

THEME: ENJOYING GOOD HEALTH AND WELLBEING					
Theme lead: Public Health		Group members: Public Health, Borders Community Action			
Outcomes	Actions	Timeframe	Progress	RAG	
<p>Increased health life expectancy</p> <p>More people enjoying good mental health and well being</p> <p>Increasing the number of well-paid and fair jobs for local people</p>	<p>CPP to commit to addressing health and socio-economic inequalities by:</p> <ul style="list-style-type: none"> • Developing and completion of a template for baselining position for paying due regard to the Fairer Scotland Duty • Developing guidance for promoting good health and wellbeing 	Ongoing	<p>NHS Borders has developed a draft strategy for its role as an anchor strategy and will share learning with this group to support further work within and between members of the CPP.</p> <p>The anchors work is a key component of the Health Inequalities agenda and will support organisations to consider the wider social and health impacts that we collectively have on our staff, communities and the environment.</p>		
	<p>Partners proactively engage in the Health and Wellbeing Area Partnerships/Locality Working Groups to develop local plans in each of the 5 localities and influence the direction of resource.</p>			<p>Work ongoing to develop the local action plans and to consider how best the locality plans are supported with community development initiatives.</p>	
	<p>The Partnership to effect change by advocating for reducing health inequalities aligning to the overarching purpose of the CPP to reduce inequalities.</p>	<p>To publish strategy and establish the delivery group in the spring.</p>		<p>In collaboration with partners, NHS Borders will produce a health inequalities strategy in the spring, which will:</p> <ul style="list-style-type: none"> - Outline the data we have on the impact and outcomes of health inequalities in the Borders; - Highlight what people have told us with 	

			<p>regards to the causes and consequences of health inequalities locally; and</p> <ul style="list-style-type: none"> - Make recommendations for future work to tackle health inequalities in the Scottish Borders. <p>The strategy will build on the clear importance of prevention as outlined in the DPH annual report 2023.</p> <p>It was agreed that the CPP Delivery Group for Theme 3 will have a specific focus on what we can all achieve across the CPP to tackle health inequalities. This group will help us to drive forward interventions that will promote better population health to improve lives and support more sustainable services across the Borders, including in the NHS. We are ambitious as to what can be achieved within the partnership.</p>	
<p>Increased volunteering numbers throughout the Borders which will provide additional support to those in need, and increased levels of wellbeing both for volunteers and those who are being supported</p>	<p>Current volunteering landscape to be considered & opportunities to be promoted and maximised.</p>		<p>NHS Borders Public Health Team and Third Sector Interface lead will meet this month to discuss progress made on this item and a fuller update can be made available as soon as possible thereafter.</p>
