the planning authority of that date as soon as is practicable. A form is available on the Council's website for this purpose.

Notice of Completion of Development

Section 27B of the Town and Country Planning (Scotland) Act 1997 (as amended) requires that any person who completes a development for which planning permission (including planning permission in principle) has been given must, as soon as practicable after doing so, give notice of completion to the planning authority.

When planning permission is granted for phased development then under section 27B(2) the permission is to be granted subject to a condition that as soon as practicable after each phase, other than the last, is completed, the person carrying out the development is to give notice of that completion to the planning authority.

There are a number of risks created by built over gas mains and services; these are:

- Pipework loading – pipes are at risk from loads applied by the new structure and are more susceptible to interference damage.
- Gas entry into buildings – pipework proximity increases risk of gas entry in buildings. Leaks arising from previous external pipework able to track directly into main building from unsealed entry.
- Occupier safety – lack or no fire resistance of pipework, fittings, or meter installation. Means of escape could be impeded by an enclosed meter.

Please note therefore, if you plan to dig, or carry out building work to a property, site, or public highway within our gas network, you must:

1. Check your proposals against the information held at <https://www.linesearchbeforeudig.co.uk/> to assess any risk associated with your development **and**
2. Contact our Plant Protection team to let them know. Plant location enquiries must be made via email, but you can phone us with general plant protection queries. See our contact details below:

Phone 0800 912 1722 / Email plantlocation@sgn.co.uk

In the event of an overbuild on our gas network, the pipework must be altered, you may be temporarily disconnected, and your insurance may be invalidated.

Further information on safe digging practices can be found here:

- Our free Damage Prevention e-Learning only takes 10-15 minutes to complete and highlights the importance of working safely near gas pipelines, giving clear guidance on what to do and who to contact before starting any work <https://www.sgn.co.uk/damage-prevention>

If the applicant is aggrieved by the decision of the Planning Authority to refuse planning permission for or approval required by a condition in respect of the proposed development, or to grant permission or approval subject to conditions, the applicant may require the planning authority to review the case under Section 43A of the Town and Country Planning (Scotland) Act 1997 (as amended) within three months from the date of this notice. To seek a review of the decision, please complete a [request for local review](#) form and return it to the Clerk of the Local Review Body, Democratic Services, Council Headquarters, Newtown St Boswells, Melrose TD6 OSA.

If permission to develop land is refused or granted subject to conditions, whether by the Planning Authority or by the Scottish Ministers, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, the owner may serve on the Planning Authority a purchase notice requiring the purchase of his interest in the land in accordance with the provisions of Part 5 of the Town and Country Planning (Scotland) Act 1997 (as amended).
