

# SCOTTISH BORDERS COUNCIL TWEEDDALE AREA PARTNERSHIP

MINUTES of Meeting of the TWEEDDALE  
AREA PARTNERSHIP held in Walkerburn  
Village Hall, Galashiels Road, EH43 6AA on  
Tuesday, 31 October 2023 at 7.00 pm

-----

Present:- Councillors M. Douglas (Chair), J. Pirone, E. Small, R. Tatler, V. Thomson

Apologies:- Councillor D. Begg

In Attendance:- Community Engagement Officer (K. Harrow), Democratic Services Officer (L. Cuerden).

Also In Attendance:- C. Lewin (Tweeddale Assessment Panel), P. Maudsley (Chair, Peebles Community Council), Crick Carleton (Chair, Tweeddale Area Partnership Place Making Working Group), S. Meikle (Innerleithen & District Community Council), C. Kerr, L. Thornton, P. Waller (Walkerburn & District Community Council); J. Jepson (Clovenfords & District Community Council) C. Oliver, R. Roberts (NHS Borders), M. Davey (Peeblesshire News)

## 1. **WELCOME AND INTRODUCTIONS**

The Chair welcomed everyone to the meeting of the Tweeddale Area Partnership and outlined how the meeting would be conducted.

## 2. **MINUTE AND ACTION TRACKER**

There had been circulated copies of the Minute of the Meeting held on 22 August 2023.

## **DECISION**

**NOTED and AGREED the Minute of 22 August 2023.**

## 3. **NHS TIME FOR CHANGE INPUT**

3.1 Ralph Roberts, Chief Executive NHS Borders delivered a short presentation, the slides for which were to be circulated as an Appendix to this Minute. This was to be the first of the five Area Partnership sessions to present 'Time For Change' a wide ranging conversation with communities to consider the range of NHS services in the Scottish Borders and to feed into a refresh of NHS Borders Medium Term Plan. The scale of challenges in planning and delivering health services to meet need were unprecedented; significant workforce challenges allied with a smaller working age population (45% vs 65% nationally), over a large rural area and a growing financial deficit. Under the four suggested discussion headings: Services In the Community; Community Bed Based Services; Acute Hospital Services; and Mental Health Services there had been an audit of provision, public feedback, achievements and areas of focus. A further community engagement drop-in session was to be held in the Drill Hall, Walker's Haugh, Peebles on 14 November from 2pm-7pm, with sessions taking place in each of the five localities in the Borders. The planned public conversations were to be a means to discuss further how to start doing things differently. Crick Carleton, Chair of Peebles Placemaking Working Group and NHS Borders were to arrange to meet to share information that they had gathered already from community members during place making workshops.

3.2 There followed a discussion during which several questions were raised. The review was to feed into a wider national discussion on the future of NHS services and would overlap

with the Lothians and South of Scotland. In relation to pandemic planning, it was acknowledged that there was currently not enough capacity in the system and there were lessons to be learned from the outcome of the Covid-19 inquiry. In response to a question about shared public services outreach in smaller communities, further discussions were needed with communities to identify the kind of services they wanted in the future and how they would like to access them. It was confirmed that there was to be online and face to face consultations in the future within an evolving engagement plan. The need for the consultation process to be accessible for all was highlighted. It was envisaged that this 3-year plan was to inform much longer-term plans into the future and a Borders specific plan was needed. In response to a question about doctor/GP shortages, there was an acknowledgement that workforce planning was needed in the face of increasing challenges around the percentage of working age population.

#### **DECISION**

**NOTED the presentation.**

#### **4. FLOOD MANAGEMENT IN TWEEDDALE**

With reference to paragraph 6 of the Minute of 22 August 2023, Colin Kerr provided an update on the progress of the Flood Management Working Group. Mr Kerr reiterated the benefit of communities working together to establish an early warning system for rising river levels. Walkerburn, Innerleithen, Peebles and Upper Tweeddale had agreed to participate in the group with a view to improving the communications between communities. There was to be a meeting with Resilience Groups on 1 November. A wider discussion was to be had later, potentially involving local communities, SEPA, SBC and Scottish Water. There followed a brief discussion during which the quantity and availability of sandbags was raised. It was acknowledged that the strategic siting and deployment of equipment was important; there was a sandbag store at Innerleithen Fire Station from which individuals could collect. The distribution of flood defence equipment and signage was already undertaken by Infrastructure and Environment and local contractors where necessary. Input from Councillor Marshall who had been involved with the Hawick Flood Group was to be welcomed and Ralph Roberts, Chief Executive, NHS Borders had expressed interest in any upcoming discussions to help target vulnerable people in communities. An update was to be provided at the meeting of 6 February 2024.

