Have Your Say - Placemaking and Community Engagement Sign Up - Closes 24th February 2026

The way we are engaging with our residents is changing - and we want you to have your say. Placemaking is a process of community engagement where the opinions and desires of the community are used to inform the future of the places we live, work and play - and by getting involved and telling us what matters to you, we can make sure the voices of all Scottish Borders residents are heard.

Review of Polling Districts and Polling Places 2023 - Closes 12th February 2024

In line with the requirements of Section 18C of the Representation of the People Act 1983, Scottish Borders Council is undertaking a review of polling districts and polling places for use in parliamentary and local elections.

The aim of the Review is to ensure:

1. all electors in the Scottish Borders have as reasonable facilities for voting as are possible in the circumstances; and
2. so far as is reasonable and possible every polling place which the Council is responsible for is accessible to electors who are disabled.

The Council would like to hear from electors on these issues, in particular your comments on the suitability of current polling stations and suggestions for possible alternatives would be appreciated. The Council would also welcome comments from anyone, or group, with expertise in access for persons with any type of disability.

This questionnaire is aimed at parents/carers whose children will access ELC provision in the future and those currently accessing ELC provision. It is also useful for the Council to consult with parents /carers whose children are now at Primary School. If you are responding as a parent/carer who previously accessed ELC provision, please respond to the questions based on your experience.

Scottish Government Current Consultations

Democracy Matters – Closes 28 Feb 2024

Somebody, somewhere is making decisions on your behalf. Democracy Matters conversations have already started to explore whether far more of these decisions could be made by communities themselves. This is a key and connected part of the wider Local Governance Review which is looking across all of Scotland's vital public services to consider how power and resources should be shared between national and local government.

Local Heat and Energy Efficiency Consultation 2024 - Closes 8 March

The Scottish Borders Local Heat and Energy Efficiency Strategy (LHEES) sets out our vision and goals for energy efficiency in all buildings across the Scottish Borders over the next five years, 2024-2029. The draft documents will develop and be subject to change, and we want people to share their views on our proposed vision, outcomes, key actions and energy efficiency issues.

We are interested in finding out the views of anyone living or wishing to live in the Scottish Borders, as well as any group or organisation with an interest in energy efficiency in the Scottish Borders.
