

Peebles Common Good Fund Sub Committee

28th February 2024

Property Update Public

Old Corn Exchange Shop

Due to the proposed change of use of the shop to a hot food takeaway, a public consultation was required. Citizen space was used for the online public consultation and one response was received. This was in support of the proposal. Consultation responses by email or post are open until the end of March. So far, there have been no responses by email or post.

The prospective tenants are continuing to progress matters relating to the planning.

2&3 Tweedgreen garages

The current tenant has served notice and the garages are available to let. It is proposed to advertise them for let at a rent of £500. The doors need painted and permission is requested for a small budget to be approved to complete these works.