#### **DECISION**

**NOTED the update.**

#### **5. PEEBLES PARKING WORKING GROUP**

There had been circulated copies of a final report by Councillor Tatler, Chair of the Peebles Parking Working Group. The following recommendations had been agreed at the meeting of the Working Group on 25 October 2023:

- 1. Any changes to the off-street parking regime in Peebles were to be reviewed after a period of 18 months from implementation.**
- 2. There were to be no changes to the charging regime for the Neidpath, Kingsmeadows, Greenside or Swimming Pool car parks.**
- 3. There should be improved signage at entrances (and possibly junctions) in the Town indicating the name, capacity and charging regime for all Car Parks. Consideration should be given to including information about the availability of public toilets at the Kingsmeadows and East Station Car Parks.**
- 4. There should be improved signage at the Pay Stations at the Greenside, Swimming Pool and East Station Car Parks, indicating that funds from parking fees and fines (less maintenance and staff costs) were to go directly towards Town Centre improvements. These improvements could be better visitor information, path and pavement maintenance, environmental work (flower beds and baskets) and promotion of the Town for visitors.**
- 5. For the benefit of residents there should be a promotional campaign to encourage the purchase of Annual Car Parking Passes which were available**

**from Scottish Borders Council for £26 a year. The Pass allowed for free parking in any of the Peebles Car Parks and some of the other Car Parks across the Scottish Borders.**

**6. There was to be no change to the current charging regime at East Station Car Park.**

Councillor Tatler informed attendees of a proposed parking charge pilot at Innerleithen whereby drivers were to be invited to contribute to the local community via a QR code in lieu of standardised parking charges. The remarking of the parking bays at East Station and Kingsmeadows car parks was welcomed. Councillor Tatler thanked all those involved in the work of the Peebles Parking Working Group, the business of which was now concluded.

**DECISION  
NOTED the report recommendations.**

**6. FUNDING TABLE OVERVIEW**

There had been circulated copies of the Tweeddale Funding Table which showed available funds in the Tweeddale area. Kenny Harrow reported that there was an opening balance of £60,138.77 at 1 April 2023. Were both applications under consideration to be successful, there would be £45,766.78 left. There was a request that the local media publicised the availability of the Neighbourhood Support Fund and the deadline of early January 2024 for applications to be considered at the February meeting.

**DECISION  
NOTED**

**7. NEIGHBOURHOOD SUPPORT FUND**

7.1 Chris Lewin of the Tweeddale Assessment panel provided an overview of each of the applications. The Assessment Panel had carefully considered each application and any conflicts of interest were declared during the Panel's deliberations.

Linton Hotspur Football Club had requested £3671.99 towards the purchase of a new set of mobile goals to allow more than one group to play 11-a-side matches at a time. The Club was to pay the balance of the £4079.99 total cost for which a supplier's quotation had been provided. The award was approved.

**DECISION:  
AGREED TO FUND £3671.99 to Linton Hotspur Club towards the cost of a new set of mobile goals.**

Conservation Without Borders had resubmitted their request for £7,500 to make a documentary about the flight of Ospreys through the Tweed Valley. The Panel felt that the project was still insufficiently Tweeddale specific. The group were unable to provide assurances that arrangements with local schools, retirement homes and community centres had been made and there had been no other applications to other Neighbourhood Support Funds in other localities to offset any contribution by the Tweeddale Area Partnership.

**DECISION  
AGREED NOT TO FUND**

7.2 There followed a brief discussion on the possibility of allocating some of the £45k balance in the Neighbourhood Support Fund (NSF) to Resilience Groups to purchase additional equipment/supplies. Kenny Harrow agreed to investigate the process by which this might be possible. There was to be a meeting of the SBC Resilience Groups on 1 November at

which Colin Kerr undertook to question what can and cannot be funded from SBC Resilience Group funding.

8. **DATE OF NEXT MEETING**

The next meeting of the Tweedale Area Partnership was noted as 6 February 2024 which was to be online via Microsoft Teams.

*The meeting concluded at 8.30 pm*
